OREGON'S SHOWING AT CHICAGO NEXT YEAR

Remains in doubt, but there is no question about the PORTLAND INDUSTRIAL EXPOSITION—which opens September 21st and closes October 22d, being the best Exposition ever held on the Pacific Coast. So far as Oregon is concerned it will be the forerunner of the Exposition at Chicago in 1893. The principal attractions are the magnificent American Band of Providence, R. I. An art collection valued at \$350,000, and embracing some of the greatest pictures owned in the United States. Immense Horticultural and Agricultural exhibits, the result of the combined efforts of almost every county in the state. A mineral exhibit exceeding all former years. A Stock Department showing tremendous progress. To these are added a larger number of exhibits than ever before; including a magnificent electrical display under the combined Thomson-Houston and Edison Companies. All manufactures in full operation. Government models of Battle Ships. The wonderful Hall of Mystery. The marvelous "Little World," the product of a mechanical genius; all interspersed by novelties incident to the popular special days. Everything new and nothing dead. Greatly reduced rates on all transportation lines.

Drowning Half a Continent. When the Panama canal was first proposed a great cry went up that such a "ditch" would endanger the lives of millions of human beings. It was argued that the waters on the Pacific side of the isthmus were hundreds of feet higher than they were on the Atlantic side, and that the great rush of waters to even up the difference in the level of the two oceans would drown out all southern North America, all the West Indies and most of Mexico and Yucatan. Would be engineers and sensational editors passed their opinions or wrote yards of scare editorials on the subject. It now turns out that the Atlantic and not the Pacific is the higher of the two oceans, and that in place of the difference in level being hundreds of feet, as had been affirmed, the surface of the water on the east side of the isthmus is exactly 6½ feet higher than it is on the western side.—St. Louis Republic.

Races and Religions of the British Army. According to the annual returns of the British army, of the total strength of 196,569 officers and men, 151,811, or 76.2 per cent., are English; 16,538, or 8.3 per cent., are Scotch; 28,720, or 14 per cent., are Irish; Mohammedans, Hindus, Jews, etc., number 667 all told and need not be considered. Of the total 68 per cent. belong to the Church of England; 18.4 per cent. are Roman Catholics; 7.6 per cent. are Presbyterians and 6 per cent. are Wesleyans. Out of 64,000 officers and men in the royal navy over 47,000 return themselves as members of the Church of England.—London Public Opinion.

THE DALLES CHRONICLE.

Daily and Weekly Editions.

THE CHRONICLE was established for the express purpose of faithfully representing The Dalles and the surrounding country, and the satisfying effect of its mission is everywhere apparent. It now leads all other publications in Wasco, Sherman, Gilliam, a large part of Crook, Morrow and Grant counties, as well as Klickitat and other regions north of The Dalles, hence it is the best medium for advertisers in the Inland Empire.

The DAILY CHRONICLE is published every evening in the week (Sundays excepted) at \$6.00 per annum. The WEEKLY CHRONICLE on Fridays of each week at \$1.50 per annum.

For advertising rates, subscriptions, etc., address

THE DALLES,

Wasco County, Oregon.

The Gate City of the Inland Empire is situated at the head of navigation on the Middle Columbia, and is a thriving, prosperous city.

ITS TERRITORY.

It is the supply city for an extensive and rich agricultural and grazing country, its trade reaching as far south as Summer Lake, a distance of over two hundred miles.

The Largest Wool Market.

The rich grazing country along the eastern slope of the Cascades furnishes pasture for thousands of sheep, the wool from which finds market here.

The Dalles is the largest original wool shipping point in America, about 5,000,000 pounds being shipped last year.

ITS PRODUCTS.

The salmon fisheries are the finest on the Columbia, yielding this year a revenue of thousands of dollars, which will be more than doubled in the near future.

The products of the beautiful Klickitat valley find market here, and the country south and east has this year filled the warehouses, and all available storage places to overflowing with their products.

ITS WEALTH.

It is the richest city of its size on the coast and its money is scattered over and is being used to develop more farming country than is tributary to any other city in Eastern Oregon.

Its situation is unsurpassed. Its climate delightful. Its possibilities incalculable. Its resources unlimited. And on these corner stones she stands.
