

The Dalles Daily Chronicle.

OFFICIAL PAPER OF DALLES CITY AND WASCO COUNTY.

National Republican Ticket.

FOR PRESIDENT, BENJAMIN HARRISON, of Indiana.

FOR VICE-PRESIDENT, WHITE LAW REID, of New York.

FOR PRESIDENTIAL ELECTORS, J. F. CAPLES, of Portland. H. B. MILLER, of Grant's Pass. G. M. IRWIN, of Union. D. M. DUNNE, of Portland.

Elmore, Sanborn & Co., of Astoria, who profess to have complete returns of the salmon pack at the Columbia river canneries in Astoria and along the river, on both the Oregon and Washington shores, report as follows: "The season has been remarkable for the scarcity in the Columbia of chinook salmon, the kind on which the celebrity of this river is based. We find, from careful estimates, which will include fish caught up to date, that the twenty-two canneries on the Columbia river have packed 448,000 cases of all grades. The proportion of royal chinook is 248,000 cases, the remaining 200,000 cases being composed of steelheads and bluebacks, which are good fish but of the inferior quality as compared with last year's pack, there is a decrease this season of 100,000 cases of royal chinook. The total pack, however, exceeds that of last year by 48,000 cases. This increase is largely due to the larger production in the canneries at the cascades and the dalles, where three-fourths of the pack were steelheads and bluebacks. The season has been stormy. There has been a freshet in the river all summer, owing to the tardy melting of snow in the mountain ranges. The canneries have sold all their best salmon at an advance on last year's prices. Two ships are now loading here with salmon for London and one ship is loading for New York. Advices from Alaska indicate that the pack will be limited to one-half that of last year, as was agreed upon in British Columbia. The pack on the Fraser river is a comparative failure, and the total product of that country will not exceed one-half of last year's pack."

The chief platinum producing district of North America is upon the north fork of the Similkameen river, north of the Okanogan country in British Columbia. A mining expert, writing to the London Iron Age, says: "Placer mining in this district yields both gold and platinum, the latter being found, like the gold, in grains and small nuggets. A notable quantity of platinum has already been obtained from this district. One firm in the United States claims to have purchased, within the last year or two, fully 2,000 ounces of British Columbia platinum, and it is well known that a portion of the yield of this district has found its way to the London market. An increased output may be expected, as the Tulameen hydraulic and improvement company has made preparations to begin hydraulic mining on a large scale with the advent of spring."

The conservative and liberal-unionist newspapers are fomenting the popular excitement on the subject of the Russian advance into the Pamir region, and the bold attempts of the Russians to arouse trouble in Afghanistan. The Tories insist that Russia has been encouraged by the prospect of Mr. Gladstone's return to power to renew her aggressions near the Indian frontier. The St. James Gazette yesterday says that there is every reason to believe attempts will be made by Russia to overstep the Afghan frontier along the whole line, and that it is difficult to exaggerate the gravity of the crisis. A space of less than 100 miles separates the English from the Russian outposts.

Rome advices say that King Humbert will visit the Genoa Columbus Exposition on September 8th. Greece is the only power which has not notified the Italian government that it will be represented at the grand naval demonstration in the harbor. The fact that France is to send a squadron has irritated the friends of the triple alliance, who speak in the press of the pushing spirit of the French government. The Popolo Romano especially has exerted itself to let the French know that they were not wanted at the demonstration, despite the fact that their government had been notified as to date when the king would be present.

Weaver is in Portland, and he declares that "there is no power on earth that can defeat us." His enthusiasm knows no bounds, but he is just one notch behind the Eastern Washington man who declared, after they had put their peoples party ticket in the field recently, that it was now elected by reason of the action of the convention.

Always open—the offer made by the proprietors of Dr. Sage's Catarrh Remedy. It's a reward of \$500 cash for an incurable case of catarrh, no matter how bad, or of how long standing. They'll carry it out, too. It's one thing to make the offer. It's a very different thing to make it good. It couldn't be done, except with an extraordinary medicine. But that's what they have. By its mild, soothing, cleansing and healing properties, Dr. Sage's Remedy cures the worst cases. It doesn't simply palliate for a time, or drive the disease to the lungs. It produces a perfect and permanent cure. Try it and see.

If you can't be cured, you'll be paid. The only question is—are you willing to make the test, if the makers are willing to take the risk?

If so, the rest is easy. You pay your druggist fifty cents and the trial begins. If you're wanting the \$500 you'll get something better—a cure!
