Argument for Good Roads.

One fact looms up very prominently reflecting the advantages to the country from the work done on Tygh hill this year, and that is this: Heretofore, at threshing time, farmers would rather not thresh their wheat in the Wamic region, than to pay cash for it. They said to threshers take your pay in grain or we don't thresh. This year it is directly the opposite of this. And furthermore, to haul from that region to The Dalles was practically out of the question. Now the roundabout twenty-one miles via Shermers grade is dispensed with and the country from which The Dalles never got a load of wheat before, there will this year come 15,000 bushels! Campbell Bros. arrived in last night with two loads of 5,250 lbs. each. They say they never stopped once on account of the grade, and will add 1,500 lbs. to each load hereafter, coming in easily with 6,750 lbs. to a load.

There is the proof of the pudding. Good wagon roads are as necessary to the life of a community as bread and butter is to a healthy child.

The Tygh road is exactly three miles and forty rods long; we have plainly established the fact that it is the best investment for the people, and for The Dalles, that could have been made; and the only wonder is, that it has been so long neglected.

Ask Enfield Ferris, or any other man who has passed over it, and THE CHRONICLE statements will be more than sustained.

There is a balance due on the work, which should be promptly paid to Superintendent T. J. Driver.

Racing With Wolves.

Many a thrilling tale has been told by travelers of a race with wolves across the frozen steppes of Russia. Sometimes only the picked bones of the hapless traveler are found to tell the tale. In our own country thousands are engaged in a life and death race against the wolf consumption. The best weapon with which to fight the foe, is Dr. Pierce's Golden Medical Discovery. This renowned remedy has cured myriads of cases when all other medicines and doctors had failed. It is the greatest blood purifier and restorer of strength known to the world. For all forms of scrofulous affections (and consumption is one of them) it is unequalled as a remedy.

Saved His Child's Life.

A. N. Dillifrough, York, Neb., says: "The other day I came home and found my little boy down with cholera morbus, my wife scared, not knowing what to do. I went straightway and got a 25 cent bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and gave it according to directions. You never saw such a change in a child. His limbs and body were cold. I rubbed his limbs and body with my hands, and after I had given him the second dose he went to sleep, and, as my wife says, 'from a death-bed he was up playing in three hours.' It saved me a doctor bill of about three dollars, and what is better, it saved my child. I can recommend it with a clear conscience." For sale by Blakely & Houghton, druggists.

Notice.
Notice is hereby given that sealed proposals for the construction of a corral for impounding cattle will be received at my office until Saturday September 3d, 1892, at four o'clock, p. m., according to the plans and specifications prepared by the street commissioner and now on file in my office. The committee reserves the right to reject any and all bids.
By order of the committee on streets and public property,

A Traveling Man's Experience With Diarrhoea.

I am a traveling man and have been afflicted with what is called chronic diarrhoea for some ten years. Last fall I was in Western Pennsylvania, and accidentally was introduced to Chamberlain's Colic, Cholera and Diarrhoea Remedy. I ventured to make a trial and was wonderfully relieved. I would like now to introduce it among my friends. H. M. Lewis, 24 Freeman street, Cleveland, Ohio. For sale by Blakely & Houghton, druggists.

Stock Holders Meeting.
