THE NOTE OF ALARM.

Montreal Sends the Danger Signal to
the Pacific Slope.

DEFECTIVE QUARANTINE USAGES.

Extreme Precautions Necessary Against
Small-Pox and Cholera.

JAPAN AND CHINA ARE DREADED.

Quebec Joins Montreal in a Memorial to
the Government for Rigorous
Measures.

QUEBEC, July 23.—The attention of the Canadian government has frequently been called to the defective system of quarantine regulations both on the Pacific and the Gulf of St. Lawrence and now prominent medical men of Montreal have sounded an alarm against a danger which they declare threatens Canada from Asiatic cholera, on the Pacific as well as the Atlantic coast. The Quebec board of health has also addressed a memorial to the government, demanding that stricter quarantine rules be laid down and enforced. Dr. Lefevre, chairman of the Vancouver board of health, who arrived here today, declared that the danger on the Pacific was very great, and that extreme precautions were necessary against the dissemination of cholera and small-pox by immigrants and passengers from China and Japan. "As yet" the doctor stated, "there have been no cases of cholera in British Columbia. The small-pox outbreak was serious enough, but the danger is all over in Vancouver now. When I left there were only four cases, two of which were safely convalescent, and all of which were carefully quarantined. In Victoria, however it is hard to say how far the disease has spread. There are over twenty cases there, and the necessity for quarantine regulations is still great. It is no more pressing, however, than the need of a permanent quarantine at Vancouver to guard the health of the whole Dominion."

THE NEXT ASSEMBLY.

Accurate List of the Members of Both
Senate and House.

Below is given the first complete and accurate list of the legislature. The secretary of state now has the full returns, and so the exact composition of the next assembly is known. The democrats have gained three in this legislature. They gain four in the house, and lose one in the senate. The republicans have lost nine—two in the house and seven in the senate. The people's party has four—three in the house and one in the senate. There are also two unknown quantities, as far as voting with party is concerned, in Beckley, the dem-pro., of Douglas county; and Woodward, the cit-rep., of Multnomah county. In the house there are 39 republicans, 18 democrats and 3 people's party; total, 60. In the senate it stands 16 republicans, 11 democrats, 1 people's, 1 cit-dem., 1 dem-pro.; total 30. The republicans control a majority of 17 in the house, and two in the senate over all. The names and counties of the senators and representatives are as follows:

GOV. PATTISON GONE.

Strikers Report Solid Lines—Relief
Calls Doubled.

COMPANY CLAIMS TO HAVE HELP

Eviction Notices Served on the Old Em-
ploYees Yet Standing Out:

HIRING MEN EAST AND WEST.

Wages Said to Be Better Than Strikers
Received Before the Trouble
Began.

HOMESTEAD, July 23.—Gov. Pattison left for Harrisburg at noon yesterday. Just before leaving he stated emphatically that no change had been made in the orders to the troops, and none was contemplated. The departure of the governor cuts off the hope of the strikers that he would intervene in their behalf. The strikers report their ranks are still solid, but the line at the relief committee rooms this morning was nearly twice as long as before. The tension between the troops and the strikers grows, and serious results are likely to follow at any time. The Carnegie company began to carry out its expressed intention to put non-union men in the Homestead mills yesterday. The steamers Tide and Little Bill continued to make trips all day. From the number of men coming and going from the offices of the company, it looks as if the claim that the company has all the men necessary to start the mills is true. All the old employes occupying places owned by the company were served with eviction notices this morning. Under their contract with the company they are obliged to deliver possession in ten days.

A St. Louis dispatch says: "Some days ago an advertisement appeared in a local paper for puddlers, heaters and iron-workers to go east. A union iron-worker who applied says the advertiser was an agent of the Carnegie company from Homestead hunting men to take places in the mills there. The wages offered were 15 to 40 cents a day higher than the strikers were receiving at the time of the lockout. J. Ogden Hoffman, agent for the Carnegie Steel company in Philadelphia, employed about thirty steel workers yesterday, and dispatched them to Homestead. The hiring was conducted with great secrecy. The advertisements in the morning papers asked those in search of work to call at an address on Arch street, whence they were sent to the company's office and satisfactorily engaged."

Washington Mineral Exhibit.

Olympian. The minerals of Washington will not by any means present the least remarkable display of the native resources of this wonderful state. There is already a single specimen of gold quartz in the hands of the commission valued at a trifle more than \$15,000.

Signs of the Times.

Pomeroy Ind. It is refreshing to note the avidity with which the old cows begin to devour the bunches of hay which fall from wagons passing along the streets. This shows the time for denuding and breaking down young shade trees has come.
