Up with the Times.

In an East Ninety-first street flat there lives a West street business man and his family. "It is a queer fancy," he remarked; "it's a funny superstition, but we've all got it; every member of my family feels

the same about it. "It was this way. In the year 1871 we moved to New York. We lived in Seventy-first street. Next year we moved up to Seventy-second street, and in an-

other year we moved still one more street up town.

"This we continued to do for several years. During the time I was prosper-ing wonderfully in my business. Our children were bright and healthy. We got to thinking about our even fortunes one night at Christmas time, and it suddenly occurred to my wife that we were literally keeping pace with the time-that we had lived, since first coming to the city, in the street which corresponded to the year of the century. Well, we come to grow superstitious about it, and kept on moving up one street each year. We are nearly ready now to move to Ninety-second street. If anything should delay us we would not be able to sleep until we had caught up with our cen-tury."-New York World.

The Gutta Percha Tree.

The steamer Cachar, which recently arrived from Tonquin at Marseilles, brought back M. Serullaz, who went out two years ago on a mission from the French minister of posts and telegraphs in search of the Isonandra gutta percha tree in Malaysia. The disappearance of this tree threatened with great embarrassment, if not extinction, the submarine cable manufac-ture, But M. Serullaz has discovered large forests of these trees, and has hit upon practical ways of collecting the gum without destroying the trees, the natives inevitably do. M. Serullaz been allowed to transport several hundreds of the trees from ten to fifteen years old to Algiers, and their cultivation will be attempted also in Guiana. M. Serullaz has left for Algiers with his cargo, which is artificially warmed on board the Cachar.—Philadelphia Led-

Sick-headaches are the outward Indications of derangements of the stomach and bowels. As derangements of the stomach and bowels. As Joy's Vegetable Barsaparilla is the only bowel regulating preparation of Sarsaparilla, it is seen why it is the only appropriate Barsaparilla in sick-headaches. It is not only appropriate; it is an absolute cure. After a course of it an occa-sional dose at intervals will forever after prevent

return. Jno. M. Cox, of 785 Turk Street, San Francisco, writes: "I have been troubled with attacks of sick-headache for the last three years from one to three times a week. Some time ago I bought two bottles of Joy's Vegetable Sarsaparilla and have only had one attack since and that was on the second day after I began using it."

Daily and Weekly Editions. THE CHRONICLE was established for the express purpose of faithfully representing The Dalles and the surrounding country, and the satisfying effect of its mission is everywhere apparent. It now leads all other publications in Wasco, Sherman, Gilliam, a large part of Crook, Morrow and Grant counties, as well as Klickitat and other regions north of The Dalles, hence it is the best medium for advertisers in the Inland Empire.

The Daily Chronicle is published every evening in the week (Sundays excepted) at \$6.00 per annum. The WEEKLY CHRONICLE on Fridays of each week at \$1.50 per annum.

The Gate City of the Inland Empire is situated at the head

of navigation on the Middle Columbia, and is a thriving, pros ITS TERRITORY. It is the supply city for an extensive and rich agricultural

and grazing country, its trade reaching as far south as Summer Lake, a distance of over two hundred miles. The Largest Wool Market.

The rich grazing country along the eastern slope of the Cascades furnishes pasture for thousands of sheep, the wool from which finds market here.

The Dalles is the largest original wool shipping point in America, about 5,000,000 pounds being shipped last year.

ITS PRODUCTS. The salmon fisheries are the finest on the Columbia, yielding this year a revenue of thousands of dollars, which will be more

than doubled in the near future. The products of the beautiful Klickitat valley find market here, and the country south and east has this year filled the warehouses, and all available storage places to overflowing with their products.

ITS WEALTH. It is the richest city of its size on the coast and its money is scattered over and is being used to develop more farming country than is tributary to any other city in Eastern Oregon.

Its situation is unsurpassed. Its climate delightful. Its possibilities incalculable. Its resources unlimited. And on these

corner stones she stands.
