American Cholera.
 From the DAILY REVEILLE, Whatcom, Wash.
 "T. C. Burnett, the democratic candidate for sheriff, was taken violently ill at Clearbrook. He had all the symptoms of Asiatic cholera, and for an hour or two it was feared he would die. They finally gave him a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which revived him until a physician arrived." That is precisely what the manufacturers of that medicine recommend for cholera. Send for a physician but give their medicine until the physician arrives. If cholera becomes prevalent in this country next summer this preparation will be in great demand because it can always be depended upon. For sale by Blakeley & Houghton, druggists.

The Quickest Way to Cure a Cold.
 Do you wish to know the quickest way to cure a cold? We will tell you. To cure a cold quickly, it must be treated before the cold has become settled in the system. The first symptoms of a cold is a dry, loud cough and sneezing. The cough is soon followed by watery expectoration and the sneezing by a profuse watery discharge from the nose. In severe cases there is a thin white coating on the tongue. What to do? It is only necessary to take Chamberlain's Cough Remedy in double doses every hour. That will greatly lessen the severity of the cold and in many cases will effectually counteract it, and cure what would have been a severe cold within one or two days time. Try it and be convinced. 25 and 50 cent bottles for sale by Blakeley & Houghton, druggists.

He Stayed Hypnotized.
 That hypnotism is a dangerous science, even in skilled hands, was once more demonstrated at Le Bourget, near Paris. A professor of legerdemain, who was giving an entertainment in a cafe, and enjoyed some considerable reputation as a hypnotist, proposed concluding the evening's amusement by an exhibition of his skill. A young man named Raylant volunteered to act as the subject, and after some difficulty was rendered completely unconscious. The professor then performed the usual tricks with him, but when it came to awakening found, to his astonishment, that it was quite impossible to effect it.
 Raylant was sent home and medical help was summoned, but the doctor could only recall him to consciousness for a few seconds, after which the young man relapsed into an agitated sleep, interrupted at intervals by violent nervous crises. Up to to-day Raylant has only had a few waking moments, during which he complains of excessive weakness and pains in the head. An inquiry has been opened by the police authorities.—Paris Cor. London Telegraph.

Women's Luncheons.
 It is noticeable that at the luncheon rooms of the several women's exchanges, as well as at several of the restaurants in the shopping districts, broken orders are possible. This is especially true of the menus of the exchanges, which are managed by women solely for women. It is a concession to an accepted fact that women ordering and eating alone greatly dislike to pay for a mouthful more than can be consumed. One croquette, a half serving of salad, chocolate without bread—these are some of the ways a woman adjusts her bill to her appetite.—New York Times.
