**A Revolutionary Landmark.**  
An old Revolutionary landmark that is fast crumbling away, and which for many years has attracted much attention, is the Unruh House, standing south of Gorgas lane, and near the Wingo-cking creek, Germantown. It was used as a hospital for wounded soldiers after the battle of Germantown. The red brick tiles of the roof, which were imported from Holland, have all disappeared, and the walls are only partially standing. The more modern structure, which was built adjoining about the commencement of this century, is still standing in a good state of preservation, and is at present occupied.—Philadelphia Record.

**The Ancient Manufacture of Copper.**  
The ancient Syrians and Phoenicians are well known to have been active traders in copper, and they manufactured this metal into bronze by melting with tin. Learned antiquaries assure that the Phoenicians actually came to England and to Ireland in search of tin for this purpose, and a few years ago some curious bronze articles were found in several of the old mine workings in Cornwall, which are believed to have been left there by that ancient people at a time when no bronze was either made or used in England.—Chambers' Jour-

**Just 24.**

In just 24 hours J. V. S. relieves constipation and sick headaches. After it gets the system under control an occasional dose prevents return. We refer by permission to W. H. Marshall, Brunswick House, S. F.; Geo. A. Werner, 331 California St., S. F.; Mrs. C. Melvin, 136 Kearny St., S. F., and many others who have found relief from constipation and sick headaches. G. W. Vincent, of a Tribune Court, S. F., writes: "I am 69 years of age and have been troubled with constipation for 25 years. I was recently induced to try Joy's Vegetable Sarsaparilla. I recognized it at once as a herb that the Mexicans used to give us in the early 50's for bowel troubles. (I came to California in 1839), and I knew it would help me and it has. For the first time in years I can sleep well and my system is regular and in splendid condition. The old Mexican herbs in this remedy are a certain cure in constipation and bowel troubles." Ask for

THE DALLES, OREGON.

**A Necessity.**

The consumption of tea largely increases every year in England, Russia, and the principal European tea-drinking countries. But it does not grow in America. And not alone that, but thousands of Europeans who leave Europe ardent lovers of tea, upon arriving in the United States gradually discontinue its use, and finally cease it altogether. This state of things is due to the fact that the Americans think so much of business and so little of their palates that they permit China and Japan to ship them their cheapest and most worthless tea. Between the wealthy classes of China and Japan and the exacting and cultivated tea-drinkers of Europe, the finer tea find a ready market. Is there any wonder, then, that our taste for tea does not appreciate? In view of these facts, is there not an immediate demand for the importation of a brand of tea that is guaranteed to be uncolored, unmanipulated, and of absolute purity? We think there is, and present Beech's Tea. Its purity is guaranteed in every respect. It has, therefore, more inherent strength than the cheap teas you have been drinking, fully one third less being required for an infusion. This you will discover the first time you make it. Likewise, the flavor is delightful, being the natural flavor of an unadulterated article. It is a revelation to tea-drinkers. Sold only in packages bearing this mark:
