OFFICIAL PAPER OF DALLES CITY, AND WASCOCO COUNTY.

National Republican Ticket.

- FOR PRESIDENT, BENJAMIN HARRISON, of Indiana. FOR VICE-PRESIDENT, WHITELAW REID, of New York. FOR PRESIDENTIAL ELECTORS, J. F. CAPLES, of Portland. H. B. MILLER, of Grant's Pass. G. M. IRWIN, of Union. D. M. DUNNE, of Portland.

AMERICAN FINANCES.

Paying for gold for export, as was done in New York last week with legal tender and treasury notes, is the very best argument that can be produced to show that the democracy, when they presented such a proposition to the country as that of section eight of their national platform, in which is advocated the repeal of the ten per cent. tax on the note issues of state banks, were acting upon the old principle that they usually do the wrong thing. It would place the country back to the banking system of ante-bellum days. The days we still remember so well, when the money of one state would not pass in another. The wild-cat money days of old democracy.

The result of a repeal of the tax on state bank issue, would be to flood the country with a currency embarrassing to business. A feeling of uncertainty and insecurity would follow, which is a blight to active business. The natural instinct verifies the adage. "When you are uncertain what to do, do nothing," and stagnation would ensue. The American people will now never be satisfied with a currency not equally good in all the states. The democrats know this, and their demand to repeal the tax on state issue is but a covert bid for the votes of those persons who have prejudice against national banks. Any legislation tending to provide a circulation based upon securities of a miscellaneous character would undoubtedly seriously disturb the financial interest of the country, which is now the best on the face of the earth. Counterfeit national bank bills are a scarce commodity, while under old systems one would require a counterfeit detector constantly by him, and even with that precaution there would not be safety. It is safe to say not one dollar of counterfeit national currency is circulating now, as against thousands that would appear on a revival of the state bank systems. The variety of devices for plates that would arise under the systems of forty-four states, would afford an inviting field for counterfeiters and adventurers.

No; so long as gold can be purchased for export as was the case last week; the motto should be: "Let well enough alone."

The press of America are taking hold of the high handed atrocities of the anarchist element in the United States, and are vigorously advocating measures whereby incendiary and anarchist journals and speakers shall be silenced. There must be no place in this country for man or press to advocate the overthrow of law and order. This will include the New York World with the Freiheit; the Hattons with the Mobs; it does not require any arbitrary act of congress. The safe course lies in appeals to an intelligent public opinion. In a free constitutional government, with free speech, a free press and a universal ballot, there can be no excuse for a resort to violence for the correction of any grievance.

Years ago, when President Villard took a more active interest in railroad matters, and was less familiarly known to his subordinates, it was his habit to drop in occasionally on some ticket agent in some big town on his line, question him rather extensively about the company's business, and thus pick up some useful hints as to the operation of the road before his identity was discovered. It is said that latterly he takes so much interest in politics that he is seldom seen by any other than the Australian-ballot ticket agent.

Jay Gould's splendid steam yacht, the Atalanta, is on the market. There is a story afloat to the effect that the sinking of Mr. Vanderbilt's yacht has so frightened Mr. Gould that he wishes to dispose of his vessel at the earliest possible moment. When the stocks go down Mr. Gould knows what to do, but yachts are not stocks, so he will unload on yachts as soon as he can find a purchaser.

Some party should propose to have Uncle Sam help Edison work out his inter-stellar telegraph idea. That would make Mars a political issue and give us a campaign worthy of the cultured age in which we live.

Always open—the offer made by the proprietors of Dr. Sage's Catarrh Remedy. It's a reward of \$500 cash for an incurable case of catarrh, no matter how bad, or of how long standing. They'll carry it out, too. It's one thing to make the offer. It's a very different thing to make it good. It couldn't be done, except with an extraordinary medicine. But that's what they have. By its mild, soothing, cleansing and healing properties, Dr. Sage's Remedy cures the worst cases. It doesn't simply palliate for a time, or drive the disease to the lungs. It produces a perfect and permanent cure. Try it and see.

If you can't be cured, you'll be paid. The only question is—are you willing to make the test, if the makers are willing to take the risk? If so, the rest is easy. You pay your druggist fifty cents and the trial begins. If you're wanting the \$500 you'll get something better—a cure!
