A new feature of the labor question cropped out in Corning, when the American flint-glass workers' union were holding a convention in that city on the 21th, and such hostility was shown to it by the citizens that no regular hall could be secured, and a wigwam had to be built for the purpose. Permission to parade was refused the delegates and every means taken to show them that they were not welcome. They were even said to fear that they would be assaulted by the non-union men if they became very demonstrative. This is the kind of treatment which union men have for years been giving to non-union men. Is the worm going to turn at last? Does the non-union man propose to show that he, too, has a right to be regarded as a workingman? The feeling was aroused no doubt because of the strike, which began two years ago and only terminated last spring, put a big black eye on the glass industry of Corning.

It is practically settled now that the Gladstonian majority in the new house will be between 50 and 58. Official party estimates put it at 56, and nothing but wildly improbable gains or losses in the limited number of constituencies still out can much alter this. Assuming that it will be 56, and allowing the Parnellites their apparent maximum of nine, they may be able, by mutiny, to lessen this majority to 38.

The United States steamer Boston, now in San Francisco, has been ordered to Honolulu to relieve the San Francisco. This vessel will return to Mare island navy-yard and have her bottom cleaned. If she was sent to the Columbia river, her bottom would clean itself. And at the same time show there is no necessity for the lake Washington canal appropriation.

The wool clip of Montana will aggregate 12,000,000 to 15,000,000 pounds this year. It is of excellent quality, and is rapidly going into the hands of Eastern buyers at 17 to 19 cents a pound. All kinds of stock are in prime condition. Very large sales of beef and mutton will be made. The recent rains have produced a heavy growth of grass upon the ranges, and insured a magnificent crop.

Cyrus W. Field was a believer in insurance. At the age of 24 years he took out a policy of \$10,000. When 40 years old he took out another for the same amount. By doubled dividends and total premiums paid, his heirs receive the sum of 45,565. It is said at various times during his life Mr. Field increased his insurance until the face value of the policies amounted to \$250,000.

Reports from Sitka say that an appraisement is being made of the value of the British steamer Coquitlam and her cargo of sealskins and supplies, which were seized for alleged violation of the United States laws. Captain Webster intends sending bonds sufficient to cover the appraisement so as to release the Coquitlam.

A member of the Columbus Typographical Union, Ohio, has informed Adjutant-General Peacock of a general movement on the part of labor unions of all kinds to induce such of their members as belonged to the state militia to withdraw from it as soon as possible.

The versatile Denver News is now seeking to throw the election of president into the lower house of congress. The Denver News is owned by Col. Tom Patterson, who at the head of the free-silver cohorts, marched into the Chicago convention and then marched off again.

While digging a well in Wenatchee the other day one of the residents found that which pleased him much more than a plentiful supply of water would have done, in the shape of a vein of coal. It lies at the depth of twenty-five feet and its width has not yet been ascertained.

The world's fair will be closed on Sunday. But the saloons will all be open. Rye grass six feet high is being cut for hay in the vicinity of Rockford.

Oil and water color studies will be sold for less than cost for the next thirty days, to make room for new stock to arrive soon. SNIPES & KISERSLEY, 7,9d6t The Dalles, Or.

Mr. W. M. Terry, who has been in the drug business at Elkton, Ky., for the past twelve years, says: "Chamberlain's Cough Remedy gives better satisfaction than any other cough medicine I have ever sold." There is good reason for this. No other will cure a cold so quickly; no other is so certain a preventive and cure for croup; no other affords so much relief in cases of whooping cough. For sale by Blakeley & Houghton, druggists. d&w
