E. JACOBSEN & CO

The Dalles Daily Chronicle.

Entered at the Postoffice at The Dalles, Oregon, as second-class matter.

Weather Forecast.
Official forecast for twenty-four hours ending at 5 p. m. tomorrow:

Thursday and Friday fair and warmer weather.

HURSDAY - - - JAN. 19, 1893

LOCAL BREVITIES.

Heart failure has at last been defined, is a dead beat.

Leave your order for cord wood at Maier & Benton's.

Have you seen those beautiful Paris panel photos, at Herrins gallery, over the postoffice?

Carpets and furniture at reduced rates at Crandall & Burget's, next door to Lloyd & Shown's drug store.

If you have not paid your school tax for 1892 you will save costs by paying at once. Time is up. This means you.

You can carpet your rooms at about our own price by calling on Crandall & Burget, at the new store on Union street.

Congress passed a bill on the third of this month to increase the pensions of the old Mexican war veterans \$4 per month. This will be good news to the old soldiers of that war.

Messrs. W. J. Davidson and J. C. Wingfield of Enderby called today. They report stock are doing well and very inch of snow means another bushel of wheat per acre.

Rev. and Mrs. Curtis will receive the members of the church and parish at the Congregational church on Friday evening from eight until ten o'clock. Strangers among us especially invited.

It is just a month today since the ground about this region was covered with snow, and it is still covered, with a prospect of remaining yet awhile. The weather is so fine, however, that nobody has any kick coming.

Mr. Polk Butler and some of his neighbors came in from Nansene yesterday to look after their forfeited railway land interests, and as the weather was so fine they expected to meet a Chinook at The Dalles, hence used the backboard. Today they are wishing they had a sleigh.

Mr. C. C. Hobert has taken charge of the Cascade portage railway as superintendent. When business is resumed, and the repairs are made to The Dalles, Portland and Astoria Navigation company's steamers, the Regulator line will be better prepared than ever before to regulate freights for this division of the Inland Empire.

Mr. J. J. Cozart, one of Grant county's large stock men arrived in the city last evening. In conversation with him he says that the people are getting wild on division of counties all at once. A proposition is on foot by those on the eastern part of Grant to cut off a portion and add it to Baker thereby putting all the best mineral belt of Grant within the Baker boundaries. Over on the north and middle fork of John Day there is another scheme, to create a new county from Grant and Morrow, which is gotten up for the benefit of a certain few interested through selfish motives. The same thing occurs on the south, by those on the boundaries of Harney and Grant. Should the legislature be foolish enough to pass these county division bills, there are hopes that the governor will veto them on general principles, as he ought to do.

Brother Michell, so glad our typo's error furnished you a text for a discourse for your paper. Items are scarce these days.

Hon. Stephen M. White, of Los Angeles, Cal., was elected U. S. Senator by the democrats of the legislature yesterday. It was a hot fight and resulted in a majority of two for White.

Dispatches from the capital report Raley's Celilo portage road bill as having passed the second reading and was referred to the committee on internal improvements. Also that the bill for board of water commissioners passed the house unanimously.

Sleighting is fine in the city and up Mill creek valley, but out on other roads the snow is so fine that it readily mixes with sand, and the sleighing is not so good. With what we have today, the total snowfall of the current winter has been thirty and one-half inches at The Dalles.

A Washington special says Senator Dolph had a hearing with Mr. Hermann yesterday, before the house committee on public lands, for an extension of time for settlers to make purchases of forfeited railroad lands, which was passed by the committee unanimously. Senator Dolph advises the settler not to depend on extension, and to make payment as soon as possible.

A jolly crowd made the night merry last evening coasting on Washington street. The track was in good condition and the sleds fairly flew. All the turns, fashionable or otherwise, turned but; and the "bobs" and sleds that were not bobs were well freighted at each descent. Considerable rivalry was manifested between "Black Bob" and certain other sleds as to which was best man; but after taking "a tumble to itself" two or three times with all on board, the dusky Robert fairly asserted his claim to the championship. We may look for more of the same sort to-night.

Another perpetual motion machine has been invented, this time by a rancher near Pendleton. The Tribune says of it: "It has three wheels from which drop 12 balls the size of a marble into a set of cups, which are thus forced downward, dropping again into other cups and carried up by a miniature elevator to start down once more. Mr. Mills the inventor, has worked on the contrivance since he was twelve years old, and is now about sixty. He has patented many things of utility, but thinks that this product of his genius will be the crown-success of a long life of close application to the principles of mechanics."

The Union Whist club was entertained last evening at Fraternity hall by Mr. and Mrs. L. E. Crowe. The evening was devoted to drive whist, twenty-five hands being played, Mrs. C. E. Bayard won the first prize, a very elegant pitcher, and Mrs. W. L. Bradshaw captured the booty. The evening passed very pleasantly at the tables. The club will be entertained next week by Dr. and Mrs. Eshelman. Those present were Dr. and Mrs. W. E. Rinehart, Mr. and Mrs. W. H. Lochhead, Judge and Mrs. G. O. Blakeley, Mr. and Mrs. W. Lord, Mr. and Mrs. Hugh Glenn, Mr. and Mrs. F. A. Houghton, Mr. and Mrs. H. M. Beall, Mr. and Mrs. J. T. Peters, Mr. and Mrs. Chas. Hilton, Dr. and Mrs. G. O. Eshelman, Mr. and Mrs. W. H. Wilson, Mr. and Mrs. H. S. Wilson, Mr. and Mrs. L. E. Crowe, Mr. and Mrs. J. S. Fish, Mr. and Mrs. Hobson, Mrs. J. B. Crossen, Mrs. W. L. Bradshaw, Mrs. O. E. Bayard, Messrs. E. Hostetler, A. S. Bennett, H. H. Biddell, Dr. Logan.

CARD OF THANKS.

Quite a number have responded to the call for the improvement of Union street, and it is now in excellent condition for coasting. THE CHRONICLE has been requested to tender thanks to those who contributed to the fund. They are:

Messrs. Will Carson, Truman Butler, H. J. Maier, Jno. Harpshim, O. Savage, M. Donnell, H. Farner, Ed. French, Jno. Hertz, W. Norman jr., Jas. Divers, Geo. Brown, D. Lemerson, W. McCrum, Mr. Gunning, Max Vogt jr., John Byrne, Sam Campbell, G. Kinnersly, B. Johnson, J. P. McInerney, Will Crossen, Fred. Bronsen, L. Answorth, Frank Garretson, Chas. Haight, F. Faulkner, A. Henderson, J. H. Jackson.

W. E. GARRITSON, Chairman
Dalles Coasting Association.

Nearly Had a Fit.

William Snyder, a German restaurant man, who has been attempting to do a restaurant business in The Dalles for many years, was convicted by jury trial in the United States district court at Portland on Tuesday of the crime of giving liquor to Indians, under an indictment returned by the recent grand jury. Snyder was charged with giving whisky to Sally, the wife of Dr. Bill, the medicine man, subject to certain immoral conditions. Dr. Bill got the whisky, helped his wife drink it and then repudiated the transaction, and later caused his arrest. Deputy United States Marshal Jameson, arrested Snyder, and the old fellow went to trial without a lawyer, pleading his own case, and the jury, concluding that he had a bad man for a client, convicted him. This rather staggered the defendant, and when Judge Dady sentenced him to one year in the penitentiary he nearly had a fit.

Rapidly Taking the Lead.

Seattle Telegraph. The Pendleton, Or., Tribune says that Washington is fast taking the lead of her neighbor, that her progress and development have been wonderful, and that she is better known than any other part of the northwest. Right, neighbor. Keep your eye on Washington and you will see things during the next five years that will eclipse all records.

Mr. Polk Butler of Nansene is in the city.

In Minnesota, Senator Davis, was rejected senator on joint ballot with one majority.

Senator Steiwer's bill for an act for the protection of stock raisers is at hand and will be reviewed at length.

The location of the five million dollar steel plant for the Pacific coast now lays between three North Pacific coast cities. Wonder if The Dalles is in it?

The taxes collected from Bake Oven and Antelope precincts in 1891-2 was \$4,050.00. That would make the total assessable property after deducting the indebtedness about \$160,000. There were some taxes collected on mortgages which have not been added but presume they were not included in indebtedness. The number of acres of deeded land so far as the assessors books show is 61,000 acres.

Yesterday afternoon as Mrs. A. M. Walker was getting into a backboard at her residence to come down to church, with one hand on the seat and the other on the dash-board, her foot slipped and she fell backwards, breaking one of her ribs. Dr. Eshelman was called and her fractures attended to, but when he left the house she was still trembling from the shock, which at her age is a serious matter. THE CHRONICLE extends its sympathy and hopes that the lady will recover from her severe fall.

Death of Capt. E. F. Coe.

Captain Eugene F. Coe, one of the pioneer navigators of the Columbia and Willamette rivers, died in Portland on Tuesday of phthisis pulmonalis after a protracted illness. The remains were shipped to Hood River yesterday, where the family of the deceased reside, and the funeral will take place there today.

Resolutions of Condolence.

In view of the loss we have sustained by the decease of our friend and brother, Cornelius Howe, and of the still heavier loss sustained by those who were nearest and dearest to him, be it:

Resolved, That it is only a just tribute to the memory of the departed to say that in regretting his removal from our midst we mourn for one who was in every way worthy of our respect and regard.

Resolved, That we sincerely condole with the family bereaved on the dispensation with which it has pleased Divine Providence to afflict them, and commend anew for consolation to Him who orders all things for the best, and whose chastisements are meant in mercy.

Resolved, That this heartfelt testimonial of our sorrow and sympathy be forwarded to the widow and daughter of our departed brother; also spread upon our records and published in the daily papers.

Resolved, That our charter be draped in mourning for thirty days.

Temple Lodge, No. 3, A. O. U. W., The Dalles, Jan. 18th, 1893.

Committee.

Beef Famine in Kootenai.

Review. The dominion government has decided that no relaxation of the present quarantine regulations against American cattle will be permitted, and, therefore, beef cattle can not enter Canada at any point to be slaughtered in bond. This decision was made in answer to a petition forwarded by residents of Nelson who desired suspension of the quarantine rules so that beef cattle might be shipped to that point from this state during the winter. The refusal promises to work a hardship on the inhabitants of the west Kootenai country, who are unable to obtain a supply of fresh meat within their own territory sufficient to last until spring opens. Citizens of Nelson, in particular, are indignant at the minister of customs, who, having been through the lake country, is fully acquainted with its geographical position and knows what difficulties will be met on the refusal to suspend the rules.

Now Try This.

It will cost you nothing and will surely do you good, if you have a cough, cold, or any trouble with throat, chest or lungs. Dr. King's New Discovery for consumption, coughs and colds is guaranteed to give relief, or money will be paid back. Sufferers from a gripe found it just the thing and under its use had speedy and thorough recovery. Try a sample bottle at our expense, and learn for yourself just how good a thing it is. Trial bottles free at Snipes & Kinnersly's drug store. Large size 50c and \$1.

Don't Want It.

Review. Oregon has tried a mortgage tax law, and the experiment has proved unsatisfactory. Borrowers of money are petitioning the legislature to repeal the troublesome statute. It is not likely that Washington will pick up the unsatisfactory conditions which her southern neighbor is trying to throw overboard.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him. Edw. Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold at Snipes & Kinnersly's drug store.

The Dalles Markets.

THURSDAY, Jan. 20.—The markets in this city are decidedly lifeless. Business is quiet and prices are unchanged in quotations. The grain market has been stimulated by an advance in eastern and European markets. Portland advanced quotations to \$1.12 to \$1.15 for Walla Walla and \$1.20 to \$1.25 per cental for valley. Money is in good demand for forfeited land entries and is commanding stiff bonuses.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Snipes & Kinnersly.

A League for Good Roads.

WASHINGTON, Jan. 17.—The national league for good roads met this morning. Forty delegates were present. Senator Manderson, of Nebraska, in the chair, made a brief address, stating the inception of the movement which led to the convention and its object.

Let's reason together.

Here's a firm, one of the largest of the country over, the world over; it has grown, step by step, through the years to greatness, and it sells patent medicines!—ugh! "That's enough!"—Wait a little. This firm pays the newspapers good money (expensive work, this advertising!) to tell the people that they have faith in what they sell, so much faith that if they can't benefit or cure they don't want your money. Their guarantee is not indefinite and relative, but definite and absolute—if the medicine doesn't help your money is "on call." Suppose every sick man and every feeble woman tried these medicines and found them worthless, who would be the loser, you or they? The medicines are Dr. Pierce's "Golden Medical Discovery," for blood diseases, and his "Favorite Prescription," for woman's peculiar ills. If they help toward health, they cost \$1.00 a bottle each! If they don't, they cost nothing!

Hot clam broth today, after 4 p. m., at J. O. Macks.

A fine lot of furniture going very low at Crandall & Burget's new store.

Old papers, suitable for carpets or shelves, will be exchanged for clean rags at this office.

Lost.

A gold watch charm with a small piece of chain attached, between J. P. McInerney and Lealis Butlers. A reasonable reward will be paid for return of same to Maier & Bentons.

For Rent.

The only 3-story, fire-proof brick building in the city. For further particulars inquire of Tom Kelly, at The Umatilla house.
