

OFFICIAL PAPER OF DALLES CITY,
AND WASCOCO COUNTY.

National Republican Ticket.

FOR PRESIDENT,
BENJAMIN HARRISON,
of Indiana.

FOR VICE-PRESIDENT,
WHITEHAWK REID,
of New York.

FOR PRESIDENTIAL ELECTORS,
J. F. CAPLES, of Portland.
H. B. MILLER, of Grant's Pass.
G. M. IRWIN, of Union.
D. M. DUNNE, of Portland.

The trial of the Cour d'Alene miners at Boise city, charged with contempt of court in violating the injunction issued last May by Judge Beatty, is attracting general attention. Twenty-five of the prisoners were arraigned yesterday. By order of the court Clerk Richardson read the complaint, charging the prisoners with violating the restraining order issued May 28th, by making an attack on the Frisco, blowing it up with dynamite, firing into the mill with rifles and driving the employees of the Frisco company out of the mill and out of Shoshone county. In answer they set up for the most part that they were not served with injunctions, and did not make any attack on the mill or men employed in it. Some of them set up the plea that they were not citizens of the United States, and hoped by such plea to escape. The answer set up further says that the organization known as the miner's union was not an incorporation duly incorporated under the laws of Idaho, but was merely an association of persons. Each prisoner, as his name was called, rose in his place and pleaded not guilty. Hawley made a motion for the discharge of all the defendants on the ground that in face of the answer it proved them innocent. The motion was overruled, and a large number of eminent legal gentlemen are in attendance. Fremont Wood, United States attorney, is assisted by Hagan, Heyburn and Crosthwaite. The suit will continue for at least ten days.

President Harrison is very anxious for congress to adjourn, as he wishes to be at the bedside of Mrs. Harrison who is an invalid at Loom lake. As the president's arrival has been postponed from day to day, the strain on Mrs. Harrison's nerves has increased until the most serious results are feared from her present exhausted condition. Early in the week the president declared he would have to go to Loom lake whether congress adjourned or not, and notified the speaker that he would be willing to return at any time to a halfway station to meet a messenger with bills requiring his signature. The prospect of an immediate adjournment, which has been daily present, has served to keep the president here until yesterday. In his interview with the speaker yesterday morning, he offered to spend Friday night at the capitol if necessary, in order that business might be dispatched and an early adjournment effected.

There may be spots on the sun, and Mars may be dangerously near the earth, but still we have here in Oregon, day after day, week after week, the finest, most comfortable climate to be found anywhere on the globe. Not too hot or too cold, too wet or too dry; simply just perfect. So sun-spots and planetary movements have no terror to us. Mars will be nearest the earth on the 16th inst., when its distance will be about 36,000,000 miles. The inner satellite of Mars, Phobos, was observed at Dartmouth college observatory last night.

Hon. Wm. McConnell, ex-U. S. senator from Idaho, is talked of for governor of that state. He is not an active candidate but will accept it if the Moscow convention shall see fit to tender it to him; and we suppose he will look over the field to learn, as nearly as possible, how the community would be disposed toward him in case of his name being placed on the ticket. There is quite a general impression that he will be nominated. He would be a strong candidate, and a strong executive officer.

The Walla Walla Union-Journal has made a discovery. "None of the friends of Senator Allen," it says, "believes that any connection exists between the Lake Washington canal and the opening of the Columbia river." We should say not. The two are entirely incompatible.

Edward Bellamy regards the events at Homestead as a movement towards nationalism, and Johann Most regards them as a step towards anarchy. Other people have looked into a mirror before now and thought they were looking out of a window instead.

Columbus discovered America, but it is accident from the dispute going on over the burial place of Christopher that America is unable to discover Columbus.

An unusual offer—the one that's made by the proprietors of Dr. Sage's Catarrh Remedy. Unusual, but made in good faith. It's a reward of \$500 for an incurable case of Catarrh. If you have one, the money's for you. But you can't know whether you have one, till you've tried Dr. Sage's Remedy. What's incurable by any other means, yields to that. By its mild, soothing, cleansing and healing properties, it cures the worst cases, no matter of how long standing. That's the reason the money can be offered. There's a risk about it, to be sure. But it's so small that the proprietors are willing to take it. The symptoms of catarrh are, headache, obstruction of nose, discharges falling into throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody, putrid and offensive; eyes weak, ringing in ears, deafness; offensive breath; smell and taste impaired, and general debility. Only a few of these symptoms likely to be present at once.
