IOWA VS. ILLINOIS.

An old Suit to Settle a Boundary Line Between the States.

THE MIDDLE OF THE MAIN CHANNEL

Oakland Portuguese Desperation, Practically Exemplified.

HEAVY FAILURE OF HIRSCH BROS.

Arizona, New Mexico and Oklahoma Combining for a Joint Display in Chicago.

WASHINGTON, Jan. 3.—The supreme court today rendered a decision in the case of the state of Iowa against the state of Illinois to settle the boundary line in the Mississippi river, between the two states. Nine bridges cross the river between the states, and the suit is brought in order that each might tax only those parts of them within their respective boundaries. Iowa contended that the boundary runs through the middle of the main body of the river, regardless of the steamboat channel, and that the measurement be taken at the normal stage of water. Illinois claimed the jurisdiction of each state extended to the middle of the steamboat channel. In the opinion rendered today by Justice Field, the court takes the Illinois view of the matter, holding that the true boundary is the middle of the main channel. The court ordered a commission of three to designate the line on each bridge, and delineate the same on the maps.

Double Murder and Suicide.

OAKLAND, Cal., Jan. 3.—Last night a terrible affair took place on the line of the electric road between Hayward and San Leandro at a point called Ashland Junction. The man who keeps a way-side place became involved in a row with a man and his wife who were stopping with him. He shot them both, killing the husband and dangerously wounding the woman, and then killed himself. All were Portuguese, and had been drinking heavily.

Democrats Control in Kansas.

TOPEKA, Kan., Jan. 3.—The supreme court is hearing arguments in the cases brought against the state board of canvassers by the populist central committee, involving four seats in the legislature. It is believed that the hearing will not result in any change, except to give Rosenthal, dem., the certificate of election issued to Stubbs, rep., by an undisputed clerical error. This leaves the republicans one majority in the house. On joint ballot the democrats will hold the balance of power.

Cholera This Year.

WASHINGTON, Jan. 4.—There is more than a prospect of trouble yet from cholera in the United States next year. Two factors render the situation serious. One is the appearance of fresh cases in Hamburg, and the other the continued prevalence of the disease in Russia. Great care has been taken to prevent its gaining a foothold on this side the Atlantic. The speedy passage of a bill giving clearly defined powers to make precautionary regulations, with sufficient appropriations to make them effective, is extremely desirable. Despite the efforts to stop immigration from the infected countries, the emigrants of those countries are persistent in their efforts to reach the United States. There is also danger of the cholera reaching the United States from the Island of Cuba, because of the close commercial intercourse between Cuba and Spain, and other European ports. Regulations of the circular of August 19th, regarding the importation of rats, has been enforced, all reports to the contrary notwithstanding.

We're not waiting for the bats and moles, but for men and women who have eyes and use them, who have brains and reason! There's a new world for them—suffering and sickly as they are—a new world created from the brain of a skillful physician—a discovery—the "Golden Medical Discovery."

Years ago Dr. Pierce found out that the secret of scrofula, bronchial, throat and lung trouble lay—in the beginning—at least in impure blood and the weakness of the system; that the way to cure these effects was to remove the cause, that human nature being the same, the same results might be looked for in nearly all cases. So confident was he that the exceptions were uncommon that he took the risk of giving the medicine to those it didn't benefit for nothing, and the results have proved that he was right.

And "Golden Medical Discovery" is the remedy for the million! The only guaranteed Liver, Blood and Lung remedy. Your money back if it doesn't help you.
