To be found in the City.

Imitations of the Biffel Towe

The great success of the Eiffel tower, both financially and otherwise, has led to a host of imitators. The Watkin tower, 1,200 feet high, is being designed by Sir Benjamin Baker, and it is to be erected at Wembley park, near Willesden, the foundation being nearly completed. The cost is estimated at £200,000, of which £70,000 has been subscribed privately. The Blackpool tower has been designed by Messrs. Maxwell & Tuke, and the contract has been let to Messrs, Heenau & Froude for £40,500, the total weight of the structure being 1,500 tons. It will

be between 400 feet and 500 feet high. The Isle of Man tower at Douglas is now well advanced and does not improve in appearance as the work proceeds. The Brighton tower has not yet been started, and the plans are not definitely decided. The Columbian tower at Chicago, designed by Mr. G. S. Morison, is to be 1,120 feet high from the bottom of the foundation to the top of the flagstaff. It has a profile very similar to the Eiffel tower, but the construc-tion is entirely different. The total weight of the structure alone is 7,000 tons; of the floors and staircases, 2,000 tons; live load, 2,000 tons, making a to-tal of 11,000 tons.—London Industries.

The Gueste Were Under the Table. Sothern gave a dinner to Florence at a London club and invited him for half an hour later than any of the other guests. He said to his guests, who were eminent men in literature and politics and in the nobility: "When Florence comes suppose you all get under the table? He'll think his lateness has caused you to leave." So when Florence, was announced all except Sothern got under the table, and the tablecloth hid them from sight. As Florence entere he saw Sothern alone and said:

"Has nobody come yet?"
"Oh, yes," said Sothern in a lond oice. "They've all come. And as soon as you were announced they hid under the table, though why the deuce they did it I can't imagine."

One by one the guests crawled out, looking red and ashamed.—New York

times out of ten caused by some form of constipation or indiges tion that clogs up the system, when the blood naturally becomes imprognated with the effete matter. Theold Sarsaparillas attempt to reach this condition by attacking the blood with the

drastic mineral "potash." The potash theory is old and obsolete. Joy's Vegetable Sarsaparilla is modern. It goes to the scat of the trouble. It arouses the liver, kidneys and bowels to healthful action, and invigorates the circulation, and the impurities are quickly carried off through the natural channels

Try it and note its delightful action. Chas. Lee, at Beamish's Third and Market Streets, S. F., writes: "I took it for vitiated blood and while on the first bottie became convinced of its merits, for I could feel it was working a change. It cleaused, purifled and braced me up generally,

and everything is now working full and regula : Vegetable JOU S sarsaparilla

Daily and Weekly Editions.

THE CHRONICLE was established for the express purpose of faithfully representing The Dalles and the surrounding country, and the satisfying effect of its mission is everywhere apparent. It now leads all other publications in Wasco, Sherman, Gilliam, a large part of Crook, Morrow and Grant counties, as well as Klickitat and other regions north of The Dalles, hence it is the best medium for advertisers in the Inland Empire.

The Daily Chronicle is published every evening in the week (Sundays excepted) at \$6.00 per annum. The WEEKLY CHRONICLE on Fridays of each week at \$1.50 per annum.
