

# CHRISTMAS PRESENTS

WE now have on exhibition in our center window articles of Fancy Work, suitable for Christmas presents. These were made by the ladies of the Congregational Church, and the proceeds from the sale of these will be used to help defray the expenses of furnishing the Church.

## Pease & Mays.

Fair weather, nearly stationary temperature.

WEDNESDAY - - - DEC. 7, 1892

#### LOCAL BREVITIES.

Rev. E. Baker and wife of Dufur, is in the city.

Judge Watkins & family are at the European house.

Leave your order for cord wood at Maier & Benton's.

Mr. Maerain, of New York, is a guest of the European house.

Dr. Crofert and daughter, of Boston, Mass., are stopping at the European house.

Abstracts of title and land papers prepared by Huntington & McKinstry, 139 Second street.

Dr. C. M. Balfour, S. Margon, G. Watson, wife and family are guests of the European house.

Twelve year old Maddingly whiskey, Simon Pure for medicinal purposes, at Stubling & Williams'.

The republican party has done that very thing for over 30 years, and is the party of and for the people.

Parties having property to sell or rent are requested to list it with us.—Huntington and McKinstry.

The gypsies who kidnapped the Miller girl have been located, and the child will be recovered it is expected.

The wind is blowing quite stiff from the east, with an indication of snow and winter as an unwelcome visitor.

Portland is overrun with burglars, cut-throats and foot-pads. What's the Thiel and Pinkerton detectives?

Mr. C. B. McKinstry, of the new firm of Huntington & McKinstry, and his wife and child are at the European house.

Hon. ex-Supreme Judge J. R. Waldo and wife will leave Oregon for a winter's stay on the Sandwich Islands on the 15th inst.

We are sorry to learn that Mr. Geo. P. Moran of the Wasco sun is seriously ill, we hope to see him at his post again in a few days.

Gen. Rosecrans is very ill and is suffering from nervous prostration and a stroke of paralysis of an arm. Hopes are entertained for his recovery.

Mr. Emerson called today and reports quite a fall of snow, out on the hills of 15-Mile last night, and the wind is blowing quite from the east.

The "latch" has stepped down a stair. It has picked up its count. It will send forth its dispatch of its lives.

The "count ball" a-t evening at was well attended, and with a music furnished by the Cle was very enjoyable. The pronounced as a fine affair by the audience.

If one wants to see something really hands me, just stop at Garretson's show window and see those beautiful Oregon agates and carnelians which he has had cut by an expert Lapidary, in Denver, Colorado. They are fine.

Portland wants the whole world with a barbed wire fence around it, from the newspaper stand point. They want another circle extended so as to take in Mt. Tabor, and all the suburban towns south of the Columbia. Already the cities area, is nearly as large as that of Chicago.

Henry Witte, a rusty old bachelor living near Fellows station, on the Central Washington railroad, was made happy the other day by receiving intelligence from Germany that a legacy of \$31,000 was left to him by a deceased brother. Witte is 45 years of age and a hard-working rancher.

The Telegram says no men are now employed at the locks except watchmen. Several draughtsmen are employed in the office drawing up the details of the hydraulic machinery, the gates and the final details of the masonry. We presume they are drawing their pay regularly.—Ed.

We had the pleasure of a visit from Mr. and Mrs. Havelly of 15-Mile. Mr. Havelly says the roads are bad, and the ground is in fine condition for the plow, which is being used in all directions, and that the seed-drill is following them up in good style. He thinks Wasco will be ahead next year in wheat product.

Telegram. The people's party are liable to reap more harm than good from their name. It is so suggestive and means so much, that its requirements are varied and important. It is going to be very difficult for them to live up to that name. The people's party of the future is the one which will benefit the people the most.

The D. P. & A. N. Co. have begun work on the enlargement of their wharf. They will drive about 75 piles and raise the dock about 5 feet above its present grade and make the wharf proper, eighty feet square. It is the intention we understand, to build a two story dock in the spring, to accommodate the grain traffic of the coming season.

The D. P. and A. N. Co. steamers are to be hauled off for repairs on the 17th inst., and it behooves our merchants and shippers to improve the time between this and the close of the line at that date, and get in all their winter's stock, or as much as possible, for the experience of the past is, the U. P. will practice cinch whenever they have the opportunity.

Spokane Review. The green aphid has cost the fruit raisers of Eastern Washington many thousands of dollars this year. It is a recent importation from California, and should be exterminated by concerted warfare. Some farmers think this can be done by liberal use of the emulsion of kerosene and common soap, while others think kerosene is injurious to the trees. Surely a safe remedy can and will be found, for the interest involved is very great.

A housekeeper's magazine gives the frugal housewife this succinct and timely advice: "To clean lamp chimneys use warm water and soap, drying carefully with a soft cloth." The prevalent idea that lamp chimneys should be hung on a line and beaten with a gaspiper is thus shown to be entirely erroneous, as is also the old-fashioned notion that lamp chimneys should be dried on the roof after running them through a clothes wringer. What would woman do without her "home magazine?"

#### Entertainment and Supper.

The patrons of Rockdale public school district No. 16, intend holding an entertainment in Fairfield school house, on Friday 16th inst. The amusements will consist of music, vocal and instrumental; dramatic pieces, readings and recitations, and a supper will be given at the close. The best local talent has been engaged, and the most attractive pieces, humorous and pathetic, have been chosen. Admission to entertainment and supper 25 cents. The proceeds will be devoted to the repairs of the school house, and we trust that in aid of so praiseworthy an object, a large attendance will be secured. Doors open at 7 o'clock p. m.

#### The Pierce Mandamus Case.

In the mandamus case of Pierce a demurrer was filed by the respondents on the grounds that the complaint does not state facts, and secondly that there is a defect of parties defendant, and third that several causes are improperly united therein. The demurrer was sustained by Judge Burnett, and the petitioner immediately gave notice of an appeal to the supreme court, on the ground that the court erred in sustaining the demurrer, and rendering judgment in favor of respondents. Secretary McBride has acknowledged service on the appeal.

#### REDUCTION IN RATES.

The Northern Pacific Cut-Tariff in Both Directions.  
The Northern Pacific, in connection with the Montana Union railway, has made a rate on lumber and shingles of 40 cents from Portland and Puget sound points to Garrison, Deer Lodge, Anaconda, Butte, Helena, Calvin and Wickes, Mont. The rate was formerly 50 cents and was not quoted to Calvin and Wickes.  
A special commodity rate on salt of 95 cents per 100 pounds in carloads of 22,000 pounds has been made from Hutchinson, Kan., to Portland and Puget sound by the Northern Pacific, in connection with the Chicago, St. Paul, Minneapolis and Omaha, and the Missouri Pacific, effective on Nov. 30th. The class rate of \$1.06 formerly ruled.

#### The Lake Business.

Chicago, Dec. 6.—The iron trade on lake Superior is at an end until spring. Although Duluth has over 700,000,000 bushels of grain in the elevators at the head of lake Superior, close sales of wheat in the east have stopped its forward movement and from present indications lake Superior traffic, with the exception of coal, flour and merchandise will cease. Vessels in and out of Chicago, are preparing for the close of the season, and great efforts are being made to hurry up boats loading grain in order that they can get to Buffalo, bring up a cargo of coal and take grain back again before ice closed the Straits of Mackinac. They are taking chances.

#### An Old Pioneer Gone.

Thos. Alford of Harrisburg, Oregon, an old pioneer of 1850, died at his home last Tuesday the 2nd ult., aged 90 years. Mr. Alford was born in Virginia in 1802.

#### Notice.

The steamers of the D. P. and A. N. Co. will tie up for repairs on the 17th inst. and will not run for about two weeks, after which time tri-weekly trips will be made until spring weather permitting. W. C. ALLOWAY, General Agt. B. F. LAUGHLIN, Manager.

Hard and soft wood for sale by the Columbia River Fruit Co. C. F. Lay, secy. 12-6 St. French's bank bldg.

#### AN AWFUL PREDICAMENT.

A Man Tries to Give his Girl a Good Blowing up with Dynamite.

Klamath Star. A man named Whittier is in jail in Denver for doing something wrong. After a spat with his lover he seized her and forced down her throat six pellets which he assured her contained dynamite. In Denver this method of giving a lover a good blowing up is called a deviation from moral rectitude. The girl's landlady told her she must get, and gave her a pair of felt slippers to go down stairs with, lest a sudden jar of her system might result in the raising of property sky high. While telling her simple story in the judge's court the whole crowd flew with fluttering coat-tails, and one deputy sheriff jumped through a window. Physicians who were consulted disagree as to the probable consequences in case the girl really has dynamite in her system. Some say she will burst into tears and several other things, while others think the dynamite must have grown weak. But Whittier has grown weak, while the outcome of his experiment is being awaited with considerable interest.

#### Around the World.

Eugene Guard. Frank G. Lenz, the bicyclist who is making a tour of the world on a bicycle, writes to Harry M. Holden, of this city, as follows:  
YOKOHAMA, Japan, Nov. 15, '92.  
Dear Sir: I reached Frisco on the 10th of October. A rough and stormy country south of Roseburg to Redding, Cal., then riding was good again. I left Frisco Oct. 26th, and reached here yesterday, via Honolulu. I start overland to Nagasaki about the 15th, as I must get a special passport first. I hope to reach Calcutta safely by February 1st. Yours truly, F. G. LENZ.

When Charlemagne and his "Knights of the Round Table" were making war on the Saracens, in Africa, it frequently happened that knights on either side would fight in single combat for the honor of their respective armies. The Saracens had been, for many years, the scourge—the dread invaders—of Europe, and all waged war against this common enemy.

But in these days the worst scourge that threatens us, is that dread invader, Consumption. Consumption fastens its hold upon its victims while they are unconscious of its approach. Dr. Pierce's Golden Medical Discovery has cured thousands of cases of this most fatal of maladies. But it must be taken before the disease is too far advanced in order to be effective. If taken in time, and given a fair trial, it will cure, or money paid for it will be refunded.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Bronchitis, Asthma, severe Coughs, and kindred affections, it is an unequalled remedy. For all diseases that arise from a torpid liver and impure blood, nothing can take the place of Dr. Pierce's Golden Medical Discovery. Nothing will, after you have seen what it does. It prevents and cures by removing the cause. It invigorates the liver, purifies the blood, sharpens the appetite, improves digestion, and builds up both strength and flesh, when reduced below the standard of health.

Sold by druggists, everywhere.

#### Advertised Letters.

Following is the list of letters remaining in the postoffice at The Dalles un-called for, Wednesday, Dec. 7th, 1892. Persons calling for same will give date on which they were advertised:  
G W Barrow  
R M Blake

Charles Roberts  
Thomas Ramus  
C A Smith  
William Snyder  
Jakob Steuben  
Miss Helen Warner  
M. T. NOLAN, P. M.

#### Anxious for Free Trade.

At a recent meeting of the trade and labor assembly resolutions were adopted in the form of a communication to President-elect Cleveland, urging him to call an extra session of congress, for the repeal of the McKinley law. The resolutions declare the assembly to be in favor of free trade and ask Mr. Cleveland to aid in hastening the time when custom houses will be known only in history.
