A Rubber Insole.

Persons with tender feet will be interested in an insole for boots and shoes. It is made of hollow india rubber, inflated with air or gas under pressure, the external protective covering being canvas, silk or other similar material. Inserted in the shoe it relieves the pressure of the leather against the tender parts of the foot.-Shoe and Leather Facts.

Maggie Among the Greeks.

With the ancient Greeks the magpie was supposed to possess the soul of a gossiping woman, and we all know how unlucky it is to meet an odd number of the species in Ireland.-Irish Times.

In Belgium no person is allowed to vote unless he is a taxpayer to the amount of forty francs a year. This law makes the voters only twenty-two out of every thousand of population.

The Kentish plover, like the stone curlew or thicknee, is being rapidly exterminated in the county from which it derives its name by collectors and so called "naturalists."

After the juice is squeezed from lemons the peels are useful to rub brass with. Dip in common salt, then brush with dry bath brick.

In some countries the leaves of trees are still used for books. In Ceylon the leaves of the tall pot tree are used for that purpose.

Pimples.

The old idea of 40 years ago was that facial eruptions were due to a "blood humor," for which they gave potash. Thus all the old Sarsaparillas contain potash, a most objectionable and drastic mineral, that instead of decreasing, actually creates more eruptions. You have noticed this when taking other Sarsaparillas than Joy's. It is however now known that the stomach, the blood creating power, is the seat of all vitiating or cleansing operations. A stomach clogged by indigestion or constipation, vitiates the blood, result pimples. A clean stomach and healthy digestion purifies it and they disappear. Thus Joy's Vegetable Sarsaparilla is compounded after the modern idea to regulate the bowels and stimulate the digestion. The effect is immediate and most satisfactory. A short testimonial to contrast the action of the potash Sarsaparillas and Joy's modern vegetable preparation. Mrs. C. D. Stuart, of 405 Hayes St., S. F., writes: "I have for years had indigestion, I tried a popular Sarsaparilla but it actually caused more pimples to break out on my face. Hearing that Joy's was a later preparation and acted differently, I tried it and the pimples immediately disappeared."

A Necessity.

The consumption of tea largely increases every year in England, Russia, and the principal European tea-drinking countries. But it does not grow in America. And not alone that, but thousands of Europeans who leave Europe ardent lovers of tea, upon arriving in the United States gradually discontinue its use, and finally, cease it altogether. This state of things is due to the fact that the Americans think so much of business and so little of their palates that they permit China and Japan to ship them their cheapest and most worthless teas. Between the wealthy classes of China and Japan and the exacting and cultivated tea-drinkers of Europe, the finer teas find a ready market. The balance of the crop comes to America. Is there any wonder, then, that our taste for tea does not appreciate?

In view of these facts, is there not an immediate demand for the importation of a brand of tea that is guaranteed to be uncolored, unmanipulated, and of absolute purity? We think there is, and present Beech's Tea. Its purity is guaranteed in every respect. It has, therefore, more inherent strength than the cheap teas you have been drinking, fully one third less being required for an infusion. This you will discover the first time you make it. Likewise, the flavor is delightful, being the natural flavor of an unadulterated article. It is a revelation to tea-drinkers, sold only in packages bearing this mark:

THE DALLES,

Wasco County, Oregon.

The Gate City of the Inland Empire is situated at the head of navigation on the Middle Columbia, and is a thriving, prosperous city.

ITS TERRITORY.

It is the supply city for an extensive and rich agricultural and grazing country, its trade reaching as far south as Summer Lake, a distance of over two hundred miles.

The Largest Wool Market.

The rich grazing country along the eastern slope of the Cascades furnishes pasture for thousands of sheep, the wool from which finds market here.

The Dalles is the largest original wool shipping point in America, about 5,000,000 pounds being shipped last year.

ITS PRODUCTS.

The salmon fisheries are the finest on the Columbia, yielding this year a revenue of thousands of dollars, which will be more than doubled in the near future.

The products of the beautiful Klickitat valley find market here, and the country south and east has this year filled the warehouses, and all available storage places to overflowing with their products.

ITS WEALTH.

It is the richest city of its size on the coast and its money is scattered over and is being used to develop more farming country than is tributary to any other city in Eastern Oregon.

Its situation is unsurpassed. Its climate delightful. Its possibilities incalculable. Its resources unlimited. And on these corner stones she stands.
