Address all communication to "THE CHRONICLE," The Dalles, Oregon.

It is said that dull times throughout the Hawaiian islands is having its effect, and the laboring classes and those belonging to the pauper element are fast leaving Honolulu and other ports. This fact is noted especially in the case of the Japanese, and those who are leaving the islands are coming to this coast. The barkentine *Diocorey*, arrived at San Francisco yesterday from Honolulu, with 42 Japanese immigrants and a cargo of sugar. The Japanese belong to the laboring class, and left the island on account of the dull times. All of them possibly have enough money to procure food and lodgings for a week or two, which will allow them to pass the immigration commissioners, as they cannot be declared paupers, in consequence, and are entitled to land. The Japanese forced the Portuguese out of Honolulu and other portions of the islands, and every one of the latter who left came to this coast. The Japanese are now forced out by reason of Chinese competition, and San Francisco continues to receive them.

Salt Lake latter day saints are having trouble over the escheated personal property of the Mormon church, amounting to about \$750,000. Last week the master in chancery ruled that this should go to the public schools. The court overruled the order yesterday and says the money should go to charitable and benevolent uses of the Mormon church, or for the repair of places of worship of said church, and appoints Leonard G. Harry, Mormon, as trustee to carry out the purpose to which the decision devotes the funds, with a bond of \$500,000. United States Attorney Varian gave notice of an appeal to the United States supreme court.

The Palouse Gazette estimates that not more than \$300,000 has been brought into Whitman county this fall by the sale of grain, against \$1,000,000 received at this time last year. This is undoubtedly due to the low prices obtaining at present. The total receipts at Colfax this season are something over 1,000,000 bushels and it is expected that at least 500,000 more will be received.

Thanksgiving day will be observed just as though there had been no election. The democrats will be thankful because they have won, and the republicans can be thankful because they have brought peace out of war, solvency out of bankruptcy, and prosperity out of ruin.

The United States war ship Alliance has been sent to Samoa; the department deeming the situation there more urgent than that in Honolulu at the present time. The Ranger, now at San Francisco, will be immediately fitted out for service in Samoa.

Here is a broken record after the "Paddy's hoist" style, which should be continued. During October only 4,691 steerage passengers landed at this port, the lowest number since 1877. In the same month of 1891 there were 36,798.

Jerry Simpson was so much absorbed in boosting the democracy into power that he fell down himself. Jerry can now take off his socks and get back to the first principles of statesmanship.

The Willamette is said to be shoaling below the city of Portland. Pilots claim that this is due to the dumping of refuse in the river from the wharves and warehouses.

A fish hatchery for the purpose of breeding brook, rainbow and speckled trout is to be established in the Gallatin valley. It will have a capacity of 1,000,000 fish each year.

The Weave not, Neither do They Spin. LONDON, Nov. 15.—The Rochdale mill-owners have decided to put their employes on short time. The decision affects 1,250,000 spindles. Mill-owners of North and Northeast Lancashire have joined the half-time movement.

Thompson Appointed. WASHINGTON, Nov. 16.—Among other appointments by the president yesterday was the name of Hon. David P. Thompson, of Oregon, United States minister to Turkey.

Excursion Rates. Grand democratic ratification at Portland Thursday Nov. 17th, 1892. The Dalles, Portland and Astoria Navigation Co., will make rate of one fare \$2.00 for the round trip. The Regulator will leave The Dalles at seven o'clock a. m., on Thursday 17th, and connect with Dalles City to arrive at Portland about five p. m. The through trip will be made without delay. Tickets may be had at the office of H. Glenn. Tickets are good going 16th and 17th, for return on or before the 21st. W. C. ALLOWAY, gen. agt.

A woman's aim is to look her best—but she'll never reach it without perfect health. For perfect health, take Dr. Pierce's Favorite Prescription. All the functional irregularities and weaknesses that make life miserable to women, are cured by it. It's a powerful, invigorating tonic, and a soothing and strengthening nerve—purely vegetable, perfectly harmless. For ulcerations, displacements, bearing-down sensations, unnatural discharges—everything that's known as a "female complaint"—it's a positive remedy. It's the only one that's guaranteed to give satisfaction in every case. It costs you nothing, unless it helps you. You can afford to try it, on these terms. Can you afford to neglect it?

Please Report.

Subscribers will oblige THE CHRONICLE by promptly reporting if their papers are not delivered, or the delivery boys do not place them in a safe place. The distribution of the papers is one of the most perplexing questions to be solved by a newspaper. If you do not get your paper, kick. We are endeavoring to keep things straight.

A Cure for Cholera.

There is no use of any one suffering with the cholera when Chamberlain's Colic, Cholera and Diarrhoea Remedy can be procured. It will give relief in a few minutes and cure in a short time. I have tried it and know.—W. H. Clinton, Helmetta, N. J. The epidemic at Helmetta was at first believed to be cholera, but subsequent investigation proved it to be a violent form of dysentery, almost as dangerous as cholera. This remedy was used there with great success. For sale by Blakeley & Houghton.

The Fence of the Future.

There are a number of strong points in favor of the Tuna Hedge as the fence of the future, the advantage of this kind of a fence may be briefly enumerated as follows: It becomes a perfect barrier against all kinds of domestic animals after three years growth; does not sap or impoverish the ground, being a strictly atmospheric plant, and will not grow from the seed or by cutting the roots hence will not spread, it grows only to a certain uniform height and therefore does not require trimming, it has been thoroughly and successfully tested in northern climates and does not kill out in the winter time, it serves the double purpose of usefulness and ornamentation, as it is an evergreen and blooms during three months of the year, an invitation is extended to thoroughly test its merits, and every one will be convinced that it possesses all the advantages claimed for it. Messrs. Johnson & Payne are now taking orders for the Tuna Hedge and have met with uniform success. Any one wishing a living growing fence something that will not spread and will be a fence for all time to come should give their orders now and get their fence started this fall.

NOTICE.

All Dalles City warrants registered prior to January 5, 1891, will be paid if presented at my office. Interest ceases from and after this date. Dated October 13th, 1892. L. RORDEN, Treas. Dalles City.

Too Much of a Kisk.

It is not unusual for colds contracted in the fall to hang on all winter. In such cases catarrh or chronic bronchitis are almost sure to result. A fifty cent bottle of Chamberlain's Cough Remedy will cure any cold. Can you afford to risk so much for so small an amount? This remedy is intended especially for bad colds and croup and can always be depended upon. For sale by Blakeley & Houghton, druggists.

WINANS

THE NEW TOWN has been platted on the old camp ground, at the Forks and Falls of Hood River, with large sightly lots, broad streets and alleys, good soil, pure cold water and shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort and for all Oregon, being the nearest town to Mt. Hood. It is also unparalleled as a manufacturing center being the natural center for 150 square miles of the best cedar and fir timber, possessing millions of horse power in its rushing streams and waterfalls, easily harnessed. Where cheap motive power exists, there the manufacturing will center, surrounded by soil and climate that can't be excelled anywhere for fruit and agriculture, and with transportation already assured you will find this the place to make a perfect home or a paying investment
