

National Republican Ticket.

FOR PRESIDENT, BENJAMIN HARRISON, of Indiana.

FOR VICE-PRESIDENT, WHITELEW REID, of New York.

FOR PRESIDENTIAL ELECTORS, J. F. CAPLES, of Portland. H. B. MILLER, of Grant's Pass. G. M. IRWIN, of Union. D. M. DUNNE, of Portland.

It has been definitely ascertained that the Great Northern railroad proposes to make a rate of forty cents per 100 pounds on lumber from Puget sound to St. Paul. The present rate is fifty-five cents to St. Paul and sixty cents to Chicago. This statement does not mean much at first glance, but when it is studied it will show how President Hill proposes to build up business and make his road a profitable investment with freight rates which will allow our sister state Washington to compete with eastern producers in the great lumber industry. It means a train of twenty cars loaded every day with shingles alone, aggregating a trade in that one industry of over \$8,000,000 yearly; besides ready sales of lumber in eastern markets almost impossible to estimate. It means very much more than this, along the line. Great deliverance long prayed for.

The taxpayers in Buffalo and Erie county are confronted with an immense bill incident to the late strike. Under the laws of the state of New York, whenever there is trouble in a county so grave a nature that the ordinary police force cannot control it the sheriff summons a posse comitatus. If that force cannot subdue the rioters, then the sheriff calls upon the governor, who orders out the militia, and under the law, the expense of its employment is charged to the county where the lawless trouble has occurred and whence the requisition has been made, upon the theory that the state has been called upon to do the work of the county. The county, furthermore, is made responsible for all damages inflicted by the rioters, as in Buffalo and Erie county for the burning of cars and destruction of freight and buildings.

Time brings many startling changes. Here is the Walla Walla Union-Journal berating Portland for trying to open the Columbia river, and denouncing the work as a "selfish proposition." How often in years gone by, inquires the Review, has the editor of the Union-Journal denounced Portland for its lack of interest in an open Columbia river?

The most effective means that has yet been devised of discouraging a certain class of immigration is the wide publication of the fact that steerage passengers arriving at New York are to be subjected to a thorough scrubbing.

Some photographer might get a striking picture if he could only take an instantaneous likeness of Victoria at the precise moment when Premier Gladstone is performing the customary duty of kissing the regal hand.

The democratic party asks the Nation to do something for Great Britain that Great Britain's own colonies will not do for her: Throw down the gates at the customs house and permit the entry of British manufactures.

Congressman Cable has arrived at Chicago and taken charge of the democratic branch headquarters for the west. The Pulitzer missionary fund will now be on tap in Illinois and Missouri.

The Guard thinks farmers' trespass notices have protected the Mongolian pheasant to a greater extent than all the laws passed by Oregon legislatures.

They are still fighting down in Venezuela. That is a good country from which to view the operations of Mars.

It is not always safe to judge the delicacy of a man's taste in cigars by the quality of those he gives away.

Apparently one of the leading uses of the great civilized world is to share Russia's troubles with Russia.

Venezuela's war is waged as sayagely as that in Chili. All South Americans seem to be born fighters.

It is supposed that the heifer which hunted Mr. Gladstone was an ardent conservative heifer.

Kept up for years—the offer that's made by the proprietors of Dr. Sage's Catarrh Remedy. It's addressed to you, if you have Catarrh. It's a reward of \$500, if they can't cure you, no matter how bad your case, or of how long standing—an offer that's made in good faith by responsible men.

Think what it means! Absolute confidence in their Remedy, or they couldn't afford to take the risk. A long record of perfect and permanent cures of the worst cases—or they couldn't have faith in it. It means no more catarrh—or \$500. If you fail to be cured, you won't fail to be paid.

But perhaps you won't believe it. Then there's another reason for trying it. Show that you can't be cured, and you'll get \$500. It's a plain business offer. The makers of Dr. Sage's Catarrh Remedy will pay you that amount if they can't cure you. They know that they can—you think that they can't. If they're wrong, you get the cash. If you're wrong, you're rid of catarrh.

A Reliable Man. M. J. Griner, a Justice of the Peace at Print, Michigan, says one bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy saved his life. He also says it saved the lives of three railroad men in that vicinity. Squire Griner is a reliable and conscientious man, and whatever he says can be depended upon.
