ARE ALL STRIKES FAILURES?

The defeat at Homestead, the disaster at Coal Creek, and the collapse of the strike at Buffalo provoke the inquiry: Are all strikes failures? Do great strikes ever succeed? Workmen have gone out from all sorts of employment, confident, defiant, and loyal to each other, only to fail. Other workmen have been found to take their places upon the terms which the strikers refused to accept. Therefore many assert that strikes, not having accomplished the specific purpose which they set out to accomplish, should have "failure" written up against them.

But this is a very narrow view to take of the subject. Every strike has left its lesson and its impression, some superficial and others deep, upon labor conditions. Strikes have served to mark the limits of oppression by employers and the autocratic demands of employees. They have demonstrated repeatedly to managers of corporations that there is a line in wage slavery beyond which they cannot go. At the same time innumerable failures have taught striking employees that there are demands which cannot be enforced, no matter how strongly they are urged by strikes, boycotts, and the intimidation of non-union men. Organized labor has a library full of experience acquired in striking for more than the labor market would yield to it. Corporate monopolies have lost millions in acquiring the knowledge of just how far they can go in reducing wages or imposing restrictive conditions.

While strikes have perhaps failed as strikes, it cannot be assumed that they have failed as lessons. No statistics can be obtained, nor can any estimate be made as to the number of strikes which have been prevented by the spectacle of strike failures. Dissatisfied employees will learn from Homestead and Buffalo to be moderate in their demands and prudent in the methods employed to enforce them. Employers will likewise learn wisdom from these same experiences. The world in general learns that an honorable, fair and effective method of settling labor difficulties must be found.

The Philadelphia Ledger suggests that inasmuch as this is the centenary year of the canal system of New York, the celebration of the event should be made the opportunity of beginning a monument to Governor De Witt Clinton, to whom more than to any other individual, the state is indebted for the existence of the Erie canal, and whose distinguished public services have not been commemorated, as have the deeds of many less deserving men, by an appropriate monument of stone or bronze, but the celebration is to take a less sentimental and more practical form. The union for the improvement of the canals of the state of New York proposes to celebrate the centennial by holding a big canal convention this fall, at which not only will the past usefulness of the canals be celebrated, but steps will be taken to insure their further improvement, so as to maintain their capacity or continued service to the commerce of the state, for the friends of the canals believe that the present is a critical period in their history.

After five months in the west Mr. Jay Gould has arrived in New York and is reported to be "as brown as a western cowboy." Is that an augury of the color to which the lambs will be done, or are we to expect that his operations will make the atmosphere of Wall street blue?

Mr. Depew is always fortunate enough to be abroad when his railroad is involved in labor troubles. After H. Walter Webb has weathered the storm Chancey comes home smiling and as popular as ever.

Mrs. Potter Palmer is to drive the last nail in the woman's building at the worlds fair with a Nebraska-made hammer. It is understood that two nails will be used and that she will aim at the wrong one.

Lottie Collins, the original "Ta-ra-boom-de-ay" singer, is coming to America next month. Cholera, coming later, therefore, may find this country resigned to any fate.

Turn to the right medicine, if you're a weak or ailing woman. It's Dr. Pierce's Favorite Prescription. If you're overworked or "run-down," it builds you up; if you're afflicted with any of the distressing derangements and disorders peculiar to your sex, it relieves and cures. It improves digestion, invigorates the system, enriches the blood, dispels aches and pains, melancholy and nervousness, produces refreshing sleep, and restores flesh and strength. In the cure of all functional disturbances, weaknesses, and irregularities, it's guaranteed to give satisfaction, or the money is refunded. It does all that's claimed for it, or it couldn't be sold in this way.

It is a legitimate medicine—not a beverage. Contains no alcohol to inebriate; no syrup or sugar to sour or ferment in the stomach and cause distress. As peculiar in its marvelous, remedial results as in its composition.

A Reliable Man. Z. M. J. Griner, a Justice of the Peace at Print, Michigan, says one bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy saved his life. He had been down with bloody flux for three weeks when he commenced using this medicine. It soon cured him, and he believes saved his life. He also says it saved the lives of three railroad men in that vicinity. Squire Griner is a reliable and conscientious man, and whatever he says can be depended upon.
