FOR PRESIDENT, BENJAMIN HARRISON, of Indiana. FOR VICE-PRESIDENT, WHITELAW REID, of New York. FOR PRESIDENTIAL ELECTORS, J. F. CAPLES, of Portland. H. B. MILLER, of Grant's Pass. G. M. IRWIN, of Union. D. M. DUNNE, of Portland.

Commenting upon the recent rich discoveries of minerals northwest of Mt. Adams, a contemporary says: "Mr. Golden's discovery is located eighty miles from Goldendale, on the northwest side of Mt. Adams and in the northeast corner of Skamania county. It can be reached in two days' travel. Of that distance sixty miles can be made by wagon and twenty miles by pack train over a good trail. A saw mill is on the way in, and a hotel is to be erected. Job Angell, an expert, who has recently examined the prospect, left for Portland to order a quartz mill and smelter. One hundred claims have been taken. Many good prospects remain that have not been covered by claims. No claim I ever saw in California in the fifties," said Mr. Golden, "presented the prospects of this find. My claim is 600x1500 feet, and I believe from appearances there is valuable mineral all through it, I have immense timber on either side, and water power sufficient to run any machinery I may desire to put in."

The West Coast Trade, published at Tacoma, has the following under date of October 13, regarding the wheat outlook: "The wheat market is strong and active, with fairly steady tendencies. Dealers are bidding with more alacrity, and the result is very satisfactory. One sale at Oakesdale last week of 25,000 bushels on board cars to Tacoma buyers at 56 1/2, caused considerable excitement and forced up prevailing prices 1 1/2 cents immediately. Receipts continue large at Tacoma elevator, averaging 60,000 bushels daily, which is being handled with dispatch. There are over a dozen wheat ships in the harbor, and two have so far completed their cargoes for Europe, while three others are being loaded."

Let us hope that fifty years hence may accomplish for The Dalles all that a century past has for Buffalo. Commenting upon the centennial the Courier says: "Buffalo, too, may join the hoary-headed centenarians. It was in 1792 that the Holland land company first acquired a title to the site on which this city stands today; moreover, just a century ago today a solitary white man lived on all this region, his cabin being on the spot now occupied by the Mansion house, a stone's throw from the Courier building." Buffalo is now a city of nearly 300,000 population. Inland commerce and manufacturing has made the city what it is.

A terrible hurricane is raging along the entire coast of the Gulf of Mexico. Many vessels lying in the port of Vera Cruz dragged their anchors, and the steamship St. Germain is in imminent danger of becoming a wreck. It is rumored that one ship sank. Many buildings along the coast were destroyed by the force of the gale Saturday night.

Owing to the wet spring Minnesota, North and South Dakota raised this year only 100,000,000 bushels of wheat, a falling off of 60,000,000 from last year's phenomenal yield. In the winter wheat states, except Nebraska, the yield has been reduced by drouth. Nebraska will yield 22,000,000 bushels.

The president has signed the proclamation opening to settlement the surplus lands of the Crow Indian reservation in Montana, aggregating 1,800,000 acres. They will be open to settlement at once.

In the match for the LaCrosse championship of the world at Montreal the Shamrocks of Montreal won three games out of five from the Capitals of Ottawa and carried off the championship.

The Chicago election commissioners have decided that women are entitled to register and vote at the coming election, but for trustees of the state university only.

M. Laland, French consul at Messina, is appointed to represent France in a similar capacity at San Francisco, Cal.

The 2-year-old colt American, by Onward, dam by Dictator, has been sold to C. J. Hamlin of Buffalo for \$15,000.

Brought back to health—sufferers from the worst forms of Skin and Scalp Diseases, Scrofulous Sores and Swellings, and all manner of blood-taints. It's done by Dr. Pierce's Golden Medical Discovery, which purifies and enriches the blood, and through it cleanses and renews the whole system. Even Lung-scorfula (known as Pulmonary Consumption) yields to it, if taken in time and given a fair trial. It's guaranteed to benefit or cure, in every case, or money paid for it is refunded. Only a medicine that does what is claimed for it, could be sold on such terms. No other medicine, besides the "Discovery" has undertaken it. So positively certain is it in its curative effects as to warrant its makers in selling it, as they are doing, through druggists, on trial!

The Portland Exposition. The Union Pacific system will extend to its patrons the usual reduced rates on round trip tickets which will include admission to the exposition, selling on Mondays, Tuesdays and Fridays of each week. Detailed information can be had by applying to E. E. LITTLE, agent.

It is not unusual for colds contracted in the fall to hang on all winter. In such cases catarrh or chronic bronchitis are almost sure to result. A fifty cent bottle of Chamberlain's Cough Remedy will cure any cold. Can you afford to risk so much for so small an amount? This remedy is intended especially for bad colds and croup and can always be depended upon. For sale by Blakeley & Houghton, druggists.
