OREGON'S SHOWING AT CHICAGO NEXT YEAR

Remains in doubt, but there is no question about the PORTLAND INDUSTRIAL EXPOSITION—which opens September 21st and closes October 22d, being the best Exposition ever held on the Pacific Coast. So far as Oregon is concerned it will be the forerunner of the Exposition at Chicago in 1893. The principal attractions are the magnificent American Band of Providence, R. I. An art collection valued at \$350,000, and embracing some of the greatest pictures owned in the United States. Immense Horticultural and Agricultural exhibits, the result of the combined efforts of almost every county in the state. A mineral exhibit exceeding all former years. A Stock Department showing tremendous progress. To these are added a larger number of exhibits than ever before; including a magnificent electrical display under the combined Thomson-Houston and Edison Companies. All manufactures in full operation. Government models of Battle Ships. The wonderful Hall of Mystery. The marvelous "Little World," the product of a mechanical genius; all interspersed by novelties incident to the popular special days. Everything new and nothing dead. Greatly reduced rates on all transportation lines.

"In God We Trust."

The motto "In God We Trust," which is now stamped upon all gold and silver coins of the United States, was suggested by an old farmer living in Maryland. This conscientious Christian gentleman thought that our currency should indicate in some way the Christian character of our nation, which, he argued, could be best done by putting a motto upon our coins expressing a national reliance on divine support in governmental affairs. It was in 1861, when S. P. Chase was secretary of the treasury, that this man wrote to Washington respecting his pet idea. His letter was referred to Mint Director Pollock, who discussed the question in his report of 1863. Pollock and Chase were in favor of introducing the motto at once, but congress gave the suggestion no attention whatever. In his next annual report Director Pollock again referred to the matter, this time in firm theological argument, saying, "The motto suggested, 'God Our Trust,' is taken from our national hymn, 'The Star Spangled Banner'; the sentiment is familiar to every citizen of our country; the time is propitious; 'tis an hour of national peril. Let us reverently acknowledge his sovereignty, and let our coinage declare our trust in God."

A two cent bronze piece was authorized by congress to be coined the following year, and on April 22, 1864, the first United States coin was stamped with the legend, "In God We Trust." - St. Louis Republic.

THE DALLES,

Wasco County, Oregon.

The Gate City of the Inland Empire is situated at the head of navigation on the Middle Columbia, and is a thriving, prosperous city.

ITS TERRITORY. It is the supply city for an extensive and rich agricultural and grazing country, its trade reaching as far south as Summer Lake, a distance of over two hundred miles.

The Largest Wool Market. The rich grazing country along the eastern slope of the Cascades furnishes pasture for thousands of sheep, the wool from which finds market here.

The Dalles is the largest original wool shipping point in America, about 5,000,000 pounds being shipped last year.

ITS PRODUCTS. The salmon fisheries are the finest on the Columbia, yielding this year a revenue of thousands of dollars, which will be more than doubled in the near future.

The products of the beautiful Klickitat valley find market here, and the country south and east has this year filled the warehouses, and all available storage places to overflowing with their products.

ITS WEALTH. It is the richest city of its size on the coast and its money is scattered over and is being used to develop more farming country than is tributary to any other city in Eastern Oregon.

Its situation is unsurpassed. Its climate delightful. Its possibilities incalculable. Its resources unlimited. And on these corner stones she stands.
