THURSDAY - SEPT. 15, 1892

LOCAL BREVITIES.

Senator Hilton was a passenger for Portland yesterday.
The East End is lively with the business of teaming now.
Mr. Geo. Mason, an old time druggist of The Dalles, was in the city yesterday.
Mr. and Mrs. E. C. Jeffers, of Astoria, left for home by the Regulator this morning.
Mr. and Mrs. Frank McFarland passed through the city homeward bound yesterday.
Mr. S. H. Douglass, of Wamic, is in the city, preparing to ship a lot of horses east.

Miss Annie Thompson left on the morning train for Monmouth, where she will resume her studies.
Two 6-horse teams loaded for Prineville, left yesterday afternoon, driven by Jas. Cantrill and J. M. Elliott.

Mr. Farrell, one of the owners of the cannery above The Dalles, is up looking over the Salmon situation today.
Mr. Warren of Pineville, came in last night with a 4-horse team, and his praise of the Tygh Mill grade is such as teamsters delight to hear.

Mrs. Mary Higgins and son, of Terre Haute, Ind., who have been visiting Judge Condon and family, have returned to their eastern home.
Mr. J. D. Hamilton of Heppner, passed through yesterday clothed with the proper municipal authority to purchase an electric light and water plant for that growing city.

Mr. Kennedy, who recently made an extended trip through the Inland Empire with Mr. Earley, is about to make another buggy excursion to interior accompanied by Mrs. Kennedy.
The funeral of Albert Anderson was very largely attended yesterday. Fifty-one teams were in procession. Albert was a very popular young man, well thought of, by all who knew him, and will be greatly missed in the community.

It appears that the wedding of Mr. Stewart and Miss Swan was an eloquent with all the interesting details of romance. The bride accepting the poor man of her choice, against the hand of an affluent suitor.

A team from Silver Lake, "way down south" near the California state line, was among the arrivals of teams at East End last night. The driver, who is accompanied by his family, has been on the road two weeks. He comes to The Dalles as the most accessible point at which to obtain his supplies.

In giving us an item yesterday where-in a jaw-breaking technical phrase occurred, Bro. Linus Hubbard had a little difficulty in turning it off the end of his tongue. After he had pronounced the word we asked him how to spell it. "O, I don't know," was the ready answer, "you'll have to spell it with a cork-screw, I guess."

Mr. Manly of Mapinitia, says THE CHRONICLE shouted too big a boo when we gave his little team credit for hauling in 2 1/2 tons of wheat at a load. It was only 3,500 pounds. We acknowledge the corn, Bro. Manly, and shall recollect the colt story.

Prof. Lorant, the French chemist who is preparing Wasco county fruit for the Portland exposition and Columbus fair, has been assigned rooms in Mr. Emil Schanno's building, over A. A. Brown's family grocery store on Second street. People who have fine samples to contribute are invited to call. The sooner the better. Prof. Lorant has been engaged by the Wasco pomological society.

The new M. E. church dedication in The Dalles on Sunday next will take place at 7:30 p. m. Our Methodist people have much to congratulate themselves over; considering that it is but one short year since their edifice went up in smoke, with so many others in The Dalles to realize that they now have such a beautiful edifice in which to worship, as the one to be dedicated next Sunday.

A Fatal Accident.

David Martin, who was accidentally killed on the mountain road from Clear creek to Wapinitia, on Monday last, was buried in the church yard near Hampton Kelley's place on Wapinitia flat. The accident occurred while passing another team on the road. He was a young man thirty years of age, living with his parents, and was regarded by all who knew him as a very honest, upright citizen. His wagon was loaded with timber, and the horses became unmanageable, the brake worked loose, throwing his brother off the wagon, when the team ran away, crushing David on the load some way. He lived but a short time after the accident.

In Aid of Science.

Thanks to Mr. Linus Hubbard for a beautiful photo. of Mount Hood, including the camp of the excursionists on the Barlow road, taken last month. The object of taking photographs, generally is to secure a view made particularly interesting to the persons included in it; but on this occasion Mr. Hubbard's idea was to locate the exact spot from which a sample of rock was obtained which he has sent to the east and which is attracting considerable attention in the minds of people who aggregate substances which compose the earth and explain the relations which the several constituent masses bear to each other. This picture may enable us to state at about what time in the future another volcano and possible earthquake is liable to be produced at Mount Hood. From present indications one is nearly due.

Card of Thanks.

Words can but faintly express the feelings of thankfulness entertained by us to all the kind neighbors and friends who have done so much for us in our late troubles and affliction, occasioned by the frightful accident which has caused the death of our son Alfred. We appreciate the sympathy that has been tendered to us, and trust that none of our sympathizing friends may ever be called upon to mourn as we now mourn.
MR. AND MRS. A. J. ANDERSON.

Depew Opera House.

PRESKILL, N. Y., Sept. 15.—It is not often that Chauncey M. Depew interests himself in a small affair, but the dedication of the Depew Opera house here tonight, may find in him one of its speakers. He raised the fund for the opera house and on this account it bears his name.

Cholera Topics.

Hamburg dispatches tell a tale of desolation in that plague stricken pest ridden city. The increasing heat has swelled the lists of the sick and dying, and has depressed again the reviving spirits of the people. Suffering increases daily among the workmen's families, who are totally dependent upon charity for the necessities of life. Twenty-five thousand people are known to be wholly destitute, and complete returns would show probably 10,000 or 15,000 more who have been too proud or too despairing to ask for assistance. The dead wagons are up to all present requirements, and bodies are carried to the cemeteries almost as fast as the patients die. Large insurance companies have suspended payments owing to the heavy mortality.

A Washington dispatch says the law officers of the government are looking up the legal powers of the president in the matter of the temporary suspension or prohibition of immigration.

A Detroit dispatch says the city council has adopted a resolution directing the mayor, in view of the impending danger of an evasion of Asiatic cholera, to request the president of the United States to prohibit the foreign and Canadian immigration for at least ninety days.

There were 11 new cases and seven deaths by cholera reported in Haven yesterday. This is an increase of one new case and a decrease of six deaths compared with the previous day.

More than twenty years ago, when it was found that prevention of cholera was easier than a cure, a prescription drawn up by eminent doctors was published in The New York Sun, and it took the name of The Sun cholera medicine. It has been in constant use for nearly two score years, and found it to be the best remedy for looseness of the bowels ever yet devised. No one who has this by him, and takes it in time, will ever have the cholera, says the Journal of Commerce, and it is commended to all. Even when no cholera is anticipated, it is an excellent remedy for ordinary summer complaints, colic, diarrhoea, dysentery, etc. Take equal parts of tincture of cayenne pepper, tincture of opium, tincture of rhubarb, essence of peppermint, and spirits of camphor. Mix well. Dose, fifteen to thirty drops in a little cold water, according to age and violence of symptoms, repeated every fifteen or twenty minutes until relief is obtained.

Fusion in Dakota.

A Yankton dispatch says the democratic executive committee and the democratic nominees are engaged in conference in regard to a fusion with the independents on the electoral ticket and one or two state officers. The independents are not inclined to concede much, and the whole matter will probably be referred to a committee for settlement.

A Frost in Iowa.

BOONE, Iowa, Sept. 14.—A sharp frost last night cut down much vegetation.

"How delicious is the winning Of a kiss, at love's beginning," sings the poet, and his sentiment is true with one possible exception. If either party has the catarrh, even love's kiss loses its sweetness. Dr. Sage's Catarrh Remedy is a sure cure for this repulsive and distressing affliction. By its mild, soothing, antiseptic, cleansing and healing properties, it cures the worst cases. \$500 reward offered for an incurable case.

Pacific Coast Treasure.

It is expected that another big shipment of gold amounting to at least \$20,000,000, will be made soon from San Francisco to New York, and this will come near to exhausting the present supply in the Golden Gate city.

The yearly output of gold from this coast when the precious metal was first discovered forty-four years ago was about \$10,000,000; but in 1849 it was quadrupled, and in 1850 it reached \$50,000,000. The climax was reached in 1853, when the gold from the California mines is estimated to have been \$65,000,000, but from that year the production has declined, until in 1891 it had returned to almost the starting figures.

The total output from the first discovery in 1848 to the close of 1891 is estimated at \$1,200,000, or one-fifth of the total production of the whole world since the metal was first discovered there. The products of the gold mines of the United States for 1891 is officially placed at \$33,175,000, or about half what California produced alone in 1853. The coast now produces only one-third of the annual output, instead of yielding, as it did a few years ago, nearly the whole of it.

MAY PROVE FATAL.

But Little Hope For The Recovery of Mrs. Harrison.

NEW YORK, Sept. 15.—As a result of the consultation of physicians at Loon Lake cottage yesterday on the condition of Mrs. Harrison, it is announced that the primary disease is pulmonary tuberculosis of the right side, associated with nervous prostration. The recent complication is sub-acute pleurisy, with a rapid effusion of water in the right chest, necessitating two tappings with some relief. The present condition is critical on account of a tendency to the reproduction of fluid. Removal to Washington is impossible. Prognostication as to the immediate future is uncertain. The president will remain with Mrs. Harrison until she gets better. He has no other plans whatever. It is therefore apparent that the president's stay is indefinite. The physicians, it is said, have quietly intimated to the president the strong probability of a fatal result. The president rarely leaves Mrs. Harrison's bedside. In fact, he really shares the nursing of the invalid with the professional attendant, Russell Harrison and Mrs. McKee, the president's son and daughter, are also in constant attendance. It is understood that another operation will be performed this afternoon.

County Assessors Notice.

Office of the Wasco County Assessor, The Dalles, Sept. 9th, 1892.

To the taxpayers of Wasco county—Notice is hereby given that the Board of equalization for Wasco county will attend at the office of the County Clerk of said county on Monday the 10th day of October, 1892, for the purpose of examining and correcting the assessment roll of said county for the year 1892.

J. E. BARNETT, Assessor, Wasco Co.

A girl for household work, will hear of a situation by calling on Mrs. W. T. Kame, at Allens place on the Bluff, toward the fair ground. 6.14dt

NOTICE.

To All Whom It May Concern:

By order of the Common Council of Dalles City, made and entered on the 3d day of September, 1892, notice is hereby given that said Council is about to proceed to order and make the improvements in streets in said city, as hereinafter stated, and that the cost of such improvements, and each of them, will be levied upon the property adjacent to some or all of the streets about to be improved shall file their remonstrances against such improvements, as by charter provided.

- To improve Federal street in said city, by building a sidewalk eight feet wide on the north side thereof, from Union street to Washington street.
- To improve Fourth street in said city by building a sidewalk six feet wide on the north side thereof, from Union street to Washington street.
- To improve Fifth street in said city by building a sidewalk eight feet wide on the north side thereof, from Union street to Washington street.
- To improve Washington street in said city by building a sidewalk eight feet wide on the west side thereof, from Third street to Sixth street.
- To improve Federal street in said city by building a sidewalk eight feet wide on the east side thereof, from Third street to Fourth street.
- To improve Lauglin street in said city by building a sidewalk ten feet wide on the west side thereof, from Second street to Third street, and a sidewalk eight feet wide on the west side thereof, from Third street to Fourth street.
- To improve Lauglin street in said city by building a sidewalk ten feet wide on the east side thereof, from Third street to Fourth street.
- To improve Madison street in said city by building a sidewalk ten feet wide on the west side thereof, from Second street to Third street, and a sidewalk eight feet wide on the east side thereof, from Third street to Fourth street.
- To improve Madison street in said city by building a sidewalk ten feet wide on the east side thereof, from Second street to Third street.
- All of said sidewalks will be built, constructed and erected in accordance with the provisions of an ordinance to define and establish the width and manner of building sidewalks in Dalles City, being Ordinance No. 108, which passed the Common Council of Dalles City, March 7th, 1888, except as otherwise hereinbefore specified.

Dated this 10th day of September, 1892.
FRANK MENEFEE, Recorder of Dalles City.

NOTICE.

To All Whom It May Concern:

By order of the Common Council of Dalles City, made and entered on the 3d day of September, 1892, notice is hereby given that said Council is about to proceed to order and make the improvements of streets in said city, as hereinafter stated, and that the cost of such improvements, and each of them, will be levied upon the property adjacent thereto, and said improvements, and each of them, will be made, unless within fourteen days from the final publication of this notice, the owners of two-thirds of the property adjacent to some or all of the streets about to be improved shall file their remonstrances against such improvements, as by charter provided.

The improvements contemplated and about to be made are as follows, to-wit:
1. To improve Union street in said city, by building a sidewalk ten feet wide on the east side thereof, from First street to Second street.
2. To improve Second street in said city by building a sidewalk ten feet wide on the north side thereof, from Union street to Court street. All of said sidewalks will be built, constructed and erected in accordance with the provisions of an ordinance to define and establish the width and manner of building sidewalks in Dalles City, being Ordinance No. 108, which passed the Common Council of Dalles City, March 7th, 1888, except as otherwise hereinbefore specified.

Dated this 12th day of September, 1892.
FRANK MENEFEE, Recorder of Dalles City.

A Travelling Man's Experience With Diarrhoea.

I am a traveling man and have been afflicted with what is called chronic diarrhoea for some ten years. Last fall I was in Western Pennsylvania, and accidentally was introduced to Chamberlain's Colic, Cholera and Diarrhoea Remedy. I ventured to make a trial and was wonderfully relieved. I would like now to introduce it among my friends. H. M. Lewis, 24 Freeman street, Cleveland, Ohio. For sale by Blakely & Houghton, druggists.

FOR SALE.

A 35-Horse Power Engine and Boiler.
A 35-horse power new engine and boiler, used but about a week, as good as new, with all connections, pumps, belts, pulleys and shafting, will be sold for a song. Apply to H. GLENN, 9.10dt

City taxes for 1892 are now due and payable within sixty days, at the office of the undersigned.
L. RORDEN, City Treasurer.
DALLES CITY, July 6th, 1892.

Saved His Child's Life.

A. N. Dillabough, York, Neb., says: "The other day I came home and found my little boy down with cholera morbus. My wife scared, not knowing what to do, went straightway and got a 25 cent bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and gave it according to directions. You never saw such a change in a child. His limbs and body were cold. I rubbed his limbs and body with my hands, and after I had given him the second dose he went to sleep, and, as my wife says, 'from a death-bed he was up playing in three hours.' It saved me a doctor bill of about three dollars, and what is better, it saved my child. I can recommend it with a clear conscience." For sale by Blakely & Houghton, druggists.
