#### LOCAL BREVITIES.

Cord wood has been added to the stock in trade of Maier & Benton.

Mr. Phil. Brogan, of Antelope, and Mr. John Brookhouse of Dufur, are in the city.

License to wed was issued this morning to J. P. Agidius and Miss Mary Paulsen.

Rev. A. C. Spencer went to Walla Walla today on business connected with the church.

Ira Wells, the first settler of Lane county, died on the 17th at his home in Douglas county.

There are more blackberries growing wild in Wasco county than was ever known before. There are ripening fast.

The Astorian is about to introduce a type-setting machine. Is Bro. Parker preparing to enter the vice-presidency.

Thos. J. Driver, the champion road builder of Oregon is in the city. His monument, the Tygh grade, is now in daily use.

The Regulator will leave her berth at the wharf in this city on Monday, for regular business, about as good as new. She is undergoing a thorough overhauling.

The Pittsburg police are on to the anarchist scheme to assassinate Frick, and a gang in New York, Hoboken, Long Branch, and other places will be arrested today.

People who have heard him, say Dan Lewis is a whole company by himself. His play here is for the benefit of the militia and we bespeak for them all a full house.

V. P. Street and family are in the city today, returning to Tygh from an experimental residence in Orillia, Wash. They are perfectly satisfied with the Tygh, from now on.

Just imagine how cool and nice it is this afternoon up at Cloud Cap Inn. Rev. Curtis, Dr. Hollister, Mr. Steel, et al., deserve their outing, but we miss envy them all the same.

Wood is a bankable article at The Dalles now. At least one would so judge from the cargoes banked in the city since the water began to surrender its claims to all the high margins.

Take an afternoon such as this, when the much despised wind is conspicuous by its absence, the man who kicks at a little sand blowing in his eyes involuntarily wishes the breeze would spring up.

One real estate transfer was filed for record today. Joel C. Johnston et ux., to Clara M. Johnston, for the s.e. 1/4 of section 34, t. 1 n., r. 15 e. Consideration \$1.00.

Newt. Campbell was again in luck last night. Another pair of grouse appeared at the confectionery store and began to warble congratulations. Newt, took in the situation at a glance, and then says he: "See here, put up before you get any ice cream in this establishment." The grouse disappeared through the keyhole.

The Oregonian today says J. M. Huntington is going to contest J. B. Crossen's right to the clerkship in this county. Read THE CHRONICLE, Big Brother; and keep up with the procession.

Mr. and Mrs. Geo. P. Morgan returned from a very pleasant visit to Moscow on Saturday. Mr. Morgan says it is a big country, but a few big corporations and mercantile companies run it with special profit to the few.

THE CHRONICLE force, expressive of appreciation, tender thanks to Mr. James Smith of Mill creek, for a box of fine peach plums from his orchard. He has 5,000 lbs. to dispose of. No part of Oregon can raise better than those he has.

With the exception of a couple of unfortunate d. d.'s presence, the surroundings at the City Recorder's court this morning bore very much the appearance of a place of business in town where the proprietors concluded to quit advertising.

The Genesee News of the 7th received by Messrs. Joles Bros., tells of a terrible cyclone in that portion of Illinois on the 2d. The storms last week were bad enough, but they were gentle zephyrs compared with that of the 2d, which left calamities piled up in its wake.

Justice Schutz met his first writ of review today, and as he has been serving as a justice a long time this speaks well for his judgment. As remarked by one of the county officials, Judge Schutz has been an officer in the German army, and he can stand a review.

Col. A. J. Wall of Eight Mile, went to Portland on business last week, and suddenly turned up missing. His friends think he has been murdered. He had considerable money with him when last seen, having sold some horses which he took down with him.

Dr. F. P. Vandenbergh, the expert chemist from Buffalo, N. Y., who lately visited The Dalles, reached home on the 19th, via San Francisco, visiting many mines en route. He says he will soon make a detailed report of the various minerals found in this vicinity.

The Dalles bar-keepers have organized what they term The Dalles Bar-Keepers Home Mutual Protective Amalgamation Association. They are making arrangements to give a magnificent souvenir excursion and picnic at no distant day, for the benefit of the library fund.

The man who made the cut to illustrate the Cloud Cap Inn stationary ought to receive six months in the pen. The subject is susceptible of the highest styles in art, and while, inferior work of any kind, at any time, is dispensable, in such a case as this it becomes the satefy of disgust.

An account of a wedding should be published while the subject is before the public, to make it interesting. For the same reasons: People of The Dalles should go to work immediately and organize for pushing the cascade locks and canal construction. If The Dalles don't get in and do something—nothing will be done.

Mr. W. F. Wiseman returned from Wenatchee on Saturday. He found a friend here from San Francisco, Mr. Little, waiting for his return to take a trip in southeastern Oregon, and they left last night for Antelope. Mr. Wiseman says Wenatchee is a lively place in a lively region of country, made so by the advent of the Great Northern railway, which crosses the Columbia river at Wenatchee.

Mrs. M. E. Marlin, one of the 1840 pioneers of Oregon, formerly a resident of this city, and Astoria, mother of Mrs. James B. Crossen, left San Francisco on the 20th, for a visit to her childhood home in Kirklind, O., after an absence of fifty-two years. Mrs. Marlin left that place in 1840 for Oregon, by the ox-team route.

L. Samuels, well and favorably known all over Oregon, has been appointed associate manager of the Equitable Assurance society of New York. No better selection could have been made by the company as Mr. Samuels is a thorough business man. The company he represents is the oldest and most reliable in the world and has an established reputation of paying its losses promptly. Mr. Samuels will be pleased to address any one desiring to obtain information relative to this company.

Writing in reference to the waste of fish at the Cascades, Commissioner McDonald said to some one who wrote him on the subject: "I desire to express my earnest disapproval of such wasteful methods of fishing, while regretting my inability to prevent them. Neither the United States fish commission nor the government has jurisdiction over the fisheries of the Columbia, the regulation of these industries is affected by the laws of Oregon and Washington, and neither of these states has legislated against injurious modes of fishing. The subject should be brought to the attention of the legislatures of the states concerned, and action cannot be too prompt if the permanence of the canning industry is to be insured."

Mrs. Lottie Powell, wife of Mr. H. L. Powell, who resides on Pleasant ridge, near Dufur, met with an accident Tuesday by which she was very seriously injured. The horse attached to the cart which she was driving became unmanageable and ran away, throwing her out and injuring her so badly that she had to be brought to The Dalles, fourteen miles distant, on a stretcher. To accomplish this undertaking about twenty kind hearted neighbors volunteered, and the unfortunate lady, with her husband, and the father of her husband, Dr. J. P. Powell, of Gresham, arrived at the Union lodging house in The Dalles Saturday night. The case is a very critical one, indeed, as besides other injuries three bones were broken in the body. It is hoped, however, that she may recover.

Eastern reports from various places show that yesterday was the hot day of '92 so far. In New York City at 2 p. m. the mercury reached 92 degrees, the hottest July 24th on record was in 1885, when the temperature reached 91 degrees. The heat has been great but humidity has been the chief element of discomfort. In Louisville, Ky., there was nearly 100 prostrations, and many will, it is feared, result fatally. A Milan, Tenn. dispatch, says there were six cases of sunstroke in the country. Many cattle are dying. A brisk breeze in Chicago made the discomfort less unbearable. Four deaths by sunstroke and a number of prostrations by heat were reported. In Cincinnati, the thermometer of the weather bureau registered 94 degrees at 1 o'clock p. m. Three deaths from heat are reported. Half a dozen or more cases of prostration occurred.

#### THE FORFEITED LANDS.

Here is the Act as it Passed Congress. Preserve a Copy.

SPECIAL TO THE CHRONICLE.]  
THE DALLES, July 26.—Following is a copy of the act, recently become a law, in reference to purchase of forfeited railroad lands under section three, act of September 29th, 1890.

Be it enacted by the senate and house of representatives of the United States of America in congress assembled: That section three, of an act entitled an act to forfeit certain lands heretofore granted for the purpose of aiding in the construction of railroads, and for other purposes, be, and the same is amended so as to extend the time within which persons actually residing upon lands forfeited by said act shall be permitted to purchase the same in the quantities and upon the terms provided in said section at any time within three years from the passage of said act.

As we understand this, "three years from the passage of said act" will expire on the 29th day of September, A. D. 1892. Sixty days hence.

**Grand Ronde Prospecting.**  
Review. A good deal of prospecting for quartz is being done this summer in the mountains, along Grande Ronde river. It is expected that some important discoveries will be made there this summer.

**The Great Northern.**  
SPOKANE, July 25.—The Great Northern is now ready for passenger traffic. The fact that a large portion of the track east of the city is new will make but little difference in the speed of the trains, for when Mr. Hill's special train came over the road a speed of 45 miles per hour was made over the new track. A large force of men have been kept at work putting the roadbed in the best possible condition and nearly all of it is ballasted.

**Professional Teachers.**  
Capital Journal. The fact that teaching in the public schools is rapidly rising to the dignity of a profession, if it has not already reached that position, is shown by the large number of students who are seeking professional training in our state normal schools. The attendance at Monmouth last year, the largest perhaps in the Northwest, was made up of representatives from almost every county in the state, beside a good aggregate representation from Washington, Idaho, British Columbia and Alaska.

T. A. Van Norden, the expert watch repairer at No. 106 Second street, The Dalles, appears to have a happy knack for holding the confidence of his patrons. The secret, of course, is the usual one—skill in repairing even the most complicated watches. 7-13-1m

A rare opportunity for the ladies is now afforded by Mrs. Phillips, who is offering millinery at one third less, as she has decided to retire from the business. See advertisement. 6.18dlf

**The Ice Wagon.**  
The ice wagon of Cates & Allison is on the streets every morning from 6 to 8 o'clock. Any orders for ice left with Will Vanbibber's express or at the store of Chas. Lauer will be promptly attended to. CATES & ALLISON.

**County Treasurer's Notice.**  
All county warrants registered prior to March 13, 1892, will be paid if presented at my office, corner Third and Washington streets. Interest ceases on and after this date.

The Dalles, July 16, 1892.  
WILLIAM MICHELL,  
7.18df Treasurer Wasco County, Or.

Don't read! Don't think! Don't believe! Now, are you better? You women who think that patent medicines are a humbug, and Dr. Pierce's Favorite Prescription the biggest humbug of the whole (because it's best known of all)—does your lack-of-faith cure come? It is very easy to "don't" in this world. Suspicion always comes more easily than confidence. But doubt—little faith—never made a sick woman well—and the "Favorite Prescription" has cured thousands of delicate, weak women, which makes us think that our "Prescription" is better than your "don't believe." We're both honest. Let us come together. You try Dr. Pierce's Favorite Prescription. If it doesn't do as represented, you get your money again.

Where proof's so easy, can you afford to doubt?

Little but active—are Dr. Pierce's Pleasant Pellets.  
Best Liver Pills made; gentle, yet thorough. They regulate and invigorate the liver, stomach and bowels.

Beginning with Aug. 1st I will give a valuable premium to every person who orders one dozen cabinet pictures. Photos to be as good as the very best. Premium on exhibition after Friday next. Call and see them. Only good for a few days. Hunt, the photographer.

Prof. L. Mitchell, chiropodist, has located in the Chapman block, room 50, where he will skillfully treat corns, callouses, in-growing toe-nails and bunions, without pain or subsequent soreness. Office hours from 9:30 a. m. to 12:30 p. m.; 2 to 5 p. m.; 7 to 8:30 p. m. Charges reasonable.

**Steamer Notice.**  
The steamer Dalles City will leave Portland for Cascade Locks, with Dalles freight at 6 a. m. Saturday, July 30th. The steamer Regulator will leave Dalles daily at 6 a. m., making through connection with "Dalles City" at Cascade Locks on Monday, August 1st. For further information apply to B. F. LAUGHLIN, manager; or W. C. ALLOWAY, agent.

**Two Grand Excursions.**  
Two grand excursions to Europe by the fast and elegant anchor line steamships "Ethiopia" and "Eumessia." The first will leave New York, August 13th, and the second August 20th. This is an opportunity seldom offered to parties desiring to visit the old country. For full particulars and rates, apply to T. A. Hudson, general agent, The Dalles, Or.

**To The Public.**  
I have no hesitancy in recommending Chamberlain's Colic, Cholera and Diarrhea Remedy to the public, as I do to my friends and patrons. I used it myself after other well-known remedies had failed, and it cured me in a few minutes. I recommend it candidly and cheerfully upon it merits, not from a financial stand-point, because I have others in stock on which I make a larger profit, but because Chamberlain's is the best remedy I know of for bowel complaints. There is no doubt about it, it does the work—JAMES FONGY, Druggist, McVeytown, Penn. For sale by Blakeley & Houghton, druggists. d&w
