r. Tom Fargher ran a very narrow pe from an accident on the road t before last. He hired a team to o 8-Mile, and was driven out about quick as Jack Robinson could do it. returning to the city, however, the a made a detour on their own ac- nt, upset the sleigh, lost a robe, and nded homewards at a lively pace. er rolling along for some distance the b righted itself and Jack was on again, but he had lost the lines and horses followed their own inclina- unt the stable was reached in the

Wm. Elliot of Monkland, is in the city on business.

If you have not paid your school tax for 1892 you will save costs by paying at once. Time is up. This means you.

The friends will be pleased to hear that Miss Gertrude Meyers, who has been so seriously ill in Portland is slowly recovering.

The flag at the land office is at half mast today in respect to the memory of the late ex-President Hayes, who died last night.

The river is filling with floating ice steadily and appearances indicate that it will block before tomorrow night at or near Crates point.

The coasting is fine in this city, judging by the number out on sleds and bobs each evening, and the hilarious outbursts of laughter from the Y. B. C.'s.

J. P. Cooper has been heard from at Astoria. The Examiner has several cards from the nondescript reformer who does not dare to give his name, in public or private.

The Ladies Glee Club had a most pleasant meeting at the home of Miss M. Hollister last evening. Their next meeting will be with Miss Rose Michell on Tuesday evening of next week.

The mercury marked 15° above zero this morning, and today only rose to 21° The sky is overcast with clouds and fog, and the frost has been falling all day with an easterly wind blowing from one to four miles an hour.

The marriage of Mr. R. L. Simmons and Miss Bertha Wentz, formerly of this city, will take place this afternoon at Albina. The young couple have a large circle of friends in The Dalles, who will extend their very best wishes.

A small party gathered at the home of Mrs. Will Condon last evening, games and other amusements were indulged in until midnight when refreshments were served, and all returned home well pleased with the evening's entertainment.

Campbell Bros. began cutting and putting up ice today off from Sam Thurman's ice pond; it cuts 6½ inches thick and is clear and in splendid condition for keeping till the hot summer days where the mercury is bobbing in the 90s.

The respective strength of the Turner and Allen factions of the republican party, now at war with each other in the state legislature, was never harder to gauge than at the present time. Instead of a ballot determining their actual strength, it has left matters in such shape that results obtained then are worthless now.

Salem dispatches inform us that the committee selections in each house were received with much satisfaction. Fulton appears to have been particularly happy in his selections. Hirsch, his active opponent in the republican caucus, he rewards with the most prominent chairmanship, that of the ways and means committee, and the second place on enrolled bills and fishing. Then he gives McGinn, Hirsch's chief supporter, two chairmanships, and Cogswell, who received the democratic complimentary vote against him, a chairmanship of high standing in the committee on federal relations. Another of his apparently clever innovations is recognizing the peoples party by giving its exponent, Vanderburg, the chairmanship of the committee on agriculture. Speaker Keady's selections have been well distributed and give general satisfaction.

Judge Bradshaw, County Clerk Crossen and Judge Bennett, left for Portland on the afternoon train.

A dispatch from Washington says the house passed the senate bill for the retirement of Judge M. P. Deady of Oregon, yesterday. Under the existing law he would not be entitled to retirement until next year.

Death of Ex-President Hayes.

Ex-President Hayes died at his home in Fremont, Ohio, at 11 o'clock last night. He was seized with a cold in Columbus last Saturday, while driving to the Union depot, he asked for stimulants. This so revived him that he insisted on returning home, saying: "I would rather die in Spiegel Grove than live anywhere else." After boarding the train he was seized with violent pains in his chest, which lasted until after his return home. He was treated for angina pectoris, and while relieved of distress, his heart never recovered its vigor and his life was suddenly terminated by paralysis of the heart. While lying in his room he frequently referred to the visit he made to his wife's grave the preceding Sunday, and spoke of the quiet beauty of the snow-covered scene. He said he had almost wished he was lying there. "And yet," he said "my life has been exceptionally happy." His last words were: "I know I am going where Lucy is." They were spoken to his family physician with the utmost earnestness. He passed quietly and painlessly away at 10:45 in the evening, surrounded by members of his household.

Legislative Proceedings.

Representative Paxton has introduced a measure changing labor day from the first Saturday in June to the first Monday in December.

The speaker has appointed as members of the joint committee for the state of Oregon and Washington on Columbia river legislation, Messrs. Myers of Multnomah, Coon of Wasco and Benton of Clackamas.

Senator Brown of Morrow has introduced a joint resolution for a committee of five on portage railroad at the dalles, which was adopted. Also, to tax all incomes exceeding \$1,000, one per cent; \$2,000 to \$5,000, two per cent.

House bill No. 306 was returned by the governor with his objections thereto. This was a road bill appropriating \$127,000 of the five per cent fund from sale of lands. There is now in the treasury the sum of \$63,389. This was one of the last acts of the 16th general assembly.

Representative Campbell's bill amending the pilotage and towage act is designed to put legislation on that subject back where it was in 1888, before the action of the legislature of the following session. Mr. Campbell claims that this will give the river a good service, which it does not now have, and encourage foreign ships to come here. He says it will do away with the conditions under which ships have had to beat about the mouth of the Columbia for three weeks, as was instanced by the vessel recently towed off the Washington coast by the Willapa.

Portland now consumes 300,000 cords of wood a year. The supply appears to be inexhaustible. At present it is cut so close to the water as to make much hauling unnecessary, but as it recedes it will be an easy matter to construct flumes to convey the timber to the streams.

MINING NEWS.

Another Strike in the Greenhorn District-Snowalides, Etc.

Long Creek Eagle Corr.]
GRANITE, Dec. 29.—There has been a late strike of an excellent quality of high grade ore. Andy Larson, who has been running a crosscut tunnel for the last two winters, cut the ledge that he had been in search of. Sample pieces that I have seen equal the best ore that has yet been found. It is identically the same as that which Wm. Schuarr is getting from the Polar Star. Larson is certainly entitled to the discovery he has made, for he has shown great perseverance and confidence in the prospect that he has labored so faithfully to find. Men to work in the mines are in great demand at present. In the spring this demand will be far greater, as most of the mine owners expect to work large forces of hands.

A few days ago there occurred a tremendous snowslide on the south slope of the mountains which caught three men in its track and carried them a distance of a few hundred feet. Fortunately they saw the slide when it started but it came with such great rapidity that they were unable to get to a place of safety and were carried down the mountain with the tons of snow, timber and rocks. Two of the men were fortunately able to extricate themselves with little exertion, but the third man was completely buried, with the exception of one hand, with which he was able to attract attention. He was taken out of the snow without having sustained any injury. Only the day previous the mail carrier was caught in the same manner, and as the snowslide was small in comparison with the first named, he, also, was fortunate to come out without a mishap. The first mentioned parties were located in the section of the mountains where snowslides often occur, so rather than risk any serious accidents they concluded to abandon their claims for the present and move to a safer place.

The single rail locomotive on exhibition in Portland has been purchased by Andrew Nelson of Umatilla county. The inventor, Dr. Mahana now has in view the construction of a road between Dallas and Salem. One is wanted, and a bonus of \$75,000 has been offered.

The length of the reserve made in the Cascade mountains of Oregon for park purposes is 234 miles. The area is 7,020 square miles, embracing 44,492,800 acres. The park reservations proper include Mount Hood and its surroundings, and the rugged mountains and lakes adjacent to Crater lake reserve.

A bill has been introduced in congress for the enlargement of the Erie canal, with a view to its conversion into a waterway large enough to admit vessels of considerable size. It is to be 20 feet deep. The cost will be one hundred and fifty millions of dollars. This is a grand project, and would be of immense benefits to the great west. It would make ports of entry for foreign commerce at all the different harbors along the lakes, extending westward 1,100 miles beyond Buffalo.

Man Wanted.

A pushing, energetic, and reliable man is wanted to take charge of the work of the Wasco county for the New England National Building Loan and Investment Association. To the right man a chance is offered that is seldom found. Not only present profit, but future advancement. Call on the General Manager of the Association, the Hon. John L. Ayer, at the Umatilla house Wednesday evening or Thursday of this week.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Snipes & Kinnersly.

F. M. Burgen, Mrs. M. Fulmer, O. E. Leet, W. J. and J. R. Martin of Sherman county, are in the city attending to land office business.

A Leader.

Since its first introduction, electric bitters has gained rapidly in popular favor, until now it is clearly in the lead among pure medicinal tonics and alteratives—containing nothing which permits its use as a beverage or intoxicant, it is recognized as the best and purest medicine for all ailments of stomach, liver or kidneys. It will cure sick headache, indigestion, constipation and drive malaria from the system. Satisfaction guaranteed with each bottle or the money will be refunded. Price only 50c. per bottle. Sold by Snipes & Kinnersly.

Mr. Geo. Harrison, a well known and popular Dalles city caterer, who recently disposed of his business interests here, has located in San Francisco.

Guaranteed Cure.

We authorize our advertised druggist to sell Dr. King's New Discovery for consumption, coughs and colds upon this condition. If you are afflicted with a cough, cold or any lung, throat or chest trouble, and will use this remedy as directed, giving it a fair trial, and experience no benefit, you may return the bottle and have your money refunded. We could not make this offer did we not know that Dr. King's New Discovery could be relied on. It never disappoints. Trial bottles free at Snipes and Kinnersly's drug store. Large size 50c and \$1.00.

Let's reason together. Here's a firm, one of the largest the country over, the world over; it has grown, step by step, through the years to greatness, and it sells patent medicines!—ugh! "That's enough!"—Wait a little. This firm pays the newspapers good money (expensive work, this advertising!) to tell the people that they have faith in what they sell, so much faith that if they can't benefit or cure they don't want your money. Their guarantee is not indefinite and relative, but definite and absolute—if the medicine doesn't help your money is "on call." Suppose every sick man and every feeble woman tried these medicines and found them worthless, who would be the loser, you or they? The medicines are Dr. Pierce's "Golden Medical Discovery," for blood diseases, and his "Favorite Prescription," for woman's peculiar ills. If they help toward health, they cost \$1.00 a bottle each! If they don't, they cost nothing!

Leave your order for cord wood at Maier & Benton's.

A fine lot of furniture going very low at Crandall & Burget's new store.

Old papers, suitable for carpets or shelves, will be exchanged for clean rags at this office.

Lost.

A gold watch charm with a small piece of chain attached, between J. P. McNerny and Leslie Butlers. A reasonable reward will be paid for return of same to Maier & Bentons.

For Rent.

The only 3-story, fire-proof brick building in the city. For further particulars inquire of Tom Kelly, at The Umatilla house.
