

The Dalles Daily Chronicle.

OFFICIAL PAPER OF DALLES CITY,
AND WASCO COUNTY.

National Republican Ticket.

FOR PRESIDENT,
BENJAMIN HARRISON,
of Indiana.

FOR VICE-PRESIDENT,
WHITELAW REID,
of New York.

FOR PRESIDENTIAL ELECTORS,
J. F. CAPLES, of Portland.
H. B. MILLER, of Grant's Pass.
G. M. IRWIN, of Union.
D. M. DUNNE, of Portland.

The action of the Great Northern in notifying the transcontinental association of its intention to withdraw from that organization has created considerable stir among railroad men all over the country. From reports received from several of the great cities it would seem that those in a position to understand the true meaning of this action are unanimous in the opinion that it bodes no good for the association or for the other transcontinental lines. The New York Herald predicts that it means a dissolution of the association and probably great loss of the interests of Hill's road. The withdrawal will necessitate a reorganization or abandonment of the association. Not an official of a transcontinental line can be found in Chicago who believes the association could be reorganized. They all contemplate withdrawing their membership and leaving the Southern Pacific to fight it out alone with its Pacific Mail steamship subsidy, an almost hand to hand fight with California. Except for the western freight there is no railroad association in the west with strength enough to enforce its decisions. According to railroad officials the time is not yet ripe for the establishment of new associations. If the important meeting in Chicago today reconciles existing differences among western lines rates will be maintained, it is believed, until the enormous tonnage now awaiting shipment is forwarded. When the roads begin fighting for the leaving the necessity for a good association will become so apparent as to lead to the formation of one like that proposed by Judge Springer, each of the members to be bound by a money penalty not to break the rules.

Work is to begin on the great Boyer ditch, in Umatilla county, soon. The large grading outfit which has been employed on the irrigating ditch in Yakima county will be used. The company propose irrigating 10,000 acres of land in the Hudson bay country, water being taken from the Walla Walla river at a point near the Newcomb bridge. From 4,000 to 5,000 acres of this land in the eastern end of Umatilla county is now of desert character; hardly worth ten cents an acre; but if irrigated will be able to produce an abundance of cereals and fruits, and will afford an opportunity for creating numerous pleasant homes.

President Harrison's letter of acceptance is the only campaign document needed in this canvass. It is practically unanswerable. One clear idea as expressed in the paragraph discussing the repeal of the tax on state bank issues, sets at rest the results sure to follow trusting the democratic party with the control of the government, as they are pledged to a policy which would flood the country with a currency of which the denomination of the bill would be no indication of its value.

The busiest of the administration officials in Washington is Secretary Elkins, who, since Mr. Blaine's retirement from public life, is the center of a whirlpool of politicians and placemen. When he is in the city his office is crowded with visitors, as numerous as ever-cooled their heels in a prince's ante room. Mr. Elkins has Mr. Blaine's invaluable faculty of remembering names and faces, and his callers depart soothed by the agreeable reception, if not satisfied in attaining the object of their visit.

The Nation will applaud Dr. Jenkins for his action yesterday, in notifying the agents of the mercenary and vena Hamburg line that he had received notification that, although three steamers were sailing from Southampton, they were getting their provisions at Hamburg, and that, if such was the case, he should detain them at quarantine for at least ten days, notwithstanding the fact of their not having sailed from an infected port.

Those talented campaign orators who are about to begin their career of devastation, might make a telling point by announcing to their audiences whether the price of campaign oratory has gone up or down, as a result of the high tariff.

The old side-wheel steamer Goliath, which was brought to this coast in 1849, is still in use on the sound as a towboat. She still has her original machinery, which is in good condition.

The coming woman can be healthy. She will be, if she's wisely cared for. As she enters womanhood, Dr. Pierce's Favorite Prescription builds up and strengthens the system and regulates and promotes the functions. It's a supporting tonic, and a quieting, strengthening nerve. It corrects and cures all those delicate derangements and weaknesses peculiar to the sex. In every case for which it's recommended, the "Favorite Prescription" is guaranteed to give satisfaction. If there's no help, there's no pay. It does all that's claimed for it, or the money is refunded. It's a risky way to sell it—but it isn't your risk.

A Reliable Man.
M. J. Griner, a Justice of the Peace at Prine, Michigan, says one bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy saved his life. He had been down with bloody flux for three weeks when he commenced using this medicine. It soon cured him, and he believes saved his life. He also says it saved the lives of three railroad men in that vicinity. Squire Griner is a reliable and conscientious man, and whatever he says can be depended upon.
