OREGON'S SHOWING AT CHICAGO NEXT YEAR

Remains in doubt, but there is no question about the PORTLAND INDUSTRIAL EXPOSITION—which opens September 21st and closes October 22d, being the best Exposition ever held on the Pacific Coast. So far as Oregon is concerned it will be the forerunner of the Exposition at Chicago in 1893. The principal attractions are the magnificent American Band of Providence, R. I. An art collection valued at \$350,000, and embracing some of the greatest pictures owned in the United States. Immense Horticultural and Agricultural exhibits, the result of the combined efforts of almost every county in the state. A mineral exhibit exceeding all former years. A Stock Department showing tremendous progress. To these are added a larger number of exhibits than ever before, including a magnificent electrical display under the combined Thomson-Houston and Edison Companies. All manufactures in full operation. Government models of Battle Ships. The wonderful Hall of Mystery. The marvelous "Little World," the product of a mechanical genius; all interspersed by novelties incident to the popular special days. Everything new and nothing dead. Greatly reduced rates on all transportation lines.

YOUR ATTENTION

It is called to the fact that Hugh Glenn, Dealer in Glass, Lime, Plaster, Cement and Building Material of all kinds.

Picture Mouldings

To be found in the City. 72 Washington Street.

A Revolutionary Landmark.

An old Revolutionary landmark that is fast crumbling away, and which for many years has attracted much attention, is the Unruh House, standing south of Gorgas lane, and near the Wingo-hocking creek, Germantown. It was used as a hospital for wounded soldiers after the battle of Germantown. The red brick tiles of the roof, which were imported from Holland, have all disappeared, and the walls are only partially standing. The more modern structure, which was built adjoining about the commencement of this century, is still standing in a good state of preservation, and is at present occupied.—Philadelphia Record.

The Ancient Manufacture of Copper. The ancient Syrians and Phoenicians are well known to have been active traders in copper, and they manufactured this metal into bronze by melting it with tin. Learned antiquaries assure us that the Phoenicians actually came to England and to Ireland in search of tin for this purpose, and a few years ago some curious bronze articles were found in several of the old mine workings in Cornwall, which are believed to have been left there by that ancient people at a time when no bronze was either made or used in England.—Chambers' Journal.

THE DALLES CHRONICLE. Daily and Weekly Editions. THE CHRONICLE was established for the express purpose of faithfully representing The Dalles and the surrounding country, and the satisfying effect of its mission is everywhere apparent. It now leads all other publications in Wasco, Sherman, Gilliam, a large part of Crook, Morrow and Grant counties, as well as Klickitat and other regions north of The Dalles, hence it is the best medium for advertisers in the Inland Empire. THE DAILY CHRONICLE is published every evening in the week (Sundays excepted) at \$6.00 per annum. THE WEEKLY CHRONICLE on Fridays of each week at \$1.50 per annum. For advertising rates, subscriptions, etc., address THE CHRONICLE PUBLISHING CO., The Dalles, Oregon.

THE DALLES, Wasco County, Oregon. The Gate City of the Inland Empire is situated at the head of navigation on the Middle Columbia, and is a thriving, prosperous city. ITS TERRITORY. It is the supply city for an extensive and rich agricultural and grazing country, its trade reaching as far south as Summer Lake, a distance of over two hundred miles. The Largest Wool Market. The rich grazing country along the eastern slope of the Cascades furnishes pasture for thousands of sheep, the wool from which finds market here. The Dalles is the largest original wool shipping point in America, about 5,000,000 pounds being shipped last year. ITS PRODUCTS. The salmon fisheries are the finest on the Columbia, yielding this year a revenue of thousands of dollars, which will be more than doubled in the near future. The products of the beautiful Klickitat valley find market here, and the country south and east has this year filled the warehouses, and all available storage places to overflowing with their products. ITS WEALTH. It is the richest city of its size on the coast and its money is scattered over and is being used to develop more farming country than is tributary to any other city in Eastern Oregon. Its situation is unsurpassed. Its climate delightful. Its possibilities incalculable. Its resources unlimited. And on these corner stones she stands.
