

National Republican Ticket.

FOR PRESIDENT, BENJAMIN HARRISON, of Indiana.

FOR VICE-PRESIDENT, WHITELAW REID, of New York.

FOR PRESIDENTIAL ELECTORS, J. F. CAPLES, of Portland. H. B. MILLER, of Grant's Pass. G. M. IRWIN, of Union. D. M. DUNNE, of Portland.

Portland has let the contract for building her new city hall to Gould & Gladden, of Omaha, for \$361,370, to which to get the actual proposed cost about \$100,000 will have to be added for extras. The stone to be used in the building will be shipped all the way from Wyoming, wherewith people interested in quarries situated in territory tributary to Portland are justly displeased. Portland expects the trade of her own state and gets a portion of the trade of interior Washington, yet she must ship the stone for her magnificent new city building from Wyoming, while the home quarries remain undeveloped. Such, says the Ashland Tidings, is the reward we get for paying our bills to the Portland merchants on the first of every month promptly.

The only social club of which Mr. Blaine is a member is the Kebo Valley club of Mount Desert, which recently elected the ex-secretary of state to honorary membership. In discussing his election with some friends at Bar Harbor, Mr. Blaine said: "In all my twelve years of Washington life I never joined a club or had any desire to do so."

The residence in Paris, of Baron Alphonse de Rothschild, formerly the palace of Prince Talleyrand, is the finest private house in the gay capital, and is filled with a unique and costly collection of art treasures. Most of them are exhibited in such a manner that by the touching of a spring they disappear into iron safes concealed in the walls. Similarly the valuable pictures turn on a pivot and disappear from view. It is said that these extraordinary precautions for safety were devised by the baron after the insurrection of the commune in 1871.

Coming home again, is the old steamer Hassalo, which has been over to Puget sound these many years. That she is not superannuated is owing, perhaps to the fact that she was constructed out of Oregon timber, by Dalles mechanics, before so many tricks in trade were known as now. She will be used between Astoria and Portland in the towing and freighting business. On her arrival the S. G. Reed will go into the yard for an overhauling. The Reed will be given a new hull and put in first-class shape for the full service, making six river boats that the Union Pacific can operate.

A couple of ranchers living near Reedley, California, last night saw a man in a cart drawn by a brown horse at a point a mile east and north of Dinuba. Two men on horseback joined him. They were heavily armed. The man in the cart was very lame in the left leg. He was light complexioned, about five feet ten or six feet in height. He said: "My horse is near played out." The three men remained together near the railroad until after dark. The informants could not tell which way the three men went. They are thought to be the train robbers.

All the Pittsburg attorneys engaged in prosecuting the Homestead riot cases have within a week received several letters of a threatening character, but they have little, if any, fear of a threat coming from a man who is afraid to sign his name. In this connection it may be said the other officials of the Carnegie company are still receiving letters threatening their lives.

A Mountain Home Dispatch says there is great excitement over the discovery of fabulously rich gold-bearing quartz ledges in Dixie district, Idaho, twenty-two miles up the Rocky bar road. On one mine a shaft has been sunk fifty feet, and has a large vein exposed which gives an average of fifty-eight ounces of gold to the ton. Other and smaller veins give much higher returns.

Many rumors are flying around to indicate that Jim Hill is still working to secure complete control of the franchise and rights of way, as well as to filch the Union of all the work so far accomplished on the Portland-Sound extension.

Editor Dana is going abroad to stay till after election. Now who dares insinuate that Editor Dana is not doing the best he can for the ticket?

Checked—the frightful inroads of Scrofula and all blood-taints. Dr. Pierce's Golden Medical Discovery purifies and enriches the blood, cleanses the system of all impurities, and restores health and strength. It cures all diseases arising from impure blood. Consumption is one of them. It's simply lung-scorfula. In all its earlier stages, the "Discovery" effects a cure. It's easy to see why. The medicine that masters scrofula in one part, is the best remedy for it in another. It is the best. It's warranted. It's the only blood and lung remedy that's guaranteed to benefit or cure, or the money will be refunded. No other medicine of its class does it. How many would be left if they did?

It's the cheapest blood-purifier, sold through druggists, (no matter how many doses are offered for a dollar,) because you only pay for the good you get. Your money is returned if it doesn't benefit or cure you. Can you ask more?
