#### LOCAL BREVITIES.

Isaac Jones has returned from his trip to the mines.

Dr. and Mrs. Eshelman arrived in The Dalles last night.

Blakeley & Houghton sells Tanglefoot for 40 cents a box.

P. S. M. Briggs is taking in the scenes of his bachelorhood in Yamhill county this week.

Frederic A. Young returned from Yakima today. He disposed of his band of 2,500 ewes and lambs at fair prices.

Ralph Rowland, Charley Corson and John Weigle left for Corneill creek today, near Mount Hood, to be out about a week.

The county court room is a scene of busy study just now, where a score or more of teachers are undergoing examination.

Senator F. C. Reed, of Astoria, came up today and proceeded to Celilo. He will stop over at the Umatilla house tonight.

Tanglefoot Fly Paper, 40 cents a box, twenty-five double sheets; at Blakeley & Houghton's, 175 Second street.

Queen Victoria lost a subject this forenoon, when Donald McFaddyn appeared before County Clerk Crossen and declared his intention to become a citizen of the United States.

Mr. C. B. Hungerford, of Saginaw, Mich., has been spending a few days delightfully in and about The Dalles. In company with his wife he took his departure for the east today.

A. E. Dunham, of Cleveland, Ohio, has arrived in The Dalles and will become identified with the place hereafter, as general manager of the Columbia river fruit company's farms and business interests in this region.

Fred A. Young speaks in terms of glowing admiration of what is to be seen over in Yakima. He didn't try to keep his eye on Pasco, the exploded boom town, but all over Yakima his eyes feasted upon the fairest scenes of a paradise. It is certainly a great country.

Mr. Jackson, of Klickitat, who left for the east with a lot of horses for sale on the 29th of May, has just returned. The horses were poor sale, and for want of a market they pressed on to Richmond, Ind., where he left them in charge of his partner, Mr. Day, and returned to Klickitat.

Caroline, the dusky maiden who has been indulging in the whisky traffic with the sterner sex of her own race, was returned to the county jail yesterday, on sentence of \$15 fine, by Judge Deady. She will probably stay in about thirty days and then be released, under the provisions of the pauper act.

Rev. A. C. Spencer will preach his farewell sermon in this city next Sunday in the court house, at 8 p. m., to which all are invited. He expects to leave, with his family, for Pennsylvania on next Monday, at 4 p. m., by the Southern Pacific railway, via Portland.

Forty cents buys a box of Tanglefoot at Blakeley & Houghton's.

Some really fine colts are in training at The Dalles track, notably Nehalem, owned by J. O. Mack.

The railroad commission has ordered the Union Pacific to put on another brakeman between Portland and Huntington. They thought the traveling public not sufficiently protected with only one brakeman on the train.

The Oregonian again reminds us today that Paul F. Mohr is getting out the railway iron from the wrecked Abercorn, north of Grays harbor. Over a year ago it was announced that this iron was to be laid down as a portage around the dalles of the Columbia. "What has become of that project?" inquires a reader of THE CHRONICLE. Gone to seed, like similar promises. If anything is done at the dalles, it must be done by the state of Oregon.

A board of engineers has been appointed, in accordance with the terms of the river and harbor act, approved July 13, 1892, upon the obstructions in the Columbia between 3-Mile rapids and Celilo falls. It will meet in San Francisco about October 17th, and will come up here shortly after. The board consists of Col. George H. Mendell, Lieut.-Col. Charles R. Sutter, Lieut.-Col. Wm. R. King and Major Charles J. Allen, all of the corps of United States engineers, and Messrs. Wm. R. Hutton, E. Porter Alexander and Virgil O. Bogue, civil engineers. The people of Eastern Oregon will be much interested in the report they may make.

One of the very best things to do, when a visitor comes to The Dalles, is to show him around. The first impressions of The Dalles and surrounding country is not flattering to the beholder, but we have yet to learn of the first case where the person has gone away from here displeased when the least bit of attention was paid to him. As a writer recently said, the world ought to know more of Oregon so as to prepare to come here. The trouble is they generally go to Puget sound first, spend all their money in a vain effort to make a living there, and then come here, dead broke, to find a country where a living can be made.

B. C. Towne's Portland artist, Mr. Davis, succeeded in getting a series of ten handsome views of the Columbia river fruit company's farms up Mill creek. They show the old orchard, killed out from too much irrigation, and the new plants growing grapes on the very top of the highest hill, without a drop of water, in soil that was covered with brush and stumps last January. The plants were set out in March last. It is the idea of Mr. Linus Hubbard that if you have anything worth seeing—photograph it. From a whaleback steamer to a grape vine; and his idea is working a wonderful benefit to The Dalles. These views of the Mill Creek fruit farmers will have a similar effect no doubt in attracting attention to The Dalles. A photo can never be disputed. It speaks for itself.

#### Funeral Notice.

A special communication of Wasco Lodge No. 15, A. F. & A. M., will be held in Masonic hall on Sunday, Aug. 14th, at 10 o'clock a. m., to conduct the usual ceremonies of the craft over the remains of Past Master Thomas Oleesen, who died in this city August 11th. A full attendance of all members and visiting brethren is earnestly requested. The public funeral services will take place at the hall at 1 o'clock p. m.

#### Columbia River Traffic.

Major Handbury's annual report on the improvement of the Columbia river and bar has been received by the department at Washington. The report contains a very graceful account of the early history of improvement work along the Columbia beginning with 1887, since which time \$649,805.97 has been expended on the proposition. The amount of money now available is \$15,686.88.

For the purpose of enlightening the department upon the question of traffic on the Columbia and Willamette rivers, the report contains the following statement of business done during the fiscal year ending June 30th, 1892:

Passengers, No. 3,225,429	Tons
Grain.....	24,123
Lumber, 185,328,902 feet	59,431

#### Cash Premiums Offered.

With a view of making the finest and largest horticultural display possible this fall, preparatory to ending it east to the worlds fair next year, the management of the exposition has decided to give a cash premium for the county making the finest and largest display of fruits, including canned, dried and green, grown in the county exhibiting; the canned fruit to be put up by individuals growing it. A cash premium will also be given to the county making the next finest and largest display, the same rules to govern as in the above. A cash premium will be given to the county making the most artistic display. The merchants and others in Portland fully realize the importance of the fruit industry, and of having it, if no other, represented at the worlds fair; and to encourage fruit growers to make an unusual effort to collect the very finest specimens possible, they have energetically joined with the exposition, and will offer premiums to the individuals making the best displays of fruit grown by the exhibitor. About \$500 has been subscribed and I think more will come. The county displays will in no way interfere with individual exhibits. A fine display at the exposition this fall will do much towards advertising the fruit products of Oregon, as the management will make special days for visiting Odd Fellows, and others, who can but admire and talk of the Oregon fruit, seen at the exposition. A competent and impartial committee on awards will be appointed and all courtesy possible will be extended by the management. Applications for space should be made at once, for this will be by far the largest display ever made, and it is the desire of those in charge to arrange the whole display in the most artistic manner. A knowledge of about what to expect will aid them greatly. The lowest possible freight rates have been secured for exhibits.

#### Telegraphic Flashes.

The Washington republican convention, is in session at Olympia. Col. Howlett, of Yakima, was chosen temporary chairman yesterday. Spokane is making a strong anti-Allen fight. It is a curiosity in the convention line.

Denver tourists and Knights Templar are having a fine time in Colorado. The Templar drill yesterday was contested between St. Bernards, of Chicago, and California No. 1. A bicycle parade last night was a big success. Today the knights were to be treated to a parade exhibition by the Denver fire department. The routine business of the grand encampment was handled expeditiously.

The reports showed a total membership of 92,791, with cash resources of \$25,325.97. The report of the special committee on the ritual of the Red Cross and Templar orders were unanimously adopted.

#### Aldrich on the Tariff.

WASHINGTON, Aug. 11.—The first copies of Senator Aldrich's speech on the tariff appeared at republican congressional headquarters to-day. The document is considered the strongest review of the tariff question ever written. Republican senators from all over the country are ordering thousands of copies for distribution in their respective states.

#### Fired by a Tramp.

SAN JOSE, Cal., Aug. 11.—The elegant country resident of Mrs. Colombet, on the Monterey road, has been burned. The fire was evidently of an incendiary origin. The man who was refused 25 cents at the San Jose home of the family, was recognized passing by the window a few moments before the fire. The loss of the furniture is \$4,000, and dwelling \$6,000, half covered by insurance.

#### Smallpox in New York.

NEW YORK, Aug. 11.—So many cases of smallpox have appeared here during the past three weeks that the health authorities fear there may be a general outbreak of the disease during the coming fall unless energetic measures are taken. The infected district has been divided into subdistricts, and a sanitary inspector assigned to each of the latter.

#### To The Public.

I have no hesitancy in recommending Chamberlain's Colic, Cholera and Diarrhoea Remedy to the public, as I do to my friends and patrons. I used it myself after other well-known remedies had failed, and it cured me in a few minutes. I recommend it candidly and cheerfully upon its merits, not from a financial stand-point, because I have others in stock on which I make a larger profit, but because Chamberlain's is the best remedy I know of for bowel complaints. There is no doubt about it, it does the work—JAMES FORGY, Druggist, McVeetytown, Penn. For sale by Blakeley & Houghton, druggists. d&w

#### The Old Times are Not In It.

While at our other store at Big Island, Va., last April, I was taken with a very severe attack of diarrhoea. I never had it worse in my life. I tried several old-time remedies, such as Blackberry Wine, Paregoric and Laudanum without getting any relief. My attention was then called to Chamberlain's Colic, Cholera and Diarrhoea Remedy by Mr. R. C. Tinsley who had been handling it there, and in less than five minutes after taking a small dose I was entirely relieved.—O. G. BURFORD, Harris Creek, Amherst Co., Va.
