National Republican Ticket.

FOR PRESIDENT, BENJAMIN HARRISON, of Indiana.

FOR VICE-PRESIDENT. WHITELAW REID. of New York.

FOR PRESIDENTIAL ELECTORS.

J. F. CAPLES, of Portland.

H. B. MILLER, of Grant's Pass.

G. M. IRWIN, of Union.

D. M. DUNNE, of Portland.

Mr. Blaine, writing in the North American Review-regarding the present political canvass, presents very clearly certain features which are the reverse of discomforting. Mr. Cleveland has reconstructed the platform of the democratic party in certain important particulars; for, under the leadership of their candidate, the democrats have turned their backs on free trade and are headed for a low tariff on manufactured products and free raw materials. It is true, as Blaine says, that the two great parties are closely in line on many points, and the rage of partisanship has greatly abated. But there is another are not delivered, or the delivery boys do not place them in a safe place. The feature of this notable article of Mr. Blaine. It shows by its deductions that Blaine. It shows by its deductions that most perplexing questions to be solved Mr. Cleveland sways the democratic by a newspaper. If you do not get party, which obeys his masterful hand with complete docility, evidence of to keep things straight. with complete docility, evidence of which we have seen in Oregon this week. Mr. Harrison, on the contrary, is an able artisan directed by the imperious arm of the republican party. A more all persons who may offer themselves as striking contrast of two methods of wise candidates for teachers of the schools of and conservative government by the people could scarcely be presented. Mr. Cleveland rules his party; Mr. Harrigining Wednesday, November 9th, son's party rules him. It may be doubted whether the democrats have had such a leader before since the days of Jackson; certainly the republicans tions. Dated this Oct. 31, 1892.

They Sureller. have never had a director of works at once so obliging and so competent as is County School Superintendent of Wasco the present occupant of the white house. For Lincoln and Grant led their party with power and determination.

by the democracy of Alabama, Arkansas and New York, to suppress United States marshals at the election on Tuesday, has caused Attorney Gen. Miller to issue an order which closes as follows:
"The laws must be enforced. Marshals are warned under penalties of the law against any interference with the rights. against any interference with the rights of citizens, and at the same time will does not require trimming, it has been these views will be sent to United States marshals in all parts of the country." In reference to the question as to whether the United States marshals have a right to be within the guard rail of polling places, it has been answered in the attorney-general's circular of October 31st, Tuna Hedge and have met with uniform plicit there is no room for discussion.

In a campaign speech at Geneva, N. Y., Congressman Dingley of Maine said that in 1860 the whole annual value of manufactured products in this country was only \$800,000,000, while now the annual value of the manufactured products of the Empire state alone was over three times that sum. It is not well to pause to consider whether it were wise to overthrow a policy of protection that had brought about such marvelous industrial progress. From all over the land come proofs that the people are alive to the great debate. Protection or free-trade is the real issue. Shall we help Great Britain at sore cost to our own people, or shall we be just to ourselves? Shall bottle of Chamberlain's Cough Remedy we love our neighbor across the ocean will cure any cold. Can you afford to better than we love those of our own risk so much for so small an amount? better than we love those of our own household?

The report on the internal commerce & Houghton, druggists. of the United States, by the chief of the bureau of statistics at Washington, says that the value of the commerce passing through the Sault Ste Marie canal, to S. L. YOUNG, and from lake Superior and beyond, increased from \$28,000,000 in 1881 to \$128,-000,000 in 1891. This increase is largely in goods for the great farming region of the northwest, and in the products of their farms coming eastward. The poor, plundered bread-winners, ground down and robbed by protected monopolists, manage to hold their own tolerably well, even to gain a trifle. Strange to say, their gain under this wicked McKinley tariff actually increased.

All we claim for it is an unequaled remedy to purify the blood and invigorate the liver. All the year round you can depend on Dr. Pierce's Golden Medical Discovery in all cases of blood-taints or humors, no matter what their name or nature.

It's the cheapest blood-purifier sold through druggists. No matter how many doses of other medicines are offered for a dollar.

Why? Because it's sold on a peculiar plan, and you only pay for the good you get.

Can you ask more? "Golden Medical Discovery" is a concentrated vegetable extract, put up in large bottles; contains no alcohol to inebriate, no syrup or sugar to derange digestion; is pleasant to the taste, and equally good for adults or children.

The "Discovery" cures all Skin affections, and kindred ailments.
