FOR PRESIDENT, BENJAMIN HARRISON, of Indiana. FOR VICE-PRESIDENT, WHITELEW REID, of New York. FOR PRESIDENTIAL ELECTORS, J. F. CAPLES, of Portland. H. B. MILLER, of Grant's Pass. G. M. IRWIN, of Union. D. M. DUNNE, of Portland.

MAN AND BROTHER.

It is announced from New Orleans that colored men will be admitted to the Dixon-Skelly prize fight today. This is an innovation, as no colored man has been admitted to the club before. A special gallery for them will be provided. While every one is glad to see the colored man secure equal rights with the white man, and, as Mr. Lincoln put it, "be the equal of the white man if he can," this privilege at New Orleans can scarcely be considered an unselfish concession to universal equality on the part of the managers of the fight. It appears from the dispatch that a lot of colored sporting men with money to bet were headed for New Orleans, but hearing that they would not be admitted to the fight were about to change their minds and remain at home. Really, it would seem as if the "man and brother" had not gained very much by getting permission to be present at the fist fight.

There seems to be no foundation for the story that representatives of the Chinese government have been to Washington within the last two weeks to engage legal assistance to test the validity of the Chinese exclusion act in the United States courts. The story is discredited at the Chinese legation and the state department. It is hard to understand how representatives of the Chinese government could have been landed in this country except on credentials through the state department and a permit from the treasury department. No permit has been issued. The story probably had its origin in the visit of the two Chinese citizens of San Francisco to Washington a short time ago in the interest of a Chinese case which appeared in dispatches from Washington at the time.

A delicate point in patent law was illuminated recently by Justice Cave, in London, in a suit brought by a manufacturer of souvenir spoons against a rival. Each maker had ornamented his spoons with a representation of Westminster abbey, and the learned justice decided that there could be no infringement of patent if the abbey was represented or seen from different points of vision.

The peoples party of Ohio, in convention assembled, demands that the government devote \$500,000,000 for the improvement of public roads. This would seem to indicate that if the peoples party ever gets into power at Washington, a billion-dollar congress will be but a trifling affair.

This information is of no use to bachelors, but Mrs. Hannah Dober, mother of five little Tacoma Dobers, has invented a machine that bathes, rinses, dries, and spans the entire Dober brood simultaneously, by the simple turning of a crank.

Western magistrates refused to marry a boy of 16 to a widow of 40 with thirteen children, and they did perfectly right. Thirteen is an unlucky number.

One way for Canada to avoid getting into broils with Uncle Sam is to become his viceroy at once. The present affair is very like a lovers' quarrel.

Up to date the only torchlight procession that has taken part in the national canvass is that supplied by the fervid rhetoric of the Hon. Henry Watterson.

It is noticeable that the campaign managers are capable of supplying their own rainbows this year without the aid of the rainmakers.

They gerrymander so frequently in the state of Ohio that it is really not safe for a congressman to die.

Antelope's Day.

More Observer. The citizens here have concluded to hold a lu-u jubilee at Antelope sometime about the middle of October. We have a splendid quarter mile track here, and horse races, foot races, hurdle races, jumping, tumbling, shooting match, climbing grease pole, catching greased pig, base ball game and, (we hope) other sports will be indulged in. Prizes will be given to all winners. We want the Fossil, Mitchell, Grass Valley, Dufur and all sports to prepare for this time and have a big day with us.

Used up. It's the only way to use some things, but it's a bad condition for a man or woman. It means disease. Take Dr. Pierce's Golden Medical Discovery. That means health. It invigorates the liver and kidneys, purifies the blood and cleanses and renews the whole system. For all scrofulous humors and blood-taints, and even consumption (or lung-scurf), if taken in time, it's a positive remedy. It's a guaranteed one. In all diseases of the liver, blood and lungs, it's warranted to benefit or cure, or the money is refunded. No other medicine of its class is sold, through druggists, on this peculiar plan. You can judge why. You only pay for the good you get.

A Reliable Man. M. J. Griner, a Justice of the Peace at Print, Michigan, says one bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy saved his life. He also says it saved the lives of three railroad men in that vicinity. Squire Griner is a reliable and conscientious man, and whatever he says can be depended upon.
