THE WASHINGTON SENATOR.

Nobody doubts but that a republican will be returned to the senate, but whether it be Mr. Allen to succeed himself, there are some doubts. On the first ballot cast on the 17th, twenty-seven democrats stood firm for Chauncey Griggs, and nine populists for Governor Teats, while seventy-five republicans divided and destroyed the effectiveness of their vote by giving Allen forty-nine and Turner twenty-six. The men who are in favor of caucus rule have done heroic work to bring about harmony during the past ten days, but without success, and it is feared this vote marked the beginning of a deadlock that may last through the session.

The most bitter opponent that Mr. Allen has is the Spokane Review. It says it is opposing Mr. Allen because it thinks an Eastern Washington senator should be independent of the dictates of Boss Hunt and his real estate ring, and because the record shows that Senator Allen asked for \$500,000 for the Kirkland ditch and only \$141,500 for all the rest of the rivers and harbors of the state. When Mr. Allen, or one of his supporters, will undertake to deny this indictment of his record, it may be time to question the motives of the Review. Of the vote for Mr. Turner it says: "No taint of suspicion clings to the gallant band which voted yesterday for George Turner. Its members have risen above the taint of bribery and corruption influence. They are for Mr. Turner because they know him to be the better and the able man—not because he has patronage to dispense or committee chairmanships to pass around."

Considerable speculation is being indulged in among the numerous lawyers of democratic persuasion, and republicans as well, as to who will be selected to succeed Judge Deady as judge of the United States court for this district. The passage of this bill will not only relieve Judge Deady of weighty duties, but will probably be the means of prolonging his life several years. Next May he will be 69 years old, and one year later he could according to law, retire on full pay for life. The salary attached to the office is \$5,000 per annum, and the aim of the judge's life has been to serve in the position until he had passed the retirement limit. Of late his health has broken so rapidly that he and his friends have become so thoroughly concerned that it was decided to anticipate the regular workings of the law and permit him to retire at an early date. His successor will be one of Cleveland's earliest appointments. Among the various possibilities are four lawyers known throughout the northwest as able men and honest, who appear to find the honors about evenly divided. They are Hon. Lewis L. McArthur, Hon. Zera Snow, Hon. L. B. Cox and Hon. C. B. Bellinger. Either one of them would make an excellent judge, and the people of this state will, indeed, be fortunate if either of them is appointed.

Crandall & Burget are now settled in their new store in the Michelbach brick on Union street, next door to Floyd & Shown's. Call around.

THE PUBLIC SENTIMENT.

no benefits. I am a firm believer of change for officials, and no fees." Mr. Prints, of Prints and Nitchke's undertaking establishment, says: "What is good for the goose is good for the gander. If the cascade portage is good for us, the Celilo portage will be good for Eastern Oregon, and the state should not wait a moment about appropriating money to build it. I am ignorant about the jute bag manufacturing business. If there are only a part of the convicts employed, then employ the remainder in making bags. There are many who want to build up a town and are too selfish by half. No, we don't want any more division of the county. Salary of county officials is the correct thing."

Messrs. Gibbons and Marden say: "If the committee do not succeed in their memorial to congress for an appropriation for a Celilo portage railroad, then the state should build it, that the farmers could move this season's harvest. There is no question as to the state manufacturing jute bags at the penitentiary. The farmers of Oregon should have cheaper grain sacks than they are getting, and the only way is for them to be made by prison labor. A division of the county is nonsense, we are opposed to it and think all county officers should be made salaried."

Mr. Herbring in reply says: "The state should build the Celilo portage road. We can't afford to wait for the government to do it. We would all be in our graves first, judging from the slow work on the cascade locks. The people of the Inland Empire demand it. It will reduce freights on their grain fully thirty-three and one-third per cent, and fifty per cent on stock, etc. I am strongly in favor of the state putting jute works into the penitentiary; am opposed to the convict contract system, because it comes into direct competition with honest labor. The making of jute bags will benefit the farmers, and that is what is needed. I don't believe in dividing the counties to create new ones out of the skirts of others. And one thing more, no fees for county officials; pay them salaries, and let the fees go to the counties."

Messrs. Blakeley & Houghton in reply say: "Give us an open river, first, last, and all the time. Its a saving of thirty-three and one-third to forty per cent in freights to the people. The state should build a portage road at Celilo and take hold of it at once. There is no use waiting for the government to relieve the producers. They will never do it. As far as jute works are concerned we have not given it any attention, and can't give an opinion, but think it would be a good thing for the farmers. We believe that convict labor ought to be used for the benefit of the people, instead of letting it out on contract. We do not believe the time has come for division of the counties; there are counties enough already. County officials should be paid salaries, and all fees accruing ought to be turned over to the county general fund."

Kept up for years—the offer that's made by the proprietors of Dr. Sage's Catarrh Remedy. It's addressed to you, if you have Catarrh. It's a reward of \$500, if they can't cure you, no matter how bad your case, or of how long standing—an offer that's made in good faith by responsible men. Think what it means! Absolute confidence in their Remedy, or they couldn't afford to take the risk. A long record of perfect and permanent cures of the worst cases—or they couldn't have faith in it. It means no more catarrh—or \$500. If you fail to be cured, you won't fail to be paid. But perhaps you won't believe it. Then there's another reason for trying it. Show that you can't be cured, and you'll get \$500. It's a plain business offer. The makers of Dr. Sage's Catarrh Remedy will pay you that amount if they can't cure you. They know that if they can—you think that they can't. If they're wrong, you get the cash. If you're wrong, you're rid of catarrh.

WINANS

THE NEW TOWN has been platted on the old camp ground, at the Forks and Falls of Hood river, with large sightly lots, broad streets and alleys, good soil, pure cold water and shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort and for all Oregon, being the nearest town to Mt. Hood. It is also unparalleled as a manufacturing center, being the natural center for 100 square miles of the best cedar and fir timber, possessing millions of horse power in its dashing streams and waterfalls, easily harnessed. Where cheap motive power exists, there the manufacturing will center, surrounded by soil and climate that cannot be excelled anywhere for fruit and agriculture, and with transportation already assured you will find this the place to make a perfect home or a paying investment.
