A War Time Belic.

A relic of the war between the states is now on the dry dock, receiving such minor repairs and cleaning as may be necessary to commission her for harbor defense. This was the second monitor ever built, and the record of her usefulness and her hard service may be seen in the shot dents of the turrets. These are painted in a color different from that of the surrounding iron in order to emphasize their story, and they serve as a lesson to show that after all, when compared with our days, how innocuous were the boasted shot and shell of the rebellion. Of course it does not make much difference whether a giant is killed by a toothpick or hoisted with a petard. He is dead all the same, and worms will eat him. But we were proud, and with good reason, of those big smooth bores and of their charges in those parlous days.

Then the theory was that for every ten pounds of shot one pound of powder was needed, a 90-pounder being fired with nine pounds of powder; today we have for each pound of powder two pounds of shot, the 10-inch guns of the Miantonomoh, the Nantucket's neighbor, using 350 pounds of powder to drive the 500-pound projectile. The Nantucket has also a sentimental interest, for when the great Ericsson lay in state on her decks in the harbor of New York, she was the immediate representative of what his genius had evoked to save the country in time of peril, for the original Monitor went down one dismal day off our treacherous coast, and left as the second product of her wonderful type the little coast defender which now lies half hidden within the walls of the dry dock.-Harper's Weekly.

The Liverpool elevated railway will be worked by electricity, using motor cars instead of separate locomotives.

CON STIPATION.

Afflicts half the American people yet there is only one preparation of Sarsaparilla that acts on the bowels and reaches this important trouble, and that is Joy's Vegetable Sarsaparilla. It relieves it in 24 hours, and an occasional dose prevents return. Refer by permission to C. E. Elkington, 125 Locust Avenue, San Francisco; J. H. Brown, Petaluma; H. S. Winn, Geary Court, San Francisco, and hundreds of others who have used it in constipation. One letter is a sample of hundreds. Elkington, writes: "I have been for years subject to bilious headaches and constipation. Have been so bad for a year back have had to take a physic every other night or else I would have a headache. After taking one bottle of J. V. P. I am in splendid shape. It has done wonderful things for me. People similarly troubled should try it and be convinced."

Joy's Vegetable Sarsaparilla

Most modern, most effective, largest bottle, same price, \$1.00, 50c or 25c. For Sale by SNIPES & KINERSLY THE DALLES, OREGON.

A Necessity.

The consumption of tea largely increases every year in England, Russia, and the principal European tea-drinking countries. But it does not grow in America. And not alone that, but thousands of Europeans who leave Europe ardent lovers of tea, upon arriving in the United States gradually discontinue its use, and finally, cease it altogether.

This state of things is due to the fact that the Americans think so much of business and so little of their palates that they permit China and Japan to ship them their cheapest and most worthless teas. Between the wealthy classes of China and Japan and the exacting and cultivated tea-drinkers of Europe, the finer teas find a ready market. The balance of the crop comes to America. Is there any wonder, then, that our taste for tea does not appreciate? In view of these facts, is there not an immediate demand for the importation of a brand of tea that is guaranteed to be uncolored, unmanipulated, and of absolute purity? We think there is, and present Beech's Tea. Its purity is guaranteed in every respect. It has, therefore, more inherent strength than the cheap teas you have been drinking, fully one third less being required for an infusion. This you will discover the first time you make it. Likewise, the flavor is delightful, being the natural flavor of an unadulterated article. It is a revelation to tea-drinkers. Sold only in packages bearing this mark:

BEECH'S TEA "Pure As Childhood." 75c per pound. For sale at Leslie Butler's THE DALLES, OREGON.

THE DALLES, Wasco County, Oregon. The Gate City of the Inland Empire is situated at the head of navigation on the Middle Columbia, and is a thriving, prosperous city. ITS TERRITORY. It is the supply city for an extensive and rich agricultural and grazing country, its trade reaching as far south as Summer Lake, a distance of over two hundred miles.

The Largest Wool Market. The rich grazing country along the eastern slope of the Cascades furnishes pasture for thousands of sheep, the wool from which finds market here. The Dalles is the largest original wool shipping point in America, about 5,000,000 pounds being shipped last year.

ITS PRODUCTS. The salmon fisheries are the finest on the Columbia, yielding this year a revenue of thousands of dollars, which will be more than doubled in the near future. The products of the beautiful Klickitat valley find market here, and the country south and east has this year filled the warehouses, and all available storage places to overflowing with their products.

ITS WEALTH. It is the richest city of its size on the coast and its money is scattered over and is being used to develop more farming country than is tributary to any other city in Eastern Oregon. Its situation is unsurpassed. Its climate delightful. Its possibilities incalculable. Its resources unlimited. And on these corner stones she stands.
