FOR VICE-PRESIDENT, WHITELEW REID, of New York.

ARISTOCRATIC TYRANNY.

The affair at Homestead has brought prominently into view the aristocratic government of the amalgamated association. A government as despotic, tyrannical and oppressive as was ever exercised by any aristocracy in history. It has been shown that the whole number of men personally interested in the question of wages at the Carnegie works was about 325 out of a total of 3,800. These 325, the high-priced men, whose wages range from seven to twelve dollars a day, form the governing class, the aristocracy of Homestead. They are the rulers of the amalgamated association.

To maintain their income and to show their power, they command that no man shall work but by their orders, and the more than three thousand others, mainly common workmen whose scanty wages are not affected by the scale, obediently submit—and starve. There is perhaps no other trade in which the distinction between the aristocracy and the commons is so strongly marked as it is in the iron mills. In many labor unions the general tendency is to discourage excellence and to keep the skilled workmen down to the standard of the unskilled. But even here there are usually found a few shrewd schemers living upon the wages of the industrious, who assume despotic power, and in a strike it is invariably the few who profit and the many who pay.

The election in Great Britain is now practically settled, and Gladstone is master of the situation. As the English press forecast events in America for a new president, and congress; it may be interesting to note what is likely to follow across the Atlantic. Mr. Gladstone will force the fighting, and Lord Salisbury will wait to be removed from office by a decisive vote in the house of commons. To this duty Mr. Gladstone will first address himself. After that will come the great home-rule fight. Probably the new prime minister will not rest until he has won or until defeat by the house of lords has caused him to turn the liberal batteries upon that body. But the fighting will not be altogether along one line. The liberal programme is not confined to home rule, but includes the questions of one man one vote, registration reform, compulsory rural allotments, the taxation of ground rents, Welsh disestablishments and several other important features. The notion that Mr. Gladstone will be forced to take an appeal to the country at an early date may or may not be well founded. He seemingly will have no occasion to do so unless the Irish contingent shall conclude to render conspicuous service to the tory enemy of internal dissensions. In that event Mr. Gladstone may be compelled to appeal.

The tranquility of our empire on the lakes seems to excite the animosity of the dominion government, and if any reliance can be put in the telegraph reports we may have a little brush over it. The great lakes of North America, Superior, Huron, Ontario, Michigan and Erie, sustain an immense traffic. Lakes Erie and Ontario connect by the Welland canal. On the American side Oswego and Sackett's harbor are the most important points, and on the Canada side are Kingston, Toronto and Hanover. The Soo, meaning the Sault Ste. Marie canal, is 7,000 feet long, 108 feet wide, and 16 feet deep. It was begun in June, 1853, and two years later was navigated from Lake Huron to Lake Superior. The lock has two cells, each 320x70 feet, depth 11.5 feet. How does this work compare with that at the cascades for time? It may be interesting to know, with regard to the nature and importance of the commerce of the United States via the Great Lakes with the rest of the world, beginning at Chicago, that, crossing four of those vast bodies of water, the extent of country traversed from Chicago to the Straits of Belle Isle is about 2,200 miles, or one-half the distance between Chicago and Liverpool by this route.

The Homestead riots have accomplished one great good. They have forever squelched that great big Pennsylvania nothing Pattison, as a presidential possibility. We'll leave it to Col. Charles A. Dana if this isn't so.

Gone—all the painful disorders and chronic weaknesses peculiar to the female sex. They go, with the use of Dr. Pierce's Favorite Prescription. Periodical pains, weak back, bearing-down sensations, nervous prostration, all "female complaints" are cured by it. It is purely vegetable and perfectly harmless—a powerful general, as well as uterine, tonic and nerve, imparting vigor and strength to the whole system. It costs you nothing if it fails to give satisfaction. It's guaranteed to do so, in every case, or the money is refunded. It can be guaranteed—for it does it. No other medicine for women is sold on such terms.

That's the way it makes prove their faith in it. Contains no alcohol to inebriate; no syrup or sugar to derange digestion; a legitimate medicine, not a beverage. Purely vegetable and perfectly harmless in any condition of the system. World's Dispensary Medical Association, Proprietors, No. 663 Main Street, Buffalo, N. Y.
