FOR PRESIDENT, BENJAMIN HARRISON, of Indiana

FOR VICE-PRESIDENT. WHITELAW REID, of New York.

FOR PRESIDENTIAL ELECTORS.

J. F. CAPLES, of Portland.

H. B. MILLER, of Grant's Pass.

G. M. IRWIN, of Union.

D. M. DUNNE, of Portland.

It looks very much as if Oregon's state house would not be ornamented by a dome this year. Work was to have commenced on July 1st, and now the month is nearly gone and nothing has been done, while all the hands have been withdrawn. The contractors placed their order for the steel with Carnegie and the recent riot and strike at Homestead have so delayed that the material has not yet been shipped and cannot now reach here in less than sixty days. This would bring it so near into the rainy season that it would be poor judgment to leave the capitol without a roof at that time, and then it would make of the state house an iron foundry during the session of the legislature in January. It is likely the board of capitol building commissioners will not let the work proceed until next season.

Oregon has 111,770 school children-54,607 females, and 57,163 males. Wasco county has 1,452 males, 1,424 females. Sherman has 406 males, 377 females. Last year the total number of school children in the state was 105,622, as sgainst 111,770 this year, which is an increase of 6148. Multnomah has the greatest number, 18,361, then comes Marion with 8,792, Linn 7,196, Clackamas 6,847, Lane 6,268. Curry has the smallest number, 665. The per capita last year was \$1.45, but as no estimates have been made on the amount of school' funds on hands in the state treasurer's office it cannot be conjectured what the per capita will be until the board meets.

We guess that Jerry Simpson is done for. The democrats out in his congressional district have determined not to enter into any fusion this year. When Jerry's latest speech, advocating riot and murder, gets fairly circulated among the Kansas farmers the dissatisfaction now manifested toward the un-hosed blatherskite will develop into open rebellion. We guess that Jerry days from 7 a. m. to 12 o'clock noon. hosed blatherskite will develop into has had his day.

The Homestead strikers are pretty CHAS. STUBLING. mad but not mad enough to lose sight of the help given them by protection. They testified before the democratic congressional committee that the tariff has raised their wages, and that without the tariff they would have to work for less pay.

The person who dispatches cable news | THE DALLES, to this country from England seems to be laboring under the erroneous impression that Mr. William W. Astor's physical condition is of interest to people in this country. We are quite as solicitous about the spiritual condition of the abkoond of Swat.

Although Cleveland expects to achieve the presidency by means of the west he chooses his captains and lieutenants from the ranks of ex-office holders in the east. May be the west isn't smart enough to notice these little significances. | Court Streets.

President Harrison has issued a proclamation appointing Friday, October 21, 1892, the 400th anniversary of the discovery of America by Columbus, as a general holiday for the people of the United States.

We do not credit the story that Tammany is to be placated with an olive branch. It requires somewhat more branch. It requires somewhat more than a herbivorous diet to satisfy the crayings of a carnivorous stomach.

with every modern convenience. Rates reasonable. A good restaurant attached to the house. Free bus to and from all cravings of a carnivorous stomach.

The national democratic committee met yesterday by the unanimous selection of W. F. Harity, of Pennsylvania, as chairman, and Sisson P. Sheerin, of Indiana, secretary.

We observe that the New York Sun (Tam. Dem.) now alludes to Mr. Cleveland as "a minor consideration" and an "incidental excrescene."

As we understand it, the election of Tem Carter is a tribute to the memory of the late lamented silver bill.

Hotel bills on the Atlantic coast are now said to stand higher than the thermometer.

Grover Cleveland is again taking his En. M. WILLIAMS pen in hand with great frequency.

At the head of all blood-purifiers is Dr. Pierce's Golden Medical Discovery. But it's different from all of them. Whatever is claimed for this, it's guaranteed to do. The money is refunded in every case where it fails to benefit or cure. It's because it is different that it can be sold so. All diseases originating from a torpid liver or impure blood yield to it. It cleanses and purifies the system, freeing it from all manner of bloodpoisons, no matter from what cause they have arisen. For Dyspepsia, Biliousness, Scrofula, Salt-rheum, Tetter, Erysipelas, or any blood-taint or disorder, it is an unequaled remedy. Nothing else can take its
