OREGON'S SHOWING AT CHICAGO NEXT YEAR

Remains in doubt, but there is no question about the PORTLAND INDUSTRIAL EXPOSITION—which opens September 21st and closes October 22d, being the best Exposition ever held on the Pacific Coast. So far as Oregon is concerned it will be the forerunner of the Exposition at Chicago in 1893. The principal attractions are the magnificent American Band of Providence, R. I. An art collection valued at \$350,000, and embracing some of the greatest pictures owned in the United States. Immense Horticultural and Agricultural exhibits, the result of the combined efforts of almost every county in the state. A mineral exhibit exceeding all former years. A Stock Department showing tremendous progress. To these are added a larger number of exhibits than ever before; including a magnificent electrical display under the combined Thomson-Houston and Edison Companies. All manufactures in full operation. Government models of Battle-Ships. The wonderful Hall of Mystery. The marvelous "Little World," the product of a mechanical genius; all interspersed by novelties incident to the popular special days. Everything new and nothing dead. Greatly reduced rates on all transportation lines.

The Greatest Building in the World.
 An astonishing feature of the Columbian Exposition will be one of the palaces grouped in the heart of the fair grounds. It is the Manufactures building. It will bear the same relation to this exposition as the Eiffel tower did to that of Paris in 1889, and indeed its possible use as a vantage point from which to see the fair grounds has terminated in the negative discussion for and against the construction in Chicago of a rival to the great tower of Paris. This greatest of all the exposition buildings, and of the buildings of the world, will present to Lake Michigan a facade of such a length as to suggest the wall of a city, yet it is so admirably designed, so light and graceful in its effect upon the vision, that its true extent can only be comprehended when its dimensions are expressed in figures and by comparisons.
 It is one-third of a mile long, and to compass it round about is to walk a mile. The roof of it is 1,088 feet, and the span of the dome, the largest ever attempted, is 288 feet. The roof is 280 feet from the ground, and the building has forty acres of ground floor. Two of the vast machinery halls of the Paris exposition could be wheeled through it, and the Auditorium, the building of which Chicago is most proud, could be pushed under this great roof, tower and all.—Julian Ralph in Harper's.

THE DALLES CHRONICLE.
 Daily and Weekly Editions.
 THE CHRONICLE was established for the express purpose of faithfully representing The Dalles and the surrounding country, and the satisfying effect of its mission is everywhere apparent. It now leads all other publications in Wasco, Sherman, Gilliam, a large part of Crook, Morrow and Grant counties, as well as Klickitat and other regions north of The Dalles, hence it is the best medium for advertisers in the Inland Empire.
 The DAILY CHRONICLE is published every evening in the week (Sundays excepted) at \$6.00 per annum. The WEEKLY CHRONICLE on Fridays of each week at \$1.50 per annum.
 For advertising rates, subscriptions, etc., address
THE CHRONICLE PUBLISHING CO., The Dalles, Oregon.

THE DALLES,
 Wasco County, Oregon,
 The Gate City of the Inland Empire is situated at the head of navigation on the Middle Columbia, and is a thriving, prosperous city.
ITS TERRITORY.
 It is the supply city for an extensive and rich agricultural and grazing country, its trade reaching as far south as Summer Lake, a distance of over two hundred miles.
The Largest Wool Market.
 The rich grazing country along the eastern slope of the Cascades furnishes pasture for thousands of sheep, the wool from which finds market here.
 The Dalles is the largest original wool shipping point in America, about 5,000,000 pounds being shipped last year.
ITS PRODUCTS.
 The salmon fisheries are the finest on the Columbia, yielding this year a revenue of thousands of dollars, which will be more than doubled in the near future.
 The products of the beautiful Klickitat valley find market here, and the country south and east has this year filled the warehouses, and all available storage places to overflowing with their products.
ITS WEALTH.
 It is the richest city of its size on the coast and its money is scattered over and is being used to develop more farming country than is tributary to any other city in Eastern Oregon.
 Its situation is unsurpassed. Its climate delightful. Its possibilities incalculable. Its resources unlimited. And on these corner stones she stands.
