OREGON'S SHOWING AT CHICAGO NEXT YEAR

Remains in doubt, but there is no question about the PORTLAND INDUSTRIAL EXPOSITION

which opens September 21st and closes October 22d, being the best Exposition ever held on the Pacific Coast.

So far as Oregon is concerned it will be the forerunner of the Exposition at Chicago in 1893.

The principal attractions are the magnificent American Band of Providence, R. I.

An art collection valued at \$350,000, and embracing some of the greatest pictures owned in the United States.

Immense Horticultural and Agricultural exhibits, the result of the combined efforts of almost every county in the state.

A mineral exhibit exceeding all former years. A Stock Department showing tremendous progress.

To these are added a larger number of exhibits than ever before; including a magnificent electrical display under the combined Thomson-Houston and Edison Companies.

All manufactures in full operation. Government models of Battle Ships. The wonderful Hall of Mystery. The marvelous "Little World," the product of a mechanical genius; all interspersed by novelties incident to the popular special days.

Everything new and nothing dead. Greatly reduced rates on all transportation lines.

Letters of Credit issued available in the Eastern States.

Not the Worst Girl in the World.

Professor Chapman, of Bowdoin college, told the following story at an alumni dinner: "I feel like the little daughter of a friend of mine in Portland. She had just mastered the art of expressing herself in intelligent sentences. One day she had done something for which her mamma had to reprove her. The lady gave her daughter a sound lecture and then told her to go up stairs, alone, in her room, and ask God to forgive her for her error.

"In a few minutes she was surprised to see the baby come down stairs again, appear in the sitting room and stand back with a great deal of seriousness.

"Well, did you go up and do what I told you?" asked the fond mother.

"Yes," replied the guilty one, "and God said, 'Great Scott! Elsie Murray, I've known a great many worse girls than you.'" - Boston Herald.

Robert Shaw, of Snow's Falls, Me., went to sleep in a field the other day, and when he awoke he was minus a good pair of trousers. Field mice, which swarm in Oxford county, had gnawed the garment into shreds and carried it away.

Recent experiments upon the electrolytic generation of pressure from gases formed in a closed space have been very successful, and a pressure of 1,300 atmospheres has been obtained.
