

National Republican Ticket.

FOR PRESIDENT, BENJAMIN HARRISON, of Indiana.

FOR VICE-PRESIDENT, WHITELEW REID, of New York.

FOR PRESIDENTIAL ELECTORS, J. F. CAPLES, of Portland. H. B. MILLER, of Grant's Pass. G. M. IRWIN, of Union. D. M. DUNNE, of Portland.

Readers of Dickens will easily recall the intense anxiety which was felt by Mr. Baps, little Dombey's dancing master, over the terrific dangers to which England was exposed by "the drain of gold." He dwelt upon this theme, at great length, in solemn discourse with Mr. Toots, inquiring what we should do, if Russia poured in her tallows and Africa her palm oil, to the manifest drain of our gold, in exchange for a flood of foreign products. Mr. Toots, with that sturdy common sense which ever characterized him, replied: "Cook 'em." But, as the historian records, Mr. Baps seemed to think that this would hardly do. In this, however, Mr. Baps showed his inferior grasp of the situation. For that which the immortal Toots recommended is exactly what all civilized nations do. Innumerable Bapses flourish upon American soil and perpetually afflict their souls over the balance of trade and the drain of gold. But the drain of gold is not so bad for Uncle Sam when it can be purchased with United States paper money at par, for export, as was done last summer to the amount of \$10,000,000.

There appears now to be some foundation in fact concerning the combination of the U. P. R. Co. and the Astoria and Portland railway. Corey Bros. & Co. hold claims against the road to the amount of \$325,000 and a new organization has been formed, consisting of Corey Bros., Mr. Kiesel, a capitalist of Ogden, and others. These gentlemen have taken up the claims and will pay them off. The new proposition submitted to the trustees only differs slightly from the old contract, and provides that the time of finishing the road be extended until December, 1893. If satisfactory arrangements can be completed, work will be resumed early in November. Several eastern parties have been looking over the ground with a view to purchasing the road.

Careful inquiries have been made among the mill men and timber cruisers in order to ascertain how much cedar there is standing. While accurate figures cannot be obtained, the most conservative estimate is that the supply will not be exhausted within 40 years. It is said that there is enough red cedar between Puget sound and Gray's harbor to supply the demand for twenty-five years. By that time there will be a second growth.

An Omaha rainbow says three of the most influential democrats of Nebraska, in secret session all last night, have decided to support the Weaver presidential electors. The democratic electors will be kept in the field, however, to maintain the party organization. As the three parties have been about equally divided, it is believed this will certainly beat the Harrison electors.

Sam L. Simpson, Oregon's bard, is now connected with Astoria's new democratic daily, the Budget. Mr. Simpson at one time was managing editor of the Overland Monthly Magazine, published at San Francisco, was also employed at a large salary by the Bancroft Historical Publishing company, and has held other responsible and important positions.

Agents of the pest ship companies of New York whose boats were detained in quarantine have adopted resolutions in praise of the course of Dr. Jenkins. This is important, considering the fact that they were the greatest sufferers from the cholera scare, as well as the producers of the trouble.

A New York clergyman thinks that Columbus, so far from being a great hero, was, in fact a rather cheap and despicable person. The clergyman does not seem to appreciate the privilege of having been born in America.

One of the modern French novelists has been accused of plagiarizing from himself. Here is a case where the crime of theft appears to be complicated with the sin of bad critical judgement.

The people's party is now so fused and amalgamated with other parties that its members have considerable difficulty in sorting themselves out.

Like another woman—the one who's used Dr. Pierce's Favorite Prescription. She's a stronger and a happier woman—and a healthy one. The aches, pains, and weaknesses, that made life miserable are gone—the functional disturbances or irregularities that caused them have been cured. Face and figure show the change, too. Health has restored the charms that rightfully belong to her. For all the weaknesses and ailments peculiar to womanhood, "Favorite Prescription" is a positive remedy. No other medicine for women is guaranteed, as this is, to give satisfaction in every case, or the money is refunded. Its proprietors are willing to take the risk. What it has done, warrants them in guaranteeing what it will do. It's the cheapest medicine you can buy, because it's guaranteed to give satisfaction, or your money is returned.

You only pay for the good you get. Can you ask more? That's the peculiar plan all Dr. Pierce's medicines are sold on.

NOTICE. All Dalles City warrants registered prior to January 6, 1891, will be paid if presented at my office. Interest ceases from and after this date. Dated October 13th, 1892. L. RORDBEN, Treas. Dalles City.

Too Much of a Risk. It is not unusual for colds contracted in the fall to hang on all winter. In such cases catarrh or chronic bronchitis are almost sure to result. A fifty cent bottle of Chamberlain's Cough Remedy will cure any cold. Can you afford to risk so much for so small an amount? This remedy is intended especially for bad colds and croup and can always be depended upon. For sale by Blakeley & Houghton, druggists.
