VALEDICTORY.

With this issue my connection with THE CHRONICLE ceases. Sixteen months ago, without an hour's previous experience at newspaper work, I took charge of its columns. Whatever mistakes may have been made during that time must be attributed to the head and not to the heart. It was my intention first, last and all the time, to stand unflinchingly with the people and their interests. But the record is behind me and cannot be altered now. If any good has been accomplished the dearest satisfaction will be the consciousness of having striven to do right. I bespeak for my successor the support so cordially awarded to me. HUGH GOURLAY.

A great many democrats, as well as men of other parties, are inquiring: "who is Adlai E. Stevenson, of Illinois?" He was first assistant postmaster general under Cleveland. He was also a member of congress from Illinois, in the 44th and 46th sessions. He was born in Christian county, Kentucky, October 23, 1835; removed to Bloomington, Ill., in 1852; was educated at the Illinois Wesleyan University, and at Curtin College, Kentucky; is a lawyer by profession; was master in chancery of Woodford county, Illinois, from 1861 to 1865; was state attorney for the 23d judicial district from 1864 to 1868; was appointed by the president a member of the board of visitors to West Point in 1877. He was elected to the 46th congress by the national greenback and democratic parties. He is now the nominee of the democracy, on the ticket of 1892, for vice-president.

The recent cool weather was a little against the woolly aphid in the valley, but recent changes assure a larger clip than usual. A Salem paper says "the lambing season of the woolly aphid is not over yet, and many have put off shearing their apshes, leaving the fleece as a protection to the old ones. This is likely to produce a deleterious effect on the wool, and will tend to make the price lower than usual. One orchardist is looking around for a short-horned variety of the woolly aphid to stock his place with, as the Berkshire variety, which he has been raising, is found too delicate for such seasons as the present. He thinks a larger tone and longer wool will produce better results."

No paper in Eastern Oregon contains as much general news as THE DALLES WEEKLY CHRONICLE. It will, therefore, be the very best channel of information during the pending presidential campaign. To put it within the reach of everybody, the paper will be sent to all new subscribers, till the close of the campaign, for the low price of 50 cents. Send on your subscriptions.

The manufacturers of razor straps have always taken great care to keep secret the nature of the composition used in the manufacture of their special commodity. This material is now declared to be composed of coke, ground to an impalpable powder, made into a paste with fat and perfumed with an ethereal oil.

A great many miners have gone into the Yukon river country this spring, and good finds are expected. The Treadwell mine, on Douglas Island, Alaska, is reported as making regular shipments of bullion amounting to about \$180,000 each month.

The Idaho Free Press has started on its seventh year. It has worked unceasingly for the advancement of Grangeville and Camas Prairie, and much of the development of that rich section is due to its efforts.

The democracy of Colfax are getting ready for a whoop-up. The Commoner has begun the publication of a daily paper. The first issue is a neat, clean and readable journal.

Preparations are well under way for the exposition at Portland this fall, and the affair promises to be a great success.

Notice.
Mr. W. M. Terry, who has been in the drug business at Elkton, Ky., for the past twelve years, says: "Chamberlain's Cough Remedy gives better satisfaction than any other cough medicine I have ever sold." There is good reason for this. No other will cure a cold so quickly; no other is so certain a preventive and cure for croup; no other affords so much relief in cases of whooping cough. TO THE PUBLIC.—It having come to our knowledge that a party in The Dalles in selling lime has made the assertion that he charges more for other brands than the "Oregon" because they are better, thereby implying that the "Oregon" is an inferior article, we desire to state that the "Oregon" is the strongest lime on the market; that it will work more plastic and leave the work when set stronger and firmer than any other lime at present manufactured in either Oregon or Washington. Wm. Butler & Co., Agents at The Dalles for the "Oregon" lime, are instructed to furnish, free of charge, any and all Oregon lime, which does not fully come up to the stipulations above set forth. The object of this notice is solely to defend our goods against the false imputations and statements of any person whatsoever. The Or. Marble and Lime Company, by T. F. OSBORN, General Agt. 5-24dwlm
