Auction Parties.

Auction parties are something of a novelty. On entering the guest is provided with the means to purchase—little bags filled with beans, every bean taking to itself a dollar value. The "lots" are carefully concealed from view, and are being put in boxes and tied up in varicolored tissue paper. It is not safe to trust to bulky appearance, as often the most promising parcel reveals an insignificant result. Some of the purchases are dainty trifles, many absurdities and jokes. Funny catalogues add to the amusement of an auction party, which is really simply another way to bestow "favors."—Her Point of View in New York Times.

Brass in England in Chaucer's Time.

A metal resembling brass, but said to have been superior in quality, was known in England as "maslin" as early as the time of Chaucer, and in the reign of Henry VIII an act of parliament was passed prohibiting the export of brass out of England. Whether the earlier monumental brasses still to be found in our churches were made originally in England is not absolutely certain, the probability, according to some antiquaries, being that they were of French or Belgian workmanship.—Chambers' Journal.

A Snake That Swallowed a Man.

Large specimens of boa constrictors have been known to swallow men whole. The case is related by the traveler Girouner of a criminal in the Philippine islands who hid from justice in a cavern. His father, who alone knew of his hiding place, went sometimes to see him and to take him rice for food. One day he found instead of his son an enormous boa asleep. He killed it and found his son's body in the snake's stomach.—Washington Star.

CON STIPATION.

Afflicts half the American people yet there is only one preparation of Sarsaparilla that acts on the bowels and reaches this important trouble, and that is Joy's Vegetable Sarsaparilla. It relieves it in 24 hours, and an occasional dose prevents return. Write for permission to C. E. Elkington, 125 Locust Avenue, San Francisco; J. H. Brown, Petaluma; H. S. Winn, Geary Court, San Francisco, and hundreds of others who have used it in constipation. One letter is a sample of hundreds. Elkington, writes: "I have been for years subject to bilious headaches and constipation. Have been so bad for a year back have had to take a physic every other night or else I would have a headache. After taking one bottle of J. V. S., I am in splendid shape. It has done wonderful things for me. People similarly troubled should try it and be convinced."

Joy's Vegetable Sarsaparilla

Most modern, most effective, largest bottle. Price, \$1.00, six for \$5.00. For Sale by SNIPES & KINERSLY THE DALLES, OREGON.

A Necessity.

The consumption of tea largely increases every year in England, Russia, and the principal European tea-drinking countries. But it does not grow in America. And not alone that, but thousands of Europeans who leave Europe ardent lovers of tea, upon arriving in the United States gradually discontinue its use, and finally cease it altogether.

This state of things is due to the fact that the Americans think so much of business and so little of their palates that they permit China and Japan to ship them their cheapest and most worthless tea. Between the wealthy classes of China and Japan and the exacting and cultivated tea-drinkers of Europe, the finer tea find a ready market. The balance of the crop comes to America. Is there any wonder, then, that our taste for tea does not appreciate?

In view of these facts, is there not an immediate demand for the importation of a brand of tea that is guaranteed to be uncolored, unmanipulated, and of absolute purity? We think there is, and present Beech's Tea. Its purity is guaranteed in every respect. It has, therefore, more inherent strength than the cheap teas you have been drinking, fully one third less being required for an infusion. This you will discover the first time you make it. Likewise, the flavor is delightful, being the natural flavor of an unadulterated article. It is a revelation to tea-drinkers. Sold only in packages bearing this mark:

THE DALLES, Wasco County, Oregon. The Gate City of the Inland Empire is situated at the head of navigation on the Middle Columbia, and is a thriving, prosperous city. ITS TERRITORY. It is the supply city for an extensive and rich agricultural and grazing country, its trade reaching as far south as Summer Lake, a distance of over two hundred miles. The Largest Wool Market. The rich grazing country along the eastern slope of the Cascades furnishes pasture for thousands of sheep, the wool from which finds market here. The Dalles is the largest original wool shipping point in America, about 5,000,000 pounds being shipped last year. ITS PRODUCTS. The salmon fisheries are the finest on the Columbia, yielding this year a revenue of thousands of dollars, which will be more than doubled in the near future. The products of the beautiful Klickitat valley find market here, and the country south and east has this year filled the warehouses, and all available storage places to overflowing with their products. ITS WEALTH. It is the richest city of its size on the coast and its money is scattered over and is being used to develop more farming country than is tributary to any other city in Eastern Oregon. Its situation is unsurpassed. Its climate delightful. Its possibilities incalculable. Its resources unlimited. And on these corner stones she stands.
