**JUDGE NELSON'S DECISION.**

Speaking of patent medicines, the Judge says: "I wish to deal fairly and honorably with all, and when I find an article that will do what it is recommended to do, I am not ashamed to say so. I am acquainted with Dr. Vanderpool (having been treated by him for cancer), and have used his blood medicine, known as the S. B. Headache and Liver Cure, and while I am 75 years old, and have used many pills and other remedies for the blood, liver and kidneys, I must say that for a kidney tonic in Bright's disease, and as an alternative for the blood, or to correct the action of the stomach and bowels, it is a very superior remedy, and beats anything I ever tried."  
J. B. NELSON,  
Yakima, Wash.

At 50 cents a bottle. It is the poor man's friend and family doctor.

**JOHN PASHEK,**

## GAY NEW YORK CITY.

Beautiful Procession of Children in the Streets of Gotham.

SECOND DAY OF THE CELEBRATION.

All the Public Buildings and Offices Elegantly Decorated.

AN IMMENSE THROGG PRESENT.

Reviewed by Vice-President Morton, Ex-President Cleveland and Mayor Grant.

NEW YORK, Oct. 10.—The celebration of the Columbus anniversary was taken up this morning with a parade of students in the schools and colleges, in which about 25,000 young people took part. It started at Fifty-seventh street, marched down Fifth avenue to Seventeenth street, back to Fifth avenue, and thence along Fifth avenue, and under the arch at University place, where the parade disbanded. The procession was made up of 20 regiments of grammar-school children numbering 10,500, and 1000 children from the Long Island city schools. Roman Catholic schools were represented by 5500 scholars. Then came the students of Columbia college to the number of 1000, University New York 1200, College of New York 500. These were followed by students of the medical and pharmaceutical colleges, art and other schools, uniformed military schools, private and other church and miscellaneous schools. The day opened at sunrise with a salute from the cannon of old Fort Columbus, on Governor's island.

The city is in gala attire. Everywhere public buildings, business houses and private residences, elevated trains, surface cars, wagons, trucks, cabs, even the horses, are decked with bunting and flags, streamers, gonfalons, rosettes, shields, festoons and garlands, in honor of the day. The weather is perfect with bright sunshine and crisp invigorating air. On improvised stands, front steps, windows, trucks and wagons, at the intersecting streets—in fact, everywhere—the coign of vantage was seized on by as many as could gain a footing to view the procession.

The marching column was reviewed by Vice-President Morton, Governor Flower and Mayor Grant. The boys preserved excellent order, and passed the stands with the steady tread of veterans. On one stand 2000 school girls, dressed in red, white and blue, sang patriotic songs as their mates passed by. Ex-President Cleveland was among the witnesses of the parade.

**Lumber Ship Wrecked.**

SAN FRANCISCO, Oct. 10.—The brig J. D. Spreckles arrived this morning from Kahului, Hawaiian islands, and reports the ship William A. Campbell, Captain Havens, from Fort Townsend for Queenstown, was abandoned in a gale August 28th, in latitude 14° north, longitude 120° west. The mate and ten men and a boy arrived in a boat at Kahului September 20th, but Captain Havens and wife and child and the remainder of the crew, who embarked in another boat, had not arrived when the Spreckles left, and it is feared they have been lost. The Campbell sailed August 2d for Queenstown, laden with lumber, valued at \$10,000, in command of Captain E. E. Havens, who was accompanied by his young wife and child. The captain belonged to Thomaston, Me., and was 26 years of age, and the Campbell was his first vessel.

**A Result of the Strike.**

PITTSBURG, Oct. 10.—The Hebrews of this city have been in the habit of selling goods to pack peddlers on credit, and they in turn sold to the Homestead mill workers on credit. The Carnegie strike made the workmen unable to pay and the peddlers are unable to pay their creditors. The result has been the failure of half a dozen of the latter within a week with aggregate liabilities of over \$200,000.

**Gov. Moore Arraigned.**

Union Journal. Ex-Gov. Moore is doing his level best to turn Walla Walla county and the state of Washington over to Cleveland. Possibly he is doing this because Harrison made him an ex-Governor.

**The Dalles Breaks Bread.**

Klamath Star. Tuesday the Oregon Press Association opened its annual session at The Dalles, and the preparations being made in that enterprising city for the event proves for the 699th time that enterprise and hospitality go hand in hand. The Dalles, the great wheat centre of the Inland Empire, breaks bread with the Oregon editors this time, and we doubt not that the entertainment will be altogether royal. The enterprising entertainers are smart enough to understand the advantage to be derived from treating the country press well. In fact, any community is lamentably blind that cannot perceive the vastness of the influence the rural editors are capable of exerting in the best direction for a place like The Dalles, whose industry, intelligence and get-up struggles to make known to the outside world the shape of their city's destiny. There is no state of like wealth and population in the nation whose press is ahead of Oregon's in the matter of making people feel that it is there. So, knowing their annual session to be promotive of success, welfare and happiness all around, we are looking sadly to the pressure of the duties under which we dole out our regrets this time.

**Telephone Line Coming.**

Pendleton Tribune. The local manager of the Inland telephone and telegraph company here has for the past six months been trying to arrive at some understanding with the company and the people interested relative to building a telephone line from Pendleton to Pilot rock, Camas, Long creek, John Day and Canyon city. The manager has finally come to an understanding with the company which he thinks will be satisfactory to the people, as follows: "The people are to furnish the poles on the ground. The company will set the poles up, furnish wire, labor etc., and put the line in working order." This may appear to be asking too much, but when you consider the large bonus given to the railroads here and the large amounts offered for the building of factories, the asking is not too much. It will be a long time before a railroad or telegraph line will be built along the route mentioned, and the benefit of a telephone line until telegraph is completed, and even after, would be very great to Pendleton and other places mentioned. Manager Fletcher reports meeting with success in Pilot rock Saturday and is of the opinion that the line will be put in within the next sixty days.

**Eggs vs. Glory.**

Klamath Star. Said the Hon. John Minto: "The man who would breed a hen with the capacity to transmit to her progeny ability to lay twelve eggs per year more than the best hens now lay, would do far more to promote the actual welfare and enjoyment of the human race than he who breeds a horse which breaks the speed records." We suspect the Hon. Minto don't know how glorious it is to get there. Had John's father been bred with the capacity to transmit to his progeny the ability to breed horses with which to break the record, John would have been breeding horses now, instead of covering our glorious record-breakers with eggs instead of glory!

**Conference of the Mormon Church.**

SALT LAKE, Oct. 10.—The 62d annual conference of the Mormon church has closed. The president failed to come forward with the customary new revelation. Reports of the various states in Utah, Idaho, Wyoming, Colorado, Arizona and New Mexico showed a total membership of over 250,000. It was decided to dedicate the new temple April 4th, 1893. This was commenced forty years ago, and cost \$2,500,000.

**Law Suit for a Kidney.**

CINCINNATI, Oct. 10.—Attorney J. C. Black expects to begin tomorrow a replevin suit to regain possession of a wealthy man's kidney. It is claimed by Mr. Black that two years ago a well-known surgeon of this city removed a kidney for his client, but it was a sound kidney and not diseased. The removed kidney is wanted as evidence in a damage suit. The surgeon admits that he has the kidney but refuses to give it up.

## THE IDAHO CAMPAIGN.

Many Democrats Declare They Will Vote With the Republicans.

BIG MEETING AT BLACKFOOT.

The Cleveland Electors' Withdrawal Has Paralyzed the Party.

THE HEADLESS ROOSTER TYPICAL.

The Bone and Sinew of the Democracy Will Not Obey the Orders to Surrender to Weaver.

BOISE CITY, Oct. 11.—The largest political meeting ever held in Bingham county was held in Blackfoot, the home of Senator Dubois. Special trains ran from Idaho Falls and Pocatello bringing as many as 1000 people to Blackfoot. McConnell and Senator Dubois were present, and Sweet and Dubois spoke on issues of the campaign. Hundreds of democrats announced openly that they will vote the republican ticket and hundreds more say they will not vote at all. The withdrawal of Cleveland electors paralyzed the democratic party in Idaho and the democratic state committee is roundly denounced. In the torchlight procession at Blackfoot last night were many banners and transparencies. One represented a rooster with his head cut off, typical of the democratic party in this state. One had a motto, "Obey Orders from Tillinghast and Beane, Ye Democrats, and Vote for Weaver." Information comes from all sides that the democrats will not sanction the betrayal of the party. It is rumored that the Idaho Democrat, the oldest and leading democratic organ in the state, will openly repudiate the action of Tillinghast and Beane in withdrawing the democratic ticket. It still carries Cleveland and the electors at the head of its columns. No single democratic paper in the state has up to the time taken down the Cleveland electoral ticket.

**The Marriage Service Amended.**

BALTIMORE, Oct. 10.—The Episcopal general convention resumed its sessions this morning. After devotional exercises and memorials for deceased members, the revision of the prayer book was resumed. The following was inserted in the marriage service between the words "which" and "is commanded": "Is an honorable estate, instituted of God in the time of man's innocence, signifying unto us the mystical union that is betwixt Christ and his church, which holy estate Christ adorned and beautified with his presence, and the first miracle that he wrought in Cana of Galilee."

**Grave Outlook for Farmers.**

LONDON, Oct. 10.—Commenting upon the special account of the condition of the British crops published in its columns, the Times says: "The conclusion on the whole is, that the present year will be disastrous for the British farmer. The chief loss will be in wheat, while there will be no adequate set off in any other crop. The outlook for the winter is gloomy for all classes. It becomes a grave question how many farmers will be able to struggle through it."

**Not a Very Probable Story.**

CHICAGO, Oct. 10.—A morning paper says the attempt was made by the local democratic executive committee to bribe a messenger of the people's party not to take his party's nomination papers in this state to Springfield, and so prevent their being printed in the official ballots. The sum alleged to be agreed upon was \$3,000. At the last moment the messenger was changed and the plan fell through.

**Mrs. Harrison's Condition.**

WASHINGTON, Oct. 10.—Mrs. Harrison did not rest well as usual last night, but at 9 this morning she was sleeping comfortably.
