FRIDAY - NOV. 4, 1892

LOCAL BREVITIES.

Eastern on the half shell at the Baldwin restaurant.

Messrs. Wilcox and Mackin, of Kent, are in the city.

Mr. James Jordan of Dufur, paid us a pleasant call today.

The Dalles now has a bill poster. A regulation brush and paste artist.

The last of the strawberries for this season at The Dalles, came in today.

A number of empty cars went up at noon today for an excursion in Idaho tomorrow.

Mr. McCorkel is buying wheat at his mill. He turns out a fine quality of flour now.

Scotty Donaldson a sick man from the interior was provided for comfortably by Judge Blakeley today.

Judge O'Day arrived on the noon train, and will speak democracy at the Court house this evening.

Hon. Ralph Dement was a passenger up today, on a trip to Burns. He is not armed, and has no body guard with him.

Judge Bradshaw says that Crossen told him that Morgan said the allegation was false, and that the alligator knew it.

The new photo. gallery going up on Second street will be occupied by Mr. J. Fortin, an artist formerly residing in The Dalles.

Seventy-five cents buys a large fat wild goose, just off the wheat fields of Sherman county. They are fine eating, "so an epicure tells us."

Messrs. Chas. Hall, Henry Laurenson and Mr. Hanson, returned from a days gunning yesterday up in Sherman county with 82 fat wild geese.

Representative Ellis passed up today, returning from the big republican jubilee in Portland last night, where 4,000 Harrison men were in procession.

Wm. Wiseman, who has been "out south," as they say here, intends to bring an action against the Antelope Herald for libel. William denies the soft impeachment.

Miss Rosa Stannus, the well known dramatic reader, will appear in some of her popular characters at the Methodist church in this city Nov. 15th, in behalf of the Epworth league.

The steam wood saw now buzzeth merrily in The Dalles, and the winter's fuel fills many a nook under the trees for want of the commonly ubiquitous wood-shed in the back yard.

Hon. L. L. McArthur and Judge O'Day will address the democracy of Wasco county at The Dalles Court house this evening. It is to be a grand democratic rally, and everybody is invited.

Phil Smith, one of The Dalles pioneers, is very ill at the Cosmopolitan.

A. J. McHarley of 8-Mile is in the city today. He says he'll be holy smoked if he votes for Weaver—Harrity or no Harrity.

The horse thief who got away night before last is still a fugitive. The saddle was taken from a wagon in front of Lochhead's feed store, belonging to a farmer.

A lot more lots will be sold at public auction tomorrow by Auctioneer W. H. Butts, on account of the city of Dalles city. Be in time—property will never again be so low in The Dalles as it is now.

At an auction sale of horses up at the East End this afternoon the only bid for a fifty-seven dollar horse was six dollars. As the bidder wanted the auctioneer to throw in a bale of hay the sale was indefinitely postponed.

The gentleman who struck a vein of kaolin, while digging a well, a bluish vein which turned white after exposure to the air; will learn of something to his advantage by addressing this office. We think he resides in Klickitat county.

Jud. S. Fish is credited with driving one of the best single roadsters in the Inland Empire, his favorite horse Sim Reed; but Tom Kelly says Jud can't pass him on the road with his pacer except in one way, thus:

Speaking about Cleveland's vetoes, and he himself piled them up far above all other presidents of the United States combined; one of the most obnoxious was his veto of the river and harbor bill. It shows that he would close the Columbia river forever, if he could. "Give the devil his due?" Yes, give it to him.

There was a fog on the river this morning and surrounding The Dalles, which it would baffle London to beat. They don't come here often, but when they do they are thick and impressive. Old Sol dissipated every trace of the fog by 10 a. m., and the day has been one to challenge the admiration of the universe.

The wild geese are so thick up in Sherman county this week that when alarmed they resemble a black cloud rising. Charley Hall tells us that he saw ten acres of them rise in one flock. The farmers welcome gunners with outstretched arms, who come there to shoot the game. One man has had to replant his wheat twice in one place on account of the myriads of geese taking the seed.

Dr. Blalock has returned from the dedication of the Columbus fair at Chicago. There were said to be in the one building in which the ceremonies took place 130,000 people, and the chorus of 6,000 voices was one of the most interesting features of the ceremonial. The two addresses, one delivered by Mr. Depeu and the other by Mr. Watterson, were received with a great deal of enthusiasm, and commented upon as being the best addresses ever delivered before an American audience. The only unsatisfactory feature was that of transportation from the city to the park, which was wholly inadequate, but the management of the exposition claim that will be remedied before the first day of May, when the great exposition will open.

Every state in the union was represented there by its officers or place of exhibit, Oregon excepted; and various were the comments upon this because of its being the one rare exception.

Democratic Day. Hear Both Sides.

The democratic side of the issues of the campaign will be presented at a Democratic Meeting, to be held at the Court house, in Dalles city, this evening at 8 o'clock.

You have heard Mitchell, Dolph and Hermann. Hear the democrats.

Tit for Tat.

"Cut and slash" is the word now at offices of the U. P. R. and N. P. R. on Puget sound. The Northern Pacific proposes to have the bulk of the business from that section, and it is needless to say that it is getting it. The Union Pacific, however, is handling a larger amount of business from there just now than they have had the pleasure of doing for some time past. Northern officials claim that the Union is getting business by cutting rates, and the Union replies in kind. It will be remembered that a few weeks ago it was stated that the Northern Pacific was accused by the other roads of carrying five men to Chicago at \$80 each. This is almost half of the regular first-class fare. The Union is now charged with having recently sold tickets to Chicago to five men at \$29 each.

Very likely that many of the farms in Wasco county now disfigured with the mutilating barb wire as well as other perishable fences will soon give way to the Tuna Hedge, and the change will be a welcome one to everybody.

Historic Incident.

In a conversation today Mr. E. Schanno referred to an article in THE CHRONICLE yesterday recounting an incident on the stage road in 1866 between here and Canyon city. The stage was en route to Canyon city from The Dalles, and it being the fall of the year, and no passengers on board, was well loaded with fruit, cigars, etc., etc. Mr. Schanno was coming this way, and early on the morning after the "attack," in company with another man, came upon the upset stage coach on the top of the ridge, the road descending each way. Every case of cigars had been opened, the fruit scattered about, the mail bags emptied of their contents, etc., by the Indians. They had cut the canvas off the coach; taken the mail bags, harnesses, two remaining horses, but otherwise the "wreck" was saved. After gathering things together as well as they could Mr. Schanno and his companion came along, meeting Wheeler, the stage driver, who afterwards recovered the coach, mail, express, etc. To show the ignorance of the Indians in those days respecting treasure, Mr. Schanno tells an incident that happened two years before, in 1864. Tom Howard was coming out of the mines on horseback, and he had about \$8,000 in his cantenas for The Dalles merchants. He was attacked by Indians and they got away with horse, dust and all. He was reinforced and started in pursuit of the Indians. His cantenas contained a flask of medicine, and some papers, bills, accounts, etc. These papers attracted the cupidity of the Indian who was riding the stolen horse, and he would pick out a paper between drinks, and drop it on the trail. By means of these papers Tom tracked the Indians fifteen miles, to their night camp, where they had emptied the gold dust on the ground satisfied with the buckskin purses which held it, and thus the treasure was restored. Tom never got his horse, but he recovered from a gun shot wound, received in the fight, and still lives in Grant county.

CITY COUNCIL MEETING.

The Engine House Repairs—City Hall Repairs—Tax Rebates, etc.

The regular meeting of the common council was held last evening at the usual hour, Mayor Mays presiding.

Present, Frank Menefee Recorder; Councilmen Haight, Jones, Krefit, Lauer, Menefee and Maier.

Minutes of the previous meeting were read and approved.

Several petitions for rebate of taxes were referred to the judiciary committee, except in cases where manifest errors had occurred, and rebate was allowed.

Mayor Mays suggested that it was taxing the attention of the council beyond reason, and came with ill grace for so many petitions of this character to be presented at so late a day, after so many notices given, the work of the board of equalization passed, etc., and some means should be adopted to prevent a repetition of such occurrences.

Petition of Messrs. Norman, Butts, Jones, Wiley and others, for a sidewalk on the south side of Eleventh street, between Union and Lincoln, was accepted, and orders given accordingly.

Petition of Messrs. Jeffers, Nichols, Peters, Shackelford, Nowlan, and others, for an arc-light at the intersection of Ninth and Pentland streets, caused some discussion.

Members favored giving the light as petitioned for, but on the score of economy thought one should be transferred from some less exposed situation down town.

The subject was finally referred to the committee on streets and public property.

[Applause from Councilman Haight's dog Bingo, who vigorously rapped the floor with his tail.]

Reports of the city recorder, street commissioner and treasurer, for the month of October, were read and placed on file.

The treasurer's report shows a balance of \$3,417.01.

Verbal report of the committee on fire and water, explaining the condition of the work on the engine house, which will be ready for occupancy on Monday next; and the cost of hose, painting, etc., added to the cost of fuel, for Co. No. 4, was made by Mr. Haight, and proved acceptable to the council.

Question of renting a portion of the Phillips property for the soda works, was referred back to the committee with instructions to act.

Petition of residents on the bluff to extend the Laughlin street sewer, at private expense was allowed, and Councilman Menefee presented a resolution covering the subject which was adopted.

Bill for merchandise furnished to a family afflicted with sickness was allowed.

Bill for stationary and exempt certificates furnished to fire department was not allowed.

Warrants were ordered in payment of sundry claims against the city, including officers' salaries, water and light accounts, etc.

Mayor Mays brought up the subject of the importance and necessity for a new roof on the city hall building, and other improvements, and on motion the committee on streets and public property were authorized to have the repairs made.

Inquiry as to the ownership of the old garrison guard house was instituted with a view of disposing of the same. It is located on a lot belonging to the city, and the committee on streets and public property were authorized to sell it.

On motion the council adjourned until Friday evening, the 18th, at the usual hour.

A Squabble Anyway.

Engine Register. The ballot business is getting muddled in this county as well as the other counties of the state since R. A. Miller's resignation. The ballots for this county were printed before the resignation was announced, and the law states that in a case of that kind the name of the withdrawn candidate shall be scratched from the ballot and notice posted in every voting booth in the county calling attention to the withdrawal. County Clerk Walker has prepared such notices, but Monday L. Bilyean, chairman of the democratic county central committee, served him with a notice to place on the ballots the name of Nathan Pierce in the democratic column as a democratic-peoples candidate. He will not do so, however, and there is likely to be trouble over the matter. But if he did so there would be trouble also, as no matter how the ballot is arranged there is likely to be a squabble after election, if not before.

A Cure for Cholera.
There is no use of any one suffering with the cholera when Chamberlain's Colic, Cholera and Diarrhoea Remedy can be procured. It will give relief in a few minutes and cure in a short time. I have tried it and know.—W. H. Clinton, Helmetta, N. J. The epidemic at Helmetta was at first believed to be cholera, but subsequent investigation proved it to be a violent form of dysentery, almost as dangerous as cholera. This remedy was used there with great success. For sale by Blakpley & Houghton.

NOTICE: SALE OF CITY LOTS.
Notice is hereby given that by authority of Ordinance No. 257, which passed the common council of Dalles city, September 30, 1892, entitled "An ordinance entitled an ordinance to provide for the sale of certain lots belonging to Dalles city," I will, on Saturday next offer for sale at public auction, to the highest bidder, all of the lots and parts of lots situated in Gates Addition to Dalles City, Wasco county, Oregon, not heretofore sold, as previously advertised.

Each of said lots will be sold upon the lot respectively and none of them shall be sold for a less sum than the value thereof as above stated.

One fourth of the price bid on any of said lots shall be paid in cash at the time of sale, and the remainder in two equal payments on or before one and two years from the date of such sale, respectively, with interest on such deferred payments at the rate of ten per cent. per annum, payable annually. Provided that payment may be made in full at the time of such sale at the option of the purchaser.

The sale will begin at the hour of ten o'clock a. m. of said day and will be continued from time to time until all of said lots shall be sold. Dated this 1st day of November, 1892. FRANK MENEFFEE, Recorder of Dalles City.

There's a patent medicine which is not a patent medicine—paradoxical as that may sound. Its a discovery! the golden discovery of medical science! Its the medicine for you—tired, run-down, exhausted, nerve-wasted men and women; for you sufferers from diseases of skin or scalp, liver or lungs—its chance is with every one, its season always, because it aims to purify the fountain of life—the blood—upon which all such diseases depend. The medicine is Dr. Pierce's Golden Medical Discovery. The makers of it have enough confidence in it to sell it on trial. That is—you can get it from your druggist, and if it doesn't do what its claimed to do, you can get your money back, every cent of it.

That's what its makers call taking the risk of their words.

Tiny, little, sugar-coated granules, are what Dr. Pierce's Pleasant Pellets are. The best Liver Pills ever invented; active, yet mild in operation; cure sick and bilious headaches. One a dose.

Several representatives of the Oregonian have appeared among us to take orders for free encyclopedias from all who wish them. From an educational standpoint these gentlemen and our merchants who support this enterprise, should be considered public benefactors.
