OREGON'S SHOWING AT CHICAGO NEXT YEAR

Remains in doubt, but there is no question about the PORTLAND INDUSTRIAL EX-POSITION-which opens September 21st and closes October 22d, being the best Exposition ever held on the Pacific Coast So far as Oregon is concerned it will be the forerunner of the Exposition at Chicago in 1893. The principal attractions are the magnificent American Band of Providence, R. I. An art collection valued at \$350,000, and embracing some of the greatest pictures owned in the United States. Immense Horticultural and Agricultural exhibits, the result of the combined efforts of almost every county in the state. A mineral exhibit exceeding all former years. A Stock Department showing tremendous progress. To these are added a larger number of exhibits than ever before; including a · magnificent electrical display under the combined Thomson-Houston and Edison Companies. All manufactures in full operation. Government models of Battle Ships. The wonderful Hall of Mystery. The Steamers from PORTLAND to SAN FRANCISCO marvelous "Little World," the product of a mechanical genius; all interspersed by novelties incident to the popular special days. Everything new and nothing dead. Greatly reduced rates on all transportation lines. -

The Dalles, Oregon.

Wasco County,

Oregon,

The Gate City of the Inland Empire is situated at the head of navigation on the Middle Columbia, and is a thriving, pros-ITS TERRITORY.

It is the supply city for an extensive and rich agricultural and grazing country, its trade reaching as far south as Summer Lake, a distance of over two hundred miles.

The Largest Wool Market. The rich grazing country along the eastern slope of the Cascades furnishes pasture for thousands of sheep, the wool from which finds market here.

The Dalles is the largest original wool shipping point in America, about 5,000,000 pounds being shipped last year.

ITS PRODUCTS. The salmon fisheries are the finest on the Columbia, yielding this year a revenue of thousands of dollars, which will be more

than doubled in the near future. The products of the beautiful Klickitat valley find market here, and the country south and east has this year filled the warehouses, and all available storage places to overflowing with their products.

ITS WEALTH.

It is the richest city of its size on the coast and its money is scattered over and is being used to develop more farming country than is tributary to any other city in Eastern Oregon.

Its situation is unsurpassed. Its climate delightful. Its possibilities incalculable. Its resources unlimited. And on these

corner stones she stands.
