JUDGE NELSON'S DECISION.

Speaking of patent medicines, the Judge says: "I wish to deal fairly and honorably with all, and when I find an article that will do what it is recommended to do, I am not ashamed to say so. I am acquainted with Dr. Vanderpool (having been treated by him for cancer), and have used his blood medicine, known as the S. B. Headache and Liver Cure, and while I am 75 years old, and have used many pills and other remedies for the blood, liver and kidneys, I must say that for a kidney tonic in Bright's disease, and as an alternative for the blood, or to correct the action of the stomach and bowels, it is a very superior remedy, and beats anything I ever tried."

SANTOS MURDERED AND ROBBED.

An American Civil Engineer of Some Prominence in Mexico.

REVOLTING MURDER IN ALABAMA.

Four Negroes Confess and are Strung up to a Tree by a Committee From Judge Lynch.

PITTSBURG, Oct. 14.—Mrs. Mack, on her way home with the dead body of her convict son, met at the depot here yesterday another son on his way to the state prison. James Mack of McKean county, died at the Western penitentiary Wednesday. His mother had nursed him in his sickness, prepared his body for burial and had started with it for home. While waiting for a train she saw Sheriff Gruff with five prisoners, among them her youngest son, Jack. As soon as Mrs. Mack spied the sheriff she rushed to him, threw her arms about his neck, and cried as though her heart would break. John Mack is said to have a callous heart, but he wept at seeing his brother lying dead within a few feet of him, and his mother pleading for mercy for him. During the five minutes that Sheriff Gruff allowed him to talk with his mother he hung his head in shame, the tears trickling down his cheeks. Another son is serving a term in prison. The three boys were thieves.

An Engineer Murdered and Robbed.

PUEBLO, Oct. 14.—The first news reached here two days ago of the death under mysterious circumstances of Santos, an American civil engineer of prominence in Mexico, at a point on the Teocuita and Papautla railway. Members of the American colony in this city set on foot an investigation into the cause of the unfortunate man's death and today discovered that he was murdered and robbed. He was attacked from ambush by a band of outlaws as he was making his way through the country on a burro, accompanied by a Mexican servant. His body was badly mutilated. It is not known how much money the robbers secured, but it is thought to be a small amount.

Revolting Crimes.

BIRMINGHAM, Ala., Oct. 14.—The following is an account of the lynching of four negroes near Monroeville yesterday: Last Friday night Richard L. Johnson and his accomplished daughter Janette were murdered in a most revolting manner and their bodies burned to conceal the crime. Four negroes, after several days' search, were arrested, confessed the crime, and were lodged in jail. Yesterday a mob overpowered the sheriff, took the fends out, strung them up to a tree, riddled their bodies with bullets, then cut them down, and tore them limb from limb, gathered the pieces together and burned them. The names of the lynched are: Jim Packer and brother, Mose Johnson and Parrell Jones.

Suicide of a Police Officer.

NEW YORK, Oct. 14.—Policeman George Jones, 29 years old, of the East Twenty-second street station, shot and mortally wounded himself in the abdomen last evening while visiting at the home of his uncle, Nathan Jones, in Williamsburg. The attempted suicide was evidently the result of a sad bereavement which the policeman recently suffered in the death of his sweetheart, Miss Mary Burns, daughter of a wealthy widow. Policeman Jones' parents and two sisters reside in San Francisco. Jones had an exceptional record and had twice received honorable mention from the commissioners. To him is credited the breaking up of the notorious "stable gang." He shot and killed their leader, "Rat" Geoghegan, on January 2nd, 1891, after Geoghegan had fired five shots at him. Although the other members of the gang threatened vengeance, he kept arresting and interfering with their proceedings until they gave up the struggle and disbanded. He did excellent work as a detective, arresting "Dan" Kennedy for the murder of John Keating about nine months ago, and capturing Charles Keiser for the murder of H. Wolf, May 30th of this year. The evidence that he produced sent them both to prison for long terms.

Iron Hall Officers Indicted.

INDIANAPOLIS, Oct. 14.—Late yesterday afternoon the Marion county grand jury returned indictments against seven of the supreme officers of the Iron Hall, as follows: Freeman X. Somerby, supreme justice, Indianapolis; Mark David, supreme cashier, Indianapolis; J. T. Younghusband, supreme trustee and chairman of the board, Detroit, Mich.; J. Henry Hays, supreme trustee and secretary of the board, Camden, N. Y.; George C. Fountain, supreme trustee, Jersey City, N. J.; E. W. Rouse, supreme trustee, Baltimore. The first count charges them with the embezzlement of \$700,000 of the order's funds, which were converted to their own use. The second charges them with converting to their own use \$200,000, by using it in Somerby's bank at Philadelphia. The necessary papers will be issued today, and the governor will be asked for requisitions. The grand jury has not completed its work as far as the officials of the Iron Hall are concerned. There are more of the "supremes" who were not implicated, and their cases will receive attention at the next session.

Want to Come to the Coast.

MINNEAPOLIS, Oct. 14.—This morning when the Congressional council was relieved of the soberer parts of its work by allowing the advocates of the different cities who wanted the next meeting a chance to speak in favor of their respective cities, wave after wave of laughter and applause rolled upward from the auditorium at the humorous speeches made. The matter came up on the report of the committee on place and time of the next meeting, which was in favor of the Pacific Coast, either San Francisco or Tacoma. Dr. Brown, of San Francisco, took occasion to say that San Francisco had long waited for the holding of this or some other body of the church and hoped now the council would decide on his city. Dr. Hallock, of Tacoma, made a speech in favor of this city, which he said would give \$10,000 to entertain the council. It was voted by a large majority to meet on the Pacific Coast at a point to be decided upon by the provisional committee. After further consideration, committee work occupied the rest of the session.

Too Free With His Knife.

STRAWN, Ill., Oct. 14.—This village was in a great state of excitement today over a stabbing affair last night, when Jesse Dennis fatally stabbed Frank Hoffman and Christ Shippleman. Dennis, who is a well-to-do farmer living several miles west of Sibley, overtook Hoffman and Shippleman on the road, and, after a quarrel, challenged them to fight. They got out of their buggy and Dennis immediately attached them with a dirk, stabbing Shippleman in the left lung and Hoffman over the heart. The driver of their buggy took them back to town. Hoffman died at 11 o'clock this morning and word was received that Shippleman is worse. When the news reached Sibley the people began to talk of mob law, and were preparing to come here to storm the jail. When the authorities heard of the matter they took the prisoner to Paxson. Here a mob of 300 gathered at the depot, and it was with great difficulty that the prisoner was put on the train.

The Receipts Were Forgeries.

SAN ANTONIO, Tex., Oct. 14.—In the investigation into the alleged shortage of funds in the San Antonio and Arkansas Pass railway receivership, ex-Auditor A. G. Cooper's receipts for sums alleged to have been paid Receiver B. F. Yoakum were practically proved to be forgeries. Yoakum was out of town on the dates borne by the receipts. The grand jury today returned additional indictments against Cooper, charging him with forgery. The apparent shortages in the receiver's accounts amount to \$15,000.

Terrorized The Passengers.

KOKOMO, Ind., Oct. 14.—A trainload of passengers returning from a barbecue this afternoon were thrown into a panic by the actions of an unknown man, who walked through the coach, swinging a revolver and shooting at random. James Kelley, of this city, was shot and fatally injured. The man who did the shooting escaped from the train and is not known.

AN EARLY BLIZZARD.

A Forecast of Winter on the Opposite Side of the Continent.

SEVEREST STORM EVER KNOWN.

Railway Trains Blockaded in Eighteen-Foot of Snow Cuts.

COACHLOADS AND MORE COMING.

Nobody Knows Where the Belated Trains are—Great Loss of Cattle and Horses.

CHEYENNE, Oct. 14.—For two days the severest storm ever known on the Union Pacific has been raging here and as far west as Ogden. Telegraphic communication is cut off in all directions. This dispatch goes through a temporary wire. All the railroads are blocked with snow in cuts eighteen feet deep in some places. Snow plows have been hard at work between Granite and Laramie, with the snow five feet deep on a level. Half a dozen east-bound trains tied up here last night, and thirty coachloads of people from the West pulled in, with more to follow. The Cheyenne Northern is entirely blocked and no one knows where the belated trains on it are. Reports are being received of an immense loss of cattle and horses in northern Colorado and Wyoming. It is estimated almost one-third of all the animals on the ranges are destroyed by the storm. An unknown man perished in the storm near Greeley yesterday.

Devastated by Prairie Fires.

WINNIPEG, Oct. 14.—The western half of Alberta, a ranching district of the Northwest, has been devastated by prairie fires. Thousands of tons of hay and many buildings are burned. It is feared many cattle perished. The flames advanced so rapidly the ranchmen were compelled to mount horses and flee for their lives. Unless they can find new ranges they scarcely will be able to tide their stock over this winter, and the consequent loss will be enormous.

Fatal Train Wreck.

PROVIDENCE, R. I., Oct. 14.—Two freight trains on the New London & Northern road collided near New London this morning. Charles Heeny and William Gillen, of Boston Springs, N. Y., and two other men, names unknown, riding with a carload of horses on their way to the fair at Poquonnock, Conn., were killed, together with three horses.

Dynamite Found Near Fresno.

FRESNO, Cal., Oct. 14.—Officers have made an effort to conceal from the public the fact that enough dynamite has been discovered just outside the city limits to blow up half the city of Fresno. The dynamite was discovered in a deserted slaughter-house on the eastern edge of the city by two small boys. The dynamite consisted of thirty cartridges eight inches long; fourteen of them were primed and had fuses attached. There were 150 feet of fuse, ten pounds of buckshot, gun-wads and other articles. All were wrapped in a blanket. In a separate package, wrapped in chainoil skin, was a large quantity of pulverized nitroglycerine, enough to blow up fortifications. Detective Will Smith has been here investigating the matter. He is satisfied the dynamite was meant to blow up the jail here and liberate George Sontag. There is enough of it to blow the jail to atoms. A guard is kept in the jail night and day, and the closest watch is kept. Persons have called to see Sontag of late, but they are watched closely, so that they can pass nothing through the bars to him. The kit of saws found some time ago in the jail makes the officers watchful. Altogether, there is a very uneasy feeling here at present.
