OREGON'S SHOWING AT CHICAGO NEXT YEAR

Remains in doubt, but there is no question about the PORTLAND INDUSTRIAL EX-POSITION-which opens September 21st and closes October 22d, being the best Exposition ever held on the Pacific Coast. So far as Oregon is concerned it will be the forerunner of the Exposition at Chicago in 1893. The principal attractions are the magnificent American Band of Providence, R. I. An art collection valued at \$350,000, and embracing some of the greatest pictures owned in the United States. Immense Horticultural and Agricultural exhibits, the result of the combined efforts of almost every county in the state. A mineral exhibit exceeding all former years. A Stock Department showing tremendous progress. To these are added a larger number of exhibits than ever before; including a magnificent electrical display under the combined Thomson-Houston and Edison Companies. All manufactures in full operation. Government models of Battle Ships. The wonderful Hall of Mystery. The marvelous "Little World," the product of a mechanical TICKETS to and EUROPE genius; all interspersed by novelties incident to the popular special days. Everything new and nothing dead.

All the criminal returns published of late have happily tended to show that crime is decreasing. The judicial statistics for the past year bear the same testimony. Whether under the head of "criminal classes at large" or "in local and convict prisons and reformatories," the figures show a steady decline. The same is true of the houses of bad character, by which is meant such as are the resort of thieves, depredators and suspected persons. In England and Wales there are 2,688 houses of this de-

It seems rather odd to be told that of these 345 are public houses and 265 beer shops, because if they are known resorts of such characters, why are their licenses not withdrawn? Is it for the reason once given by a French administrator that they serve the ends of the law by providing places where those who are wanted by the police can easily be found? The known houses of receivers of stolen goods had declined from 778 two years ago to 724 last year.-London Telegraph.
