FOR PRESIDENT, BENJAMIN HARRISON, of Indiana. FOR VICE-PRESIDENT, WHITE LAW REID, of New York. FOR PRESIDENTIAL ELECTORS, J. F. CAPLES, of Portland. H. B. MILLER, of Grant's Pass. G. M. IRWIN, of Union. D. M. DUNNE, of Portland.

THE DUTY OF AMERICANS.

Now that the dreaded scourge of cholera seems to have been pretty well wiped out in these United States, after a costly but intelligent battle with greed, ignorance and superstition, it is well to turn the minds of the people to the sources of the pest, and the proper means of future prevention.

Where rests the blame for this menacing scourge? Possibly it dates far back, even to the first emigrant ship that brought to the United States those who could no longer find a home in other lands.

It is the duty of every good American citizen to see that this subject is one of immediate consideration. Let the voters give congress to understand that this country has had enough emigration.

Every year thousands of the poorest, and frequently the most abandoned, class of foreigners are landed at our ports in the most deplorable poverty and wretchedness. They swarm into our cities, swelling the masses of the poor, and increasing the misery which has gradually grown beyond the aid of American charity.

Following up THE CHRONICLE line of argument, that there is no place like the Oregon Inland Empire, Hon. A. N. Hamilton, of La Grande, now in Portland, says: "The fruit crop on the Snake river and through Baker county is immense. The yield is heavier than it has been for years, and the quality is the very best."

In Washington they have an outrageous law for the collection of taxes, seemingly enacted for the benefit of a special class. The law concerns delinquent taxpayers. Papers have been served on parties in Walla Walla for taxes in Whitman county, one case the taxes delinquent were only \$2.26, while the attorney's fees as allowed by the law were \$10.

A New York dispatch gives the following figures of the visible supply of grain: Wheat, 41,309,000, increase 2,633,000; corn, 9,795,000, increase 74,000; oats, 6,019,000, increase 604,000; rye, 670,000, increase 79,000; barley, 430,000, increase 105,000.

"What's that? A new invention which works all the year round? Surprisin'—these days are not like the old times. Bleedin' was the only remedy them days. But now, as you say, Dr. Pierce's Golden Medical Discovery is a true remedy for the blood."

It's not like the sarsaparillas, that are said to be good for the blood in March, April and May. The "Golden Medical Discovery" works equally well at all times, in all seasons and in all cases of blood-taints, or humors, no matter what their name or nature.

"Golden Medical Discovery" is the only Blood and Liver medicine, sold by druggists, guaranteed to benefit or cure in every case, on fair trial, or money paid for it will be promptly refunded.
