will appear the following day.

WEDNESDAY - - - JULY 27, 1892

**LOCAL BRIEVITIES.**

The Union Pacific wharf boat is today  
resting on the sands at the steambot  
landing.

Mr. and Mrs. Stacy Shown have re-  
turned, and will make their home in  
this city.

Mrs. Wm. Floyd left for Seattle last  
night to be absent two weeks visiting  
friends on the sound.

The loss of W. A. Phelps store at  
Rufus, which was destroyed by fire on  
Saturday, is quite an inconvenience to  
the public there.

Samples of wheat from several Wamic  
fields, collected and left at this office by  
L. L. McCarty, are very flattering in-  
deed, considering the exaggerated stories  
in circulation concerning the de-  
struction; which don't materialize.

The Oregon Portage railway company's  
wharf boat, used at the foot of the cas-  
cade locks, is now in place for business.  
Through traffic and travel by The Dalles,  
Portland and Astoria Navigation com-  
pany's steamers will begin next Monday.

Harvesting of winter wheat and oats  
is in full blast through the Columbia  
river valley. Wheat is turning out from  
70 to 85 of the average except in a few  
localities. While the farmers are not  
enthusiastic over their crops, the ma-  
jority of them are not despondent.

Calmness was becalmed today at and  
about The Dalles. Old Sol took advan-  
tage of the occasion to warm up things,  
and the "is it hot enough for you?" fiend  
spouted in ghoulish glee. In view of the  
past nobody has any kick coming on the  
weather side. It is very fine and might  
be a great deal warmer.

Union Pacific officials have about con-  
cluded to abandon the hope of any pro-  
fit from running the Baker, and it is  
now possible "she may not turn a wheel  
this summer," except in some such emer-  
gency as the loss of railway bridges by  
sparks from the new fangled locomotives,  
or other accidents along the line down  
the river.

The Teacher's normal county insti-  
tute for Wasco will be held in the brick  
schoolhouse, Dalles City, beginning  
August 22d at 1:30 p. m., and continue  
in session two weeks. Able instructors  
will be secured, and no effort spared by  
Supt. Shelley to make it a grand success.  
Teachers please remember the time and  
bring your text books with you.

One of the sights from Cloud Cap Inn  
is the egg-shaped Chitwood lake. It is  
not far from Lost lake, one of the sources  
of Hood river. The late S. G. Skidmore,  
and Capt. A. P. Ankeny, made a trip to  
these lakes, some time in the sixties,  
and it was Capt. Ankeny's idea to pipe  
the water to Portland. Chitwood lake  
has no visible outlet. There is a cliff on  
one side, though the other is open, and  
100 feet from the bank is marshy. No  
boat has ever been on the lake, and its  
depth has never been sounded, though  
it is believed to be very deep as it has  
no doubt been the crater of a volcano  
similar to Crater lake.

T. J. Driver and Mr. Steele's family  
were passengers out on the Dufur stage  
today.

Geo. McKinney's band of whistlers  
were in The Dalles last evening. Today  
they are again widely separated. It is  
only once in a while that they can be  
rounded up at The Dalles, but when  
they come they make music in the air.

Mr. C. A. Franks, who has been in  
business at Arlington, is about to change  
his location. THE CHRONICLE, he says,  
will be greatly missed when he leaves  
Arlington. We quote: "It is now, in  
my estimation, the best paper published  
in Eastern Oregon, and it deserves a  
large circulation." We try to merit  
such approbation from all sources, and  
intend that THE CHRONICLE shall al-  
ways lead, until it becomes the chief  
factor in the development of this won-  
derful Inland Empire. Only \$1.50 per  
annum, weekly.

**The McCoy Ditch.**

Fossil Journal. As the work of sur-  
veying the McCoy ditch is in progress,  
it seems appropriate to give some facts  
in connection with the project as found  
in the location notice filed with the  
clerk of Crook county on the 27th of  
of April last. The enterprise is the con-  
ception of the Oregon Land, Irrigation,  
Lumber and Fuel Co., with principal  
office in Portland, and incorporated un-  
der the act filed with the secretary of  
state on February 18, 1891, providing for  
the appropriation of water from the  
lakes and running streams of Oregon for  
irrigation. The act will make the pro-  
posed ditch when completed real prop-  
erty in Crook county. The point of di-  
version will be at or near the upper  
rapids on DesChutes river and its general  
course will be northerly and as far  
as possible in a northwesterly direc-  
tion, traversing the arid lands on the  
east side.

From the headgate will extend a  
system of ditch or flume, or sections of  
each, of the following dimensions:  
Flume, fifty feet wide, and ten feet  
deep; ditches at bottom 150 feet, at the  
top 160 feet. The capacity will be suf-  
ficient for 200,000 inches of water,  
miner's measurement, under a six inch  
pressure. Six reservoirs are to be con-  
structed in connection with the ditch,  
and provision is made for enlargement  
of reservoirs as business will justify. It  
is to be known as the McCoy irrigation  
ditch, of which H. McCoy is president  
and G. W. McCoy secretary. Although  
the survey is now in progress, it is im-  
possible to learn when or on what scale  
the work of construction will be en-  
gaged. It has been said that the ditch  
will, when completed, render service to  
the Haystack and Agency plains country,  
northwest from Prineville.

**Current Topics.**

The stallion Palo Alto, who held the  
stallion trotting record, died at Senator  
Stanford's farm Saturday afternoon of  
pneumonia.

Now that the McGarrhan claim has  
passed both branches of congress in one  
session after waiting thirty-four years,  
it is evident that justice, albeit a trifle  
tardy, is open to this great free country.

The reports of the San Francisco  
Board of Health, and of the Tacoma,  
Seattle and Spokane Boards of Health,  
are unusual tributes to be paid even to  
an article of so high a character as the  
Royal Baking Powder. These boards  
say, in their judgment "it is impossible  
to make a purer or stronger baking  
powder than the Royal."

**Dalles Business.**

Merchants, and business men gener-  
ally, in The Dalles, inform us that  
during July and August they expect dull  
times; that while business seems in-  
active because the farmers are too busy to  
visit the city, trade keeps up about the  
same, and mail orders increase. The  
wool business is about closed for the  
season, and wheat will soon be on. Vegeta-  
bles of all kinds are plentiful and values  
are a shade stronger. Cantaloupes and  
watermelons are arriving from Califor-  
nia, per steamers principally. In dairy  
produce there is a firmer tone to the  
market for choice fresh butter, and deal-  
ers are asking steady prices for a strictly  
first-class article. The demand for sum-  
mer fruits is steadily maintained, and  
the moderate receipts tend to sustain  
values. There is considerable specula-  
tion among dealers as to actual condi-  
tion of the apricot and peach crop, owing  
to the fact that the driers and packers  
are offering unusually high rates for the  
green products. Berries are in moderate  
demand and prices are fairly steady.

**Poor Fire Apparatus.**

How often it occurs, when things are  
going along smoothly, that some particu-  
lar necessity for the common good is  
neglected, and a fire, or a flood it may  
be, comes along and destroys hundreds  
and sometimes thousands of dollars  
worth of property, besides oftentimes  
sacrificing lives. In Portland recently  
an entire block of buildings was de-  
stroyed, in the very heart of the city, which  
it is said might have been avoided with  
a little better management. In Walla  
Walla, last Saturday, the Stine house,  
the French restaurant, and Meyers cigar  
factory, were destroyed because of a de-  
fective steam fire engine. The engineer  
was suspended, but if the statement of  
Chief Engineer Blalock is true the en-  
gineer of the engine should be reinstated  
and the councilmen hauled over the coals  
neglect of duty. Chief Blalock says: for  
"I was within a half block of the engine  
house when the first cry of fire was  
given and I ran to the engine, when I  
found the gauge on the boiler marked  
twenty pounds of steam. When the  
engine arrived at Fourth street and  
was set the gauge showed ten pounds of  
steam. Engineer Thornton opened the  
throttle to give the fire a draught when  
the steam dropped down to nothing.  
The flames of the engine were leaking  
very badly and it was almost impossible  
for the stoker to keep the fire going.  
This goes to show that it was not the  
fault of the department's paid officers,  
but of the engine and proves what I  
have been contending with the council  
for, that the city needs more and better  
apparatus. I make this statement in  
justice to the paid members of the fire  
department who naturally will be the  
recipients of considerable censure from  
the public."

**The Clover State.**

Ella Higginson. During my clover  
campaign I have already heard of four  
different gentlemen in four different por-  
tions of the state, each of whom "sowed  
the first tame clover seed in Washing-  
ton." But God sowed fourteen different  
wild species a long time ago.

**Due in Grant County.**

News. As the summer speeds along,  
and the number of hunters in the  
mountains increases, the man who  
thought another was a deer and killed  
him, may be expected to turn up any  
day.

**Tillamook Rock Light.**

A few days ago head keeper R. Peter-  
son, of the Tillamook rock light-house,  
set his foot on the main land at Astoria,  
after a protracted exile of nine months  
on the lonely sea-girt rock. Peterson  
for five years has performed the duties  
of light-keeper with only three persons,  
two assistants and a cook; for company,  
and a patch of sterile rock 75 feet square,  
surrounded by the bounding main, as  
his dominion. Of all the light stations  
on the United States coast, Tillamook  
rock is probably the most lonesome.  
The rock is 88 feet in height from the  
water and the tower rises 48 feet, mak-  
ing the total height 136 feet from the  
ocean to the focal plane of the light.  
The lamp is an immense circular five-  
wick, and is revolved by machinery; a  
system of blank lenses making it a flash  
light.

**A Promising Recruit.**

Tacoma News. Colonel Will D. Jen-  
kins, ex-republican office holder, has  
joined the people's party. If he is as  
successful in counting votes for the  
Weaver party as he was in taking the  
Seattle census in 1890 Weaver will have  
more votes in this state than there are  
men, women and children.

**Washington in Clover.**

Bellingham Bay Express. Clover and  
rhododendron are now the only candi-  
dates for state flower. The sweet,  
modest clover still leads. The rho-  
dodendron is recognized as pretty, but all  
style and buncombe. When it fades  
and withers there is nothing to it. Not  
so with the clover, it is good at any  
stage of the game.

**An Important Fruit Meeting.**

The Oregon Pomological society meets  
the last Saturday in each month in The  
Dalles city hall, at 1 o'clock p. m. At  
the next meeting, July 30th, it is ex-  
pected the district inspector, Mr. Heald,  
will be in attendance. Also a represen-  
tative of the fruit department of the  
Portland exposition. All fruit growers  
as well as others interested are requested  
to be present. 4d11w

The senate has confirmed the nomi-  
nation of George Shiras, jr., as associate  
justice of the supreme court.

T. A. Van Norden, the expert watch  
repairer at No. 106 Second street, The  
Dalles, appears to have a happy knack  
for holding the confidence of his patrons.  
The secret, of course, is the usual one—  
skill in repairing even the most com-  
plicated watches. 7-13-1m

A rare opportunity for the ladies is  
now afforded by Mrs. Phillips, who is of-  
fering millinery at one third less, as she  
has decided to retire from the business.  
See advertisement. 6.18d1f

**The Ice Wagon.**

The ice wagon of Cates & Allison is on  
the streets every morning from 6 to 8  
o'clock. Any orders for ice left with  
Will Vanbibber's express or at the store  
of Chas. Lauer will be promptly at-  
tended to. CATES & ALLISON.

**County Treasurer's Notice.**

All county warrants registered prior  
to March 13, 1892, will be paid if pre-  
sented at my office, corner Third and  
Washington streets. Interest ceases on  
and after this date.  
The Dalles, July 16, 1892.  
WILLIAM MICHELL,  
7.18t Treasurer Wasco County, Or.

**To Let.**

A nicely furnished bedroom, with or  
without board, apply at this office.  
7.14d1m

Don't read! Don't think! Don't be-  
lieve! Now, are you better? You  
women who think that patent medicines  
are a humbug, and Dr. Pierce's Favorite  
Prescription the biggest humbug of the  
whole (because it's best known of all)—  
does your lack-of-faith cure come?  
It is very easy to "don't" in this  
world. Suspicion always comes more  
easily than confidence. But doubt—  
little faith—never made a sick woman  
well—and the "Favorite Prescription"  
has cured thousands of delicate, weak  
women, which makes us think that our  
"Prescription" is better than your  
"don't believe." We're both honest.  
Let us come together. You try Dr.  
Pierce's Favorite Prescription. If it  
doesn't do as represented, you get your  
money again.  
Where proof's so easy, can you afford  
to doubt?

Little but active—are Dr. Pierce's  
Pleasant Pellets.  
Best Liver Pills made; gentle, yet  
thorough. They regulate and invigorate  
the liver, stomach and bowels.

Beginning with Aug. 1st I will give a  
valuable premium to every person who  
orders one dozen cabinet pictures.  
Photos to be as good as the very best.  
Premium on exhibition after Friday  
next. Call and see them. Only good  
for a few days. Hunt, the photographer.

Prof. L. Mitchell, chiropodist, has  
located in the Chapman block, room 50,  
where he will skillfully treat corns,  
callouses, in-growing toe-nails and bun-  
ions, without pain or subsequent sore-  
ness. Office hours from 9:30 a. m. to  
12:30 p. m.; 2 to 5 p. m.; 7 to 8:30 p.  
m. Charges reasonable.

**Steamer Notice.**

The steamer Dalles City will leave  
Portland for Cascade Locks, with Dalles  
freight at 6 a. m. Saturday, July 30th.  
The steamer Regulator will leave  
Dalles daily at 6 a. m., making through  
connection with "Dalles City" at Cas-  
cade Locks, on Monday, August 1st.  
For further information apply to B. F.  
LACCHLIN, manager; or W. C. ALLOWAY,  
agent.

**Two Grand Excursions.**

Two grand excursions to Europe by  
the fast and elegant anchor line steam-  
ships "Ethiopia" and "Fumessia." The  
first will leave New York, August 18th,  
and the second August 20th. This is an  
opportunity seldom offered to parties de-  
siring to visit the old country. For  
full particulars and rates, apply to T. A.  
Hudson, general agent, The Dalles, Or.

**To The Public.**

I have no hesitancy in recommending  
Chamberlain's Colic, Cholera and  
Diarrhoea Remedy to the public, as I do  
to my friends and patrons. I used it  
myself after other well-known remedies  
had failed, and it cured me in a few  
minutes. I recommend it candidly and  
cheerfully upon its merits, not from a  
financial standpoint, because I have  
others in stock on which I make a larger  
profit, but because Chamberlain's is the  
best remedy I know of for bowel com-  
plaints. There is no doubt about it, it  
does the work—JAMES FORGY, Druggist,  
McVegetown, Penn. For sale by  
Blakeley & Houghton, druggists. d&w

**NOTICE.**

City taxes for 1892 are now due and  
payable within sixty days, at the office  
of the undersigned.  
L. RORDEN, City Treasurer.  
DALLES CITY, July 6th, 1892.
