

The Dalles Daily Chronicle.

OFFICIAL PAPER OF DALLES CITY, AND WASCO COUNTY.

National Republican Ticket.

FOR PRESIDENT, BENJAMIN HARRISON, of Indiana.

FOR VICE-PRESIDENT, WHITE LAW REID, of New York.

FOR PRESIDENTIAL ELECTORS, J. F. CAPLES, of Portland. H. B. MILLER, of Grant's Pass. G. M. IRWIN, of Union. D. M. DUNNE, of Portland.

Michigan has for five years past had upon its statute books a provision designed to promote the use of wide tires upon the wagons used upon its highways. In place of compulsory enactment it was deemed wise to make it for the pecuniary interest of the users of the roads to use wide instead of narrow tires, and a premium was accordingly put upon such use in the remission of a part of the highway tax. The law provides that all persons who shall use only lumber wagons on the public highways of the state with rims not less than three inches in width, for hauling loads exceeding 800 pounds in weight, shall annually receive a rebate of one-fourth of their assessed highway tax, provided, however, that such rebate shall not exceed in any one year three days' road tax to any one person. Citizens are required to make an affidavit before an overseer of highways to the use of such wagons as specified, upon which affidavit they are credited with the amount of rebate of their highway tax. The department of state reports that this legislation has been found satisfactory to the people and beneficial in its results.

The Antelope Herald tells of two cowardly fellows on horseback who rode up to the residence of W. F. Guyton, on Mackin Flat, Sherman county, last Friday and ordered the hired girl, who happened to be alone except an infant belonging to Mr. Guyton, to get dinner for them. The request was cheerfully complied with. After they had eaten they handed the girl some money to pay for their dinner, and while the girl was in the act of making the necessary change the men espied that she had about \$40 in her purse, and just as she was handing them the change one of the men snatched the purse out of her hands. They then seized her and made her go up stairs, after which they locked the stair door and proceeded to inspect the household valuables. After taking everything worth taking the villains jumped on their horses and rode away on a keen gallop. The girl was not released until the school children came home late in the evening. The thieves have not been seen nor heard of ever since.

Referring to the advantages of a ship loading at Astoria, over Tacoma, the masters of fifty vessels signed an article in which every one of them said fresh water kills the barnacles and sea weeds which soon drop off. One firm declared that lying at the dock or in the stream at Astoria cleaned the bottoms of their ships so as to shorten their trips home "from three to five weeks." "Ship owners," wrote one firm, "prefer fresh water harbors, and this is an important factor in chartering, but as a rule, I think they are taxed for the advantage they gain when they go up to Portland, as the river pilotage, lightage and towage are very heavy items of useless expense."

A boatload of horses drowned years ago in the Ohio river is now credited with suggesting one of the most valuable inventions extant. The invention consists of simple collapsible cylinders, which being placed inside of a sunken vessel and inflated with air raise it to the surface, when it may be floated hundreds of miles to a dry dock for repairs. A close corporation composed of the three Grant brothers, John, Joseph and Jesse, and four real estate men own the patent covering the device and have applied for patents in all countries where obtainable and where there are shipping interests.

Postmaster - Gen. Wannamaker deserves credit for one thing, and that is: Making Geo. P. Rowell & Co. pay postage on their advertising circular Printers Ink, dubbed a journal. The mails are flooded with similar so called journals, simply advertising all manner of goods, wares and merchandise, from a razor strop to a summer outing, free of postage, except the pound rates justly provided for legitimate purposes; and which is jeopardized to a very great extent by such frauds as are perpetrated by Geo. P. Rowell and others.

Ex-President Cleveland has been elected an honorary member of the Ragged Island Gunning Association of which club President Harrison is also a member.

Plain enough - the way to a clear complexion, free from blotches, pimples, eruptions, yellow spots, and roughness. Purify your blood, and you have it. With pure, rich blood, an active liver, good appetite and digestion, the hue of health follows. Doctor Pierce's Golden Medical Discovery gives you all of them. It is the blood-purifier. There's no lack of them, but there's none like this. It's guaranteed to accomplish all that's claimed for it. In all diseases arising from torpid liver and impure blood, it benefits or cures, or the money is refunded. With an ordinary medicine, it couldn't be done. But this isn't an ordinary medicine. It is the cheapest blood-purifier sold, through druggists, because you only pay for the good you get. Can you ask more? The "Discovery" acts equally well all the year round.

Please Report. Subscribers will oblige THE CHRONICLE by promptly reporting if their papers are not delivered, or the delivery boys do not place them in a safe place. The distribution of the papers is one of the most perplexing questions to be solved by a newspaper. If you do not get your paper, kick. We are endeavoring to keep things straight.

Examination of Teachers. Notice is hereby given that for the purpose of making an examination of all persons who may offer themselves as candidates for teachers of the schools of this county, the county school superintendent thereof will hold a public examination at his office in The Dalles, beginning Wednesday, November 9th, 1892, at one o'clock p. m. All teacher-eligible for state certificates, state diplomas and life diplomas must make application at the quarterly examinations. Dated this Oct. 31, 1892. TROY SHELLEY, County School Superintendent of Wasco County, Oregon. 10.31dwd

The Fence of the Future. There are a number of strong points in favor of the Tuna Hedge as the fence of the future, the advantage of this kind of a fence may be briefly enumerated as follows: It becomes a perfect barrier against all kinds of domestic animals after three years growth; does not sap or impoverish the ground, being a strictly atmospheric plant, and will not grow from the seed or by cutting the roots hence will not spread, it grows only to a certain uniform height and therefore does not require trimming, it has been thoroughly and successfully tested in northern climates and does not kill out in the winter time, it serves the double purpose of usefulness and ornamentation, as it is an evergreen and blooms during three months of the year, an invitation is extended to thoroughly test its merits, and every one will be convinced that it possesses all the advantages claimed for it. Messrs. Johnson & Payne are now taking orders for the Tuna Hedge and have met with uniform success. Any one wishing a living growing fence something that will not spread and will be a fence for all time to come should give their orders now and get their fence started this fall.

NOTICE. All Dalles City warrants registered prior to January 6, 1891, will be paid if presented at my office. Interest ceases from and after this date. Dated October 13th, 1892. L. RORDEN, Treas. Dalles City.

Too Much of a Risk. It is not unusual for colds contracted in the fall to hang on all winter. In such cases catarrh or chronic bronchitis are almost sure to result. A fifty cent bottle of Chamberlain's Cough Remedy will cure any cold. Can you afford to risk so much for so small an amount? This remedy is intended especially for bad colds and croup and can always be depended upon. For sale by Blakeley & Houghton, druggists.

WINANS THE NEW TOWN has been platted on the old camp ground, at the Forks and Falls of Hood river, with large slightly lots, broad streets and alleys, good soil, pure cold water and shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort and for all Oregon, being the nearest town to Mt. Hood. It is also unparalleled as a manufacturing center, being the natural center for 100 square miles of the best cedar and fir timber, possessing millions of horse-power in its dashing streams and waterfalls, easily harnessed. Where cheap motive power exists, there the manufacturing will center, surrounded by soil and climate that cannot be excelled anywhere for fruit and agriculture, and with transportation already assured you will find this the place to make a perfect home or a paying investment.
