

The Dalles Chronicle.

VOL. IV.

THE DALLES, OREGON, WEDNESDAY, SEPTEMBER 21, 1892.

NO. 84.

W. E. GARRETSON, Leading Jeweler.

SOLE AGENT FOR THE

All Watch Work Warranted.

Jewelry Made to Order.
138 Second St., The Dalles, Or.

Kranich and Bach Pianos.

Recognised as Standards of the highest grade of manufacture.

JUDGE NELSON'S DECISION.

Speaking of patent medicines, the Judge says: "I wish to deal fairly and honorably with all, and when I find an article that will do what it is recommended to do, I am not ashamed to say so. I am acquainted with Dr. Vanderpool (having been treated by him for cancer), and have used his blood medicine, known as the S. B. Headache and Liver Cure, and while I am 75 years old, and have used many pills and other remedies for the blood, liver and kidneys, I must say that for a kidney tonic in Bright's disease, and as an alternative for the blood, or to correct the action of the stomach and bowels, it is a very superior remedy, and beats anything I ever tried."

At 50 cents a bottle. It is the poor man's friend and family doctor.

JOHN PASHEK, Merchant - Tailor.

Next door to Wasco Sun.

Just Received, a fine stock of Suits, Pants Patterns, etc., of all latest Styles, at Low Prices.

Madison's Latest System used in cutting garments, and a fit guaranteed each time.

Repairing and Cleaning
Neatly and Quickly Done.

A liberal discount to the trade in all lines handled by us.

JEFFERSON STREET, between Second and Railroad, THE DALLES, OR

A PEST-SHIP COMPANY

The Bohemia has Four New Suspected Cases on Board.

A TORONTO CLERGYMAN'S CASE.

Hamburg Religious Tracts Bring the Pest Into His Study.

POSSIBLY SENT BY AN INFIDEL.

Death in Philadelphia From Exposure on Board the Cepheus' Fire Island Trip.

NEW YORK, Sept. 21.—Dr. Bryam, at Swinburne island, telegraphs that there are four new suspected cases from the steamer Bohemia of the pest-ship Hamburg-American line. There is a noticeable friction between the federal and state health officers, which begins to cause apprehension just at a time when it was supposed the disease had been stamped out. Gen. Hamilton feels that Jenkins has sent him infected passengers, contrary to agreement. Jenkins' friends feel that Hamilton is seeking a selfish advantage by what they deem the cholera scare at Sandy Hook. The scare was set up to be put down for personal credit. Some think a clash of state and federal authority imminent. Gen. Hamilton has this afternoon issued an official bulletin on the condition of the camp. In it he says there have been no deaths from cholera today and no new cases of a suspicious character have occurred.

Two weeks ago a Congregational minister in Toronto received several religious tracts from Hamburg. There was no signature attached to the package, and the clergyman was curious to know their contents. He read them through, which took up considerable of his time, and laid them aside. Next day he was compelled to seek his bed, and for the next week he struggled between life and death. During two days of his illness all hopes of his recovery had been abandoned, but through care and attention he finally pulled through. The attending physician pronounced it a case of Asiatic cholera. Clergymen who know of the case believe that the tracts were sent to the minister by some infidel in Hamburg.

A Philadelphia dispatch reports the death of Geo. H. Becker, one of the Normania's passengers who was placed on the Cepheus and kept off Fire Island. His death was the result of exposure. He contracted pneumonia that night. Mr. Becker was a well-known real estate dealer, and had been spending a few months in Europe. He walked the decks of the Cepheus all night, and in the morning had a little sleep on a lounge in the open air. He leaves a large family.

Chicago Horse Market.

Special to THE CHRONICLE.

CHICAGO, Sept. 17.—The weekly review, by J. S. Cooper, commission salesman of horses, Union Stock Yards, Chicago, says: "Notwithstanding the very large receipts of horses at the yards during the present week the market continued not only strong but very active on sound smooth horses, all sizes, five to seven years old, and well broken. Streeters, for which the demand has been much larger than usual, were in limited supply and not nearly equal to orders on hand. Chunks and good draft horses were also in fair demand at steady and firm prices. There has been some inquiry for extra good driving teams and coach horses with practically none on the market. Range horses, receipts light with daily inquiry. The following summary of prices shows little or no change from closing figures of last week:

Draft horses, 1,500 to 1,700 lbs.	\$100@225
1,400-lb chunks.	120@165
1,200 to 1,300-lb chunks.	120@145
Streeters.	100@115
Drivers.	125@200
Coach teams.	400@600
Range horses, 1,000 lbs.	30@50

The Ditch Delusion.

West Coast Trade. The Seattle Press continues to labor under the delusion that somebody or other is opposing the construction of the Lake Washington canal. The Press is in error. No one objects to the canal, provided always that the expense of construction and maintenance is borne by those who are to be benefited. If Seattle wants the ditch let her get in and dig it.

FOSSIL CORRESPONDENCE.

Fire Protection—Private Schools—The Crops—Causes of the Shortage—Beef Cattle Low, Etc.

Special to THE CHRONICLE.

FOSSIL, Sept. 20.—The south part of Gilliam has nothing to grumble about in the line of crops, albeit there will not be half of what there was last year, which was in many respects a whopper as regards quantity and quality of crops harvested. Threshing machines in this vicinity have about completed the work of the season. By reason of so much grain being destroyed by squirrels, and so much being cut for hay in June and July, the grain yield will be from a quarter to a half what our "whopper" crop was last year. The wheat is of fine quality.

Definite conclusions, embracing a system of wells and a hand engine, have finally been arrived at by our city "dads" in the matter of a water supply for our town.

In lieu of public schools two private schools have been organized for the winter to be taught by Supt. L. Parker and Mrs. M. H. Goodard respectively.

Hurrah for Uncle Toby and his antidruth queries.

Brazil Savage always "gets thar," and as for Mike Kennedy, well he does sometimes anyway.

Beef cattle are selling for very low figures this year 1 1/4 cents and 2 1/4 cts, being the ruling prices for cows and steers, respectively.

The Gillman-French Co. have several hundred head gathered awaiting a more auspicious market.

Gem Gilman and wife have just returned from Webfoot, whither they went some weeks ago, a la buckboard. He intends moving thither soon.

Leaves have just begun to turn a golden hue, and fall to Mother Earth.

ANON.

Political Prediction.

If Cleveland be elected, Oregon will become prominent in an unusual way, says an exchange. Justice Field is old, and he cannot bear the man from Buffalo. Therefore Field will resign and allow President Harrison to appoint Senator Dolph to the supreme bench. The senator will accept gracefully. He will resign his seat in the senate, permitting the Oregon legislature, which meets in January, to elect his successor, the probabilities pointing to Mr. Sol. Hirsch, now United States minister to Turkey.

The Sovereign Grand Lodge.

PORTLAND, Sept. 21.—The roster of elective officers for the next two years is as follows, according to the election yesterday: Grand sire—C. F. Campbell, London, Ontario, Canada. Deputy Grand sire—J. W. Stebbins, of New York. Grand secretary—Theodore Ross, of Newark, N. J. Grand treasurer—Isaac A. Sheppard, of New York.

Cheer Up Roseburg

Klamath Star. Owing to the shortness of fruit in Douglas county, the cannery don't rattle a cent's worth. Nothing jingles but the money going out that should have stayed in, and Roseburg is a little sad. Cheer up Roseburg! You're the shire town of a county whose malde and meadows seldom fail of bloom!

Spuds to Show.

Review. Potatoes measuring twenty-eight inches in circumference have been raised this season on Salmon bay. Like other monster vegetable products received this year, they will be sent to Chicago to show what Washington can do in that line.

"Mr. Cleveland," says a republican paper, "admits that he cannot carry his own state." No doubt some democratic friend will in turn confide this admission to Mr. Cleveland.

Even the coffin-makers, assembled at Chicago, urged the necessity of keeping cholera out of America.

GONE UP IN SMOKE.

The Summering Season Suddenly Ceases at Rockaway.

SEVERAL HOTELS CONSUMED.

Winds Fan The Flames—No Water Supply at Hand to Fight Fire.

SEVERAL LIVES REPORTED LOST.

Cause of The Fire Unexplained—Losses Foot up Half a Million Dollars or More.

ROCKAWAY BEACH, L. I., Sept. 20.—A conflagration started at noon, which threatens to wipe out a large section of this resort. The seaside museum, Foley's hotel, Messers' hotel, William Burgess' hotel, Murray & Dalz hotel and the grand Ocean hotel are all ablaze, and undoubtedly will be destroyed. The whole population has turned out to fight the fire, but their efforts will be of little avail as there is a scarcity of water, and a strong breeze blowing which fans the flames. The fire departments of Rockaway, Lawrence and Woodbury have been summoned by telephone. It is reported 20 lives are lost. The fire broke out in the museum on Seaside avenue, situated on the most thickly populated part of the beach, where all are frame buildings. The flames spread with astonishing rapidity and soon reached the opposite side of the street. All the buildings on both sides of the way on Seaside avenue from a point near the site of the old Seaside house, which was destroyed by fire a few years ago seemed to be doomed. The Long Island railroad depot was destroyed. Mrs. Bertha Kingsland, wife of the proprietor of the Kingsland hotel, was badly burned while trying to save some effects. Two other ladies, guests, were also severely burned. The Long Island railroad is transferring fire companies as fast as possible on flat cars from Inwood, Ozoné Park, Far Rockaway, Woodbury and Lawrence. At 2 o'clock it looked as though all the buildings on Seaside avenue would be destroyed. If this proves the case, the loss will be fully \$400,000. The cause of the fire is not yet explained.

Grover Succumbs.

Telegram. Taftmany hall is the most powerful political machine that was ever known. Its power is illustrated when a man with the nerve and backbone of Grover Cleveland bows deferentially at its feet. The incident further illustrates that Mr. Cleveland is a better politician than he used to be. He now puts a proper estimate on the value of party organization.

Mount Hood Gold Fields.

Telegram. H. S. Campbell, aged sixty-seven years, an old-time prospector, came into Portland today with a sack of gold and silver-bearing quartz, which he says he found in the vicinity of Mount Hood. Mr. Campbell alleges that he has discovered a veritable bonanza. He took the quartz to an assayer, to have it assayed.

Arrived Safely.

WASHINGTON, Sept. 21.—The special from Loon Lake bearing Mrs. Harrison, passed Saratoga on time, the patient bearing the trip heroically. They will arrive over the Pennsylvania in advance of the limited express.

DEMAND THE DIFFERENCE.

In buying baking powders, as well as anything else, insist upon having the worth of your money. If another brand is urged upon you in place of the Royal, bear in mind that it has from 27 to 50 per cent. less leavening strength than the Royal, as shown by the official chemical tests, which is equal to from 13 1/2 to 25 cents per pound less value than the Royal. If you buy a low class powder, see that you are charged a correspondingly lower price.
