LOCAL BRIEVITIES.

If you want the news, You want THE CHRONICLE. If you are not a subscriber, please read this and hand in your name. Choir practice. Court house tonight, 8:30 sharp.

Miss Minnie Michell who has been for some time past in Pendleton, returned yesterday.

Prof. W. L. Gorman, principal of Pendleton public schools, is the guest of Mr. W. C. Allaway, for a few days.

Trouble is still brewing in the Coeur d'Alene. Gov. Willey, of Idaho, has asked President Harrison for troops.

Miss Krehbiel leaves on Monday for Cleveland, O. She has been connected with the Wasco Independent Academy.

People who know how to please the printers are not slow in bringing around strawberries and such, these hungry afternoons, to the Hood River Glacier folk.

The Conductors special excursion train for the Bonneville excursion, will leave Heppner tomorrow at 6 o'clock a. m. It is advertised to leave The Dalles at 8:45 a. m.

Those who wish Dr. Tucker's professional services, will please call at their earliest convenience as he expects to permanently close his business, in this city, on or before July 10th.

B. S. Huntington and family, Mrs. H. S. Wilson, Rev. Mr. Wilson, and others, are in summer camp at Wind River, one of the loveliest spots along the middle Columbia.

Mr. Hugh Gleason will make his first trip to the consolidated city, since the flood, tomorrow. At no time, within thirty years, has sixty days passed over his head before without a visit to the metropolis on business of some kind.

Mr. Hugh Gourlay leaves for San Francisco tomorrow, on important business. He expects to return a week from tomorrow, and will proceed to Goldendale, where he has been engaged to deliver the oration on the 4th of July.

Nearly all the old settlers on the line of the Willamette valley and Cascade mountain military wagon road, have been subpoenaed to appear in the United States district court in Portland, to give testimony in regard to the condition of the road, previous to 1888.

Leo Schanno, son of Emil Schanno, of this city, has returned from attending Mount Angel seminary, bearing with him the senior gold medal for good conduct. The junior gold medal was awarded to Mathew Thorburn jr., of Kingsley. This is a high testimony to the character of Eastern Oregon boys.

Patriotic people on the 4th of July want to see Dalles City decorated in a manner that will attract the attention of every visitor, and show that our citizens appreciate the occasion. It has been suggested that this decoration take upon itself a general character, in a grand commingling of national colors and emblems.

The Steamer Regulator now lands at Hood River within one hundred yards of the depot. The round trip rate of 50 cts. made by the D. P. & A. N. Co. should induce all to avail themselves of the opportunity to make a pleasant trip on Sundays or Thursdays.

The effort to keep cool in summer is often attended with difficulties, and perhaps the greatest success is found when soft drinks of cream soda, the various mineral waters, etc., are used. The Dalles people during the heated term will enjoy especial advantages for reducing individual temperature. Blakeley & Houghton have a magnificent soda and mineral water fountain, which has been put in position, and the firm is now ready to serve the lovers of palatable and cooling beverages.

Hon. F. C. Reed, state fish commissioner for Oregon, while up to Canyon city last week looking after sawdust in streams, was promoted by the News to an official of the general government. The News says Mr. Reed "should have gone over to Silvie and Harney valleys and torn out the dams along the river, so that fish could ascend the stream from the lakes." The office is now no sincere position and to impose such tasks might possibly so burden the commissioner as to break his back.

This is the sort of encouragement the girls of Klickitat received from the local papers, while their beaux are off doing military duty: "Won't a lot of the young ladies feel lonesome while the boys are away at camp. They may come across some nice looking girls on the sound." Lots of interest was taken in the company previous to their departure for camp, but several of the boys had no military clothes so could not accompany the others to the encampment. Lieut. Hodson gave the company some good drills, which the boys greatly appreciated, and if the same interest is maintained on their return. Capt. Billington and the officers will have every reason to be proud of their militia company.

The Oregonian today appears to be under the impression that since the democratic party has positively declared that the government should improve the "great waterways of the republic, so as to secure for the interior of the states easy and cheap transportation to tide-water," and has also pronounced for sufficient appropriations for continuous work, there should be no difficulty encountered by Senator Dolph in inducing the house conferees to consent to ratify the senate amendment for the boat railway at The Dalles. It says: "The house may go ahead now and complete the business, assured that, whatever the individual voter may think, the democratic party as an organization has assumed the responsibility for its work."

Murder in Klickitat County.

Mr. W. L. Lord this forenoon received a dispatch from Goldendale conveying the startling information that the foreman on his ranches, Mr. Wm. Dunn, had been shot and killed by John Green. Mr. Lord left at once for the scene of the tragedy. Mr. Dunn leaves a wife and two children, one aged two years, and one about eight months old. Green is known in The Dalles, where his family once resided.

The trouble which caused the murder grew out of a dispute about a lot of hogs. A good gardener and farmer who well understands everything of the kind. A good head man. Wants a place to work. Apply at this office. 6.25dtf

The ladies and gentlemen who have been invited to take part in the choir for the Fourth of July celebration are requested to meet at the court house this, Saturday evening, at 8:30 o'clock sharp, for choir practice.

Returning Eastward.

During the past few months Dalles city has been the temporary abiding place of numerous people from the eastern states; and now, that the time draws near when they are to leave us for their own homes, many pleasant associations formed during their stay must be broken. In conversation with one of these, who is quite prominently connected on the Atlantic side, he said that he came here expecting to find strangers, but that in no instance has it appeared to him that he has been among strangers since coming. He has become specially interested in the beauty of our surrounding scenery, our waterfalls, mountains, cultivated and wild flowers, the superior quality of our fruit, and above all our incomparably genial climate, our delightful drives, and our hospitable, intelligent and companionable people. Yes, said he, "I know I shall often find my memory glancing back upon pleasant recollections of this visit to The Dalles." THE CHRONICLE ventures to add that the good people of this city will also kindly remember these visitors.

Church Notices.

Rev. G. R. Burdette, of Buffalo, will preach at academy hall Sunday morning. Sunday school will follow the sermon.

Union services in the evening at the Court house, pastor O. D. Taylor preaching the sermon.

The Methodist services for tomorrow will consist in classmeeting at 10 a. m. Preaching at 11 subject "Content for the Faith." Sunday school at 12:20. Sermon at 8 p. m. on "The Character of Samson." On the third of July, the services will consist of a patriotic character.

The Christian church will hold services in the Court house Sunday, at 3 p. m. Preaching by Elder J. W. Jenkins. Subject "The office, mission, and work of the Holy Spirit."

Rev. Mr. Satele will officiate for the last time, in St. Paul's (Episcopal) church tomorrow, as he leaves for the east on Monday, to be absent until fall, when he will continue services as usual.

Carrie Burnham, in a note to the Record, says the Ralston brothers of Montana, who bought 350 or 400 head of stock from Blurock & Peters, crossed their stock on the Arlington ferry and drove them to Wallula Junction to ship over the N. P., as they said the price for shipping from Arlington to Wallula Junction would be nearly one-third as much as from Wallula to Helena, Montana, on the N. P.; and this is the reason why people take stock to different points and other roads for shipment. About stock from the Washington side of the Columbia, Mrs. Burnham says: "Robt. Graham of Bickleton was at the ferry one day last week, and we gave him rates, as he intended to ship three or four carloads of horses; but after consulting the U. P., agent at this place, he said he could do better on the N. P. railroad, and took the horses to Prosser for shipment." So it would seem, from this, that even a ferry boat isn't in it, alongside the "system."

THE PEOPLES' BOATS.

Thankful to Know That They Are Still on Duty.

The Klickitat Leader of the 23d introduced a letter on the subject of the reported withdrawal of The Dalles, Portland and Astoria Navigation Company as follows: "It is with extreme pleasure that we can announce the fact that the peoples' company is still on the war path. The rumor that found so much credence along the river that the company had sold out to the Union Pacific is most emphatically denied by the company, and in answer to a letter sent from this office, the following communication will be read with vast interest:

DEAR SIR,—Your favor of the 16th received, and in reply would say that there is no truth whatever in the report that this company has sold out to the Union Pacific railway, neither have they made any kind of compromise with them. Our tie up is solely on account of circumstances which could not have been avoided by the company this season, as only actual experience could demonstrate the present condition of affairs. We fully trust to resume operations by the 15th proximo and that we will be fully prepared in the future to have our lower boat in such shape that with better landing facilities at the cascades a tie up in any stage of water will be unnecessary. We have kept our boat running semi-weekly between The Dalles and Cascade locks to accommodate the people on the Washington side of the river, and although regretting that we could not give a daily service, we trust this has been appreciated, as it is the best we could do. We would thank you to express our thanks to the people along the river, for their generous patronage, and assure them that the Regulator company have by no means given up the fight.

The Leader adds: "We hope this will satisfy our correspondent, as well as other people, who were afraid they were going to be subject to the exorbitant and exacting freight rates of the Union Pacific railroad. Remember that the peoples' boat is on the river to stay. When the Regulator was tied up something like 1,000 tons of freight was in sight, and the indications pointed to more business than possibly could be managed. The captain of the Dalles City was satisfied that the boat could not safely make the landing at the cascades, and reported accordingly, so the company, rather than take the risk of losing the boat, tied her up. As soon as it is practicable the boats will be running again, and let the farmers of Klickitat this fall see that their wheat is shipped by the peoples' boat, thus giving their support to a company which manfully started to oppose a grinding monopoly."

A rare opportunity for the ladies is now afforded by Mrs. Phillips, who is offering millinery at one third less, as she has decided to retire from the business. See advertisement. 6.18dtf
