**The Quickest Way to Cure a Cold.**  
Do you wish to know the quickest way to cure a cold? We will tell you. To cure a cold quickly, it must be treated before the cold has become settled in the system. The first symptoms of a cold is a dry, loud cough and sneezing. The cough is soon followed by watery expectoration and the sneezing by a profuse watery discharge from the nose. In severe cases there is a thin white coating on the tongue. What to do? It is only necessary to take Chamberlain's Cough Remedy in double dose every hour. That will greatly lessen the severity of the cold and in many cases will effectually counteract it, and cure what would have been a severe cold within one or two days time. Try it and be convinced. 25 and 50 cent bottles for sale by Blakeley & Houghton, druggists.

**American Cholera.**  
From the DAILY REVELLE, Whatcom, Wash.]  
"T. C. Burnett, the democratic candidate for sheriff, was taken violently ill at Clearbrook. He had all the symptoms of Asiatic cholera, and for an hour or two it was feared he would die. They finally gave him a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which revived him until a physician arrived." That is precisely what the manufacturers of that medicine recommend for cholera. Send for a physician but give their medicine until the physician arrives. If cholera become prevalent in this country next summer this preparation will be in great demand because it can always be depended upon. For sale by Blakeley & Houghton, druggists.

**JUDGE NELSON'S DECISION.**  
Speaking of patent medicines, the Judge says: "I wish to deal fairly and honorably with all, and when I find an article that will do what it is recommended to do, I am not ashamed to say so. I am acquainted with Dr. Vanderpool (having been treated by him for cancer), and have used his blood medicine, known as the S. B. Headache and Liver Cure, and while I am 75 years old, and have used many pills and other remedies for the blood, liver and kidneys, I must say that for a kidney tonic in Bright's disease, and as an alternative for the blood, or to correct the action of the stomach and bowels, it is a very superior remedy, and beats anything I ever tried."

**The People See the Mail.**  
A curious case of affairs prevails in Manticope, Pa., a mining town of 11,000 inhabitants. Two-thirds of the population are foreigners, mostly Hung, Poles and Italians. Three months ago the free mail delivery system was inaugurated in the town. It has proven a failure. A great deal of foreign mail matter is received at the postoffice daily, but no streets or numbers are given. The letter carriers simply take a bag of mail and march through the town blowing a whistle. The people turn out and the carrier allows them to examine the letters. In this way he delivers to owners. The people are honest enough, and will not take a letter that does not belong to them. The postoffice authorities at Washington, however, do not like the mode of delivery, and it is likely that the free delivery system will be discontinued. -Cor. St. Louis Globe-Democrat.  
Fashion in Dogs' Covering.  
There is a code of fashion in relation to the garments worn by ladies' pet dogs. Its latest edicts in regard to canine fashions set forth that at breakfast only a simple garment of blue or white flannel should be worn, and a collar at this hour of the day is considered vulgar. For the morning walk a close fitting coat of striped or spotted English cheviot, with a mantle well covering the chest, is correct with a leading chain and collar of antique silver. For the afternoon drive the costume is of blue or fawn cloth, with a collar of velvet hung with tiny medallions, and for evening dress the pet is arrayed in a gown of velvet richly embroidered, and has the family crest embroidered on his collar. -New York Sun
