INCREASE OF WAGES.

These are the days when cold facts and figures talk for the McKinley bill, and when the calamity shriekers are finding themselves stranded here and there without an occupation. Recently some interesting statistics from the democratic Boston Herald regarding the marked increase in the manufactures of that city, as well as in the number of men employed and the yearly wages received by them, were published. Now the census office comes forward with official bulletins covering the manufacturing of sixteen cities, and showing the advance that has been made within the past decade both by the manufacturers and the workmen. The record is a cheery one:

Table with 4 columns: Cities, Per cap. Wages '80, Per cap. Wages '90, Increase in '90. Lists cities like Evansville, New York, Chicago, Milwaukee, Rochester, Buffalo, Lynn, Kansas City, Atlanta, Nashville, Denver, Cleveland, Philadelphia, Dayton, Grand Rapids, Los Angeles.

Isn't it early time the democracy were fortifying their calamity talk with a few authentic statistics in substantiation of the oft-asserted claim that protection stifles industry and reduces wages? Here are sixteen cities wherein wages have increased since 1880. It will be a long time before the democracy will find ten cities showing a decrease.

J. F. Borkelaw and Frank M. Conroy of Brooklyn, N. Y., left Ogden last month to examine the territory of the cliff dwellers. While following a narrow trail above a gorge, Conroy's pack mule became fractious and they both went over the precipice together. Conroy lighted on a ledge of rock, wounded, near an eagle's nest and the old bird attacked him, tearing him with beak and talons, and he finally fell off the rock and was dashed to pieces below. His companion returned alone to Ogden yesterday.

Rapid transit from the east to Spokane by fast freight over the U. P. R., has enabled an oysterman from Baltimore to establish a packing house there. They are now shipping their oysters direct from the beds at Baltimore and Long Island by the fast express, and upon arrival here are packing for distribution to city trade and surrounding points, at a saving of from twenty-four to forty-eight hours in time, and twenty to twenty-five per cent. in cost, over the old style.

Forty blocks of low lands lying along the river front in East Portland are to be filled in at an early day. The estimated cost will be \$300,000, and the work will increase the value of the property to at least \$1,600,000. The Bowers dredge will pump gravel and sand from the river upon the land and the harbor along that side will thereby be greatly improved.

The wheat brigade at Latah was photographed the other morning, when over 60 teams were in line waiting to unload. Representations of the warehouses, filled to overflowing, and the long train of grain laden wagons will prove effective immigration documents in eastern sections.

That the fact was not ascertained until after the wreck and loss of many lives, that the Roumania was unseaworthy, causes a suspicion that the British are not so careful about marine inspections as the Plimsolls and Lloyds would have the world believe.

Sheep throughout the Inland Empire are in excellent condition. As there are but few for sale their price is advancing. There is an unlimited quantity of feed in the country and owners are well prepared for a hard winter should it come.

The Colton News-Letter states that much of the wheat stored at that point is being hauled to Pullman for shipment, because the Northern Pacific does not furnish cars to ship from the former town.

After dinner, if you have discomfort and suffering, take Dr. Pierce's Pleasant Pellets, or Anti-Bilious Granules. They're made to assist Nature in her own way—quietly, but thoroughly. What the old-fashioned pill did forcibly, these do mildly and gently. They do more, too. Their effects are lasting; they regulate the system, as well as cleanse and renovate it. One little Pellet's a gentle laxative; three to four act as a cathartic. They're the smallest, cheapest, the easiest to take. Unequaled as a Liver Pill. Sick Headache, Bilious Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the stomach and bowels, are promptly relieved and permanently cured. They're the cheapest pill you can buy, because they're guaranteed to give satisfaction, or your money is returned. You only pay for the good you get. Can you ask more?

Please Report. Subscribers will oblige THE CHRONICLE by promptly reporting if their papers are not delivered, or the delivery boys do not place them in a safe place. The distribution of the papers is one of the most perplexing questions to be solved by a newspaper. If you do not get your paper, kick. We are endeavoring to keep things straight.

Examination of Teachers. Notice is hereby given that for the purpose of making an examination of all persons who may offer themselves as candidates for teachers of the schools of this county, the county school superintendent thereof will hold a public examination at his office in The Dalles, beginning Wednesday, November 9th, 1892, at one o'clock p. m. All teachers eligible for state certificates, state diplomas and life diplomas must make application at the quarterly examinations. Dated this Oct. 31, 1892. TROY SHELLEY, County School Superintendent of Wasco County, Oregon. 10.31dwttd

The Fence of the Future. There are a number of strong points in favor of the Tuna Hedge as the fence of the future, the advantage of this kind of a fence may be briefly enumerated as follows: It becomes a perfect barrier against all kinds of domestic animals after three years growth; does not sap or impoverish the ground, being a strictly atmospheric plant, and will not grow from the seed or by cutting the roots hence will not spread, it grows only to a certain uniform height and therefore does not require trimming, it has been thoroughly and successfully tested in northern climates and does not kill out in the winter time, it serves the double purpose of usefulness and ornamentation, as it is an evergreen and blooms during three months of the year, an invitation is extended to thoroughly test its merits, and every one will be convinced that it possesses all the advantages claimed for it. Messrs. Johnson & Payne are now taking orders for the Tuna Hedge and have met with uniform success. Any one wishing a living growing fence something that will not spread and will be a fence for all time to come should give their orders now and get their fence started this fall.

NOTICE. All Dalles City warrants registered prior to January 6, 1891, will be paid if presented at my office. Interest ceases from and after this date. Dated October 13th, 1892. L. RORDEN, Treas. Dalles City.

Too Much of a Risk. It is not unusual for colds contracted in the fall to hang on all winter. In such cases catarrh or chronic bronchitis are almost sure to result. A fifty cent bottle of Chamberlain's Cough Remedy will cure any cold. Can you afford to risk so much for so small an amount? This remedy is intended especially for bad colds and croup and can always be depended upon. For sale by Blakeley & Houghton, druggists.

THE NEW TOWN has been platted on the old camp ground, at the Forks and Falls of Hood river, with large slightly lots, broad streets and alleys, good soil, pure cold water and shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort and for all Oregon, being the nearest town to Mt. Hood. It is also unparalleled as a manufacturing center, being the natural center for 150 square miles of the best cedar and fir timber, possessing millions of horse power in its dashing streams and waterfalls, easily harnessed. Where cheap motive power exists, there the manufacturing facilities will center, surrounded by soil and climate that cannot be excelled anywhere for fruit and agriculture, and with transportation already assured you will find this the place to make a perfect home or a paying investment.
